HOOVER BLAMED WITH LIABILITY FOR SUGAR GOUGE

Grand Jury Investigation Is Urged by Head of People's Legislative Service.

By United Press
WASHINGTON, March 22.—No justification exists for the recent increase in the sugar prices, Secretary Hoover declared today in announcing that he had asked the Federal Trade Commission to make an investigation of sugar prices.

"As I have repeatedly stated, there is no economic justification for the high price of sugar, as there is an estimated world surplus," the secretary asserted.

By Times Special
WASHINGTON, March 22.—Official inquiry into the half-million-dollar sugar gouge appeared almost inevitable today, following action of Basil H. Manley, director of the People's Legislative Service, who wired President Harding urging a grand jury investigation of the "sugar conspiracy."

Manley charged the Department of Commerce and Herbert Hoover with responsibility for starting the gouge.

With Manley demanding that Harding order the Department of Justice to seek indictments of those guilty of the conspiracy, developments came rapidly.

They were as follows:

Fear Exposure

Reports that sugar gamblers in New York had begun to fear exposure and indications that sugar prices would decline.

Exposure of additional propaganda from sugar gamblers in an effort to bolster up the weakening situation.

Intimation that thorough investigation will show New York bankers and American investors in the sugar industry planned to put over the big sugar gamble.

Possibility that Hoover would openly denounce the sugar gamble and also urge an investigation.

Have Taken \$15,000,000

Manley put before the President some of the information published in The Times about the sugar gouge and he declared the gamblers had already taken \$15,000,000 from sugar consumers and would take \$300,000,000 if not halted, and if their plan was successful they would rob the American people of \$500,000,000.

Hoover and his assistants are worried by these attacks, and that some action will be taken is now the impression.

Full details of the plot have not been exposed, but Government experts are agreed that the present price of sugar does not reflect the supply and demand.

AUTOIST, HURT IN CRASH, VANISHES

Police Seek Paul Canady After Accident.

After Paul Canady, 2517 N. Talbot Ave., was severely cut about the face in an automobile accident at Meridian and Twentieth Sts. at 1:50 a. m. today, according to police, an emergency squad investigating the crash was unable to find him at his home or the hospital.

J. P. Revel, 3037 Bellefontaine St., was in his car, parked on Meridian St., talking to D. K. Bash, 2006 N. Meridian St., when a car said to have been driven by Canady crashed into the rear of his machine. Both cars were badly damaged.

Revel and Bash said Canady told them the accident was his fault, then hurried south through an alley.

QUILT HOME; ROW ENDS

Two Families Upset in Dispute Over Bed Cover in City Court.

One quilt, cause of a family quarrel, once more is in the home of Mrs. Pearl Batchelor, 327 S. Alabama St. Mrs. Batchelor accused her sister-in-law, Mrs. Clara Peterson, 433 S. New Jersey St., of stealing the quilt. Mrs. Peterson and her husband insisted Mrs. Batchelor had given it to them.

When Mrs. Peterson was tried in city court on a charge of grand larceny her husband declared neither he nor his wife now wanted the quilt. Mrs. Batchelor did. So the quilt, evidence in the case, went back to its original home.

FORD RUNS 57 MILES ON GALLON OF GASOLINE

A new automatic vaporizer and Decarbonizer, which in actual test, has increased the power and mileage of Fords from 25 to 50 per cent and at the same time removes every particle of carbon from the cylinders is the proud achievement of John A. Stransky, 3649 South Main Street, Pukwana, South Dakota. A remarkable feature of this simple and inexpensive device is that its action is governed entirely by the motor. It is slipped between the carburetor and intake manifold and can be installed by anyone in five minutes without drilling or tapping. With it attached, Ford cars have made from 40 to 57 miles on one gallon of gasoline. Mr. Stransky wants to place a few of these devices on cars in the territory and has a very liberal offer to make to anyone who is able to handle the business which is sure to be created wherever this marvelous little device is demonstrated. If you want to try one entirely at his risk send him your name and address today—Advertisement.

Bulgin Bolts

By E. J. BULGIN

Evangelist at Cadde Tabernacle

God doesn't send you to hell. You put yourself there.

The man who says he doesn't need God, as he can save himself, is insulting the intelligence of God and trampling the blood of Jesus under foot.

I never want to be a rich preacher, but when I die I want God to say I have been true to His child, Jesus.

I can win my case before any twelve honest jurors that Jesus is divine and proved it by His resurrection from the dead.

Get away from the power of men in the church and get back to the authority of Jesus Christ.

I love to go to the millinery shop just before Easter and see what they are going to wear. I have seen everything on a hat but a sash, a pumpkin and a watermelon.

Jesus, our Saviour, always puts us on the main track.

An all-night taxi ride culminated in three arrests today.

According to statements made to Hensler by Ernest Matthey, Steel's chauffeur, Steel died while in his berth. The body was clad only in night clothes.

BULGIN EXHORTS HIS HEARERS TO THINK OF CHRIST

Indiana Needs Old-Fashioned Revival, Evangelist Says.

By THE VISITOR
Think seriously of Christ.

That was the wish of Evangelist E. J. Bulgin, expressed at the Cadde Tabernacle on Wednesday night in a sermon on "What Think Ye of Christ?"

"In this great jazz and money-mad world if we could get Indianapolis to sit down and think seriously of Christ, the purposes of this revival would be won in twenty-four hours," Dr. Bulgin declared.

Divinity of Jesus

Throwing down the challenge of one's personal idea of Jesus, the evangelist declared, he who thinks Jesus is man is ridiculous.

"If Jesus is a product of evolution, then why hasn't it produced another," he demanded. "There is only one Jesus. A man tells me he believes Jesus is divine and rose from the dead, but claims he will not join church because there are so many hypocrites there. A hypocrite is a counterfeit of the genuine. If you don't want to live with them in hell, you had better stand a few in church instead of running a chance of going to hell."

"The challenge is: 'If Jesus is man, then surpass Him. If God, obey Him. What Indiana needs more than anything is an old-fashioned Holy Ghost revival,' he said.

Congregation Kneels

Tonight Dr. Bulgin will preach on "The Philosophy of Prayer," or "Hindrances of Prayer Removed."

At the close of the meeting Wednesday night, Dr. Bulgin made a plea for those present to get down on their knees and pray for the "unsaved" in Indianapolis. Every one in the big auditorium knelt in prayer.

OHIO METHODISTS DISAPPROVE KLAN

Resolution Declares Aims un-American and un-Christian.

By Times Special
COLUMBUS, Ohio, March 22.—The social service commission of the Ohio Conference of the Methodist Episcopal Church today officially announced its disapproval of the Ku-Klux Klan.

"The aims and methods of this organization are believed by the commission to be essentially un-American, un-Christian and seriously detrimental to public good."

The body went on record as favoring "pure" Americanism.

"We deeply lament the appearance of a secret society pledged to secular religious, political and social ends by conspiracy."

A widespread disregard for law adds an ominous element to the situation already alarming. We believe that the Ku-Klux Klan accentuates these menacing conditions and we deprecate its appeal to class interest based upon and fostered by religious, racial and social prejudices," the commission's report read.

Tragedy Reveals Death Pact Between Two Women—Use of Narcotics Wipes Out Entire Family, Except One Son.

By United Press
CHICAGO, March 22.—The history of how all but one of a once prominent family have been wiped out through the drug evil, was revealed today with the murder of Mrs. Ella Woolson, 72, and suicide of her daughter, Mrs. Edna Robinson.

Notes found when police broke into the room where the two bodies lay told a death pact reached when the two women were to be separated because of use of drugs.

Mrs. Robinson had cut her mother's throat with a razor and then slashed her own.

Numerous tell-tale marks of the hypodermic needle were found on wrists of both bodies.

Authorities had insisted that the daughter leave her mother and spend all of her time at the Wesley Memorial Hospital in an effort to bring about a cure of the drug habit. The mother was to be taken to the home of her son.

The tragedy culminated years of struggle against narcotics.

Twenty-five years ago Mrs. Woolson's husband, Dr. Charles Woolson, a leading physician of Buffalo, N. Y., killed himself. His wife came to Chicago with her three children.

A few years later, Howard, the youngest, committed suicide.

Edna, the only daughter, married J. A. Robinson, a merchant. Their first child died, poisoned, from drugs through nursing at its mother's breast.

Robinson was sent to the Kankakee asylum a year ago, a maniac from the use of opiates.
