

GIGANTIC ARMOUR-MORRIS MERGER CONSUMMATED

WIDENING TO 200 FEET IS ORDERED IN FORTY-SIXTH ST.

First Step in Fairview Boulevard System Taken by Board of Works.

As the first step for an extensive boulevard system around the Fairview site of Butler University, plans for widening Forty-Sixth St. from Sunset Ave. to the Monon Railroad were being prepared by City Engineer John L. Elliott today.

The board of public works Wednesday issued an order to widen the street to 200 feet. Forty-Sixth St. will lead to the entrance of the university site and to the site of the proposed city lake in the White River lowlands.

The order was issued on recommendation of Mayor Shank, who wishes the lake project carried out.

Against Bus Line
After a discussion late Wednesday with Charles E. Coffin, president of the board of works, Mayor Shank expressed the opinion that an auto bus line, as proposed by J. E. Morant, president of the Metropolitan Bus Line Company, would not meet approval of the city administration.

The board adopted this resolution for permanent improvement: Hamilton Ave., Brookside to Massachusetts Ave.; Harrison St., Pine to Shelby St.; Taylor St., E. Garfield Dr. to Shelby St.; Winter Ave., Roosevelt to Bond Ave.; Newland Ave., Parker Ave. to Dyer St.; first alley east of Temple Ave., Michigan to North St.; first alley west of Fayette St., North to Adams St.; first alley west of Kentucky Ave., Thirty-Second to Thirty-Third St.; first alley north of Pratt St., Illinois St. to Capitol Ave.; first alley south of Lexington Ave., Shelby St. to State Ave.; first alley east of Jefferson Ave., between first and second alleys north of Twelfth St.; first alley east of Carrollton Ave., Fairfield Ave. to Twenty-Sixth St.; first alley east of New Jersey St., Thirty-First to Thirty-Second St.

Accepts Resignation
The board accepted the resignation of Delbert Brillhart, foreman in the asphalt department.

On recommendation of Elliott the board will notify twenty-eight contractors who have been doing city paving to repair streets they have under way before starting on new contracts.

Prowler Is Persistent
Three times in the last three nights a prowler attempted to open windows at the home of Dr. C. M. Clayton, 1318 E. Tenth St., he told police today. Maurice Cordell, 1322 E. Tenth St., saw the prowler Tuesday night. He told police the man was white, weighed about 175 pounds and was 5 feet 10 inches in height.

CHARGE PLOT TO KEEP GARY WET

tions. As a result Elliott had far more success with Johnson than with Blaz Lucas the night before.

Mrs. Johnson, her face pale, drawn and tense, sat quietly through the long grilling of her husband, watching every move intently.

Johnson testified he ordered police to arrest all law violators and had done all he could to enforce the law.

294 Soft Drink Parlors
On cross-examination he admitted there are 294 soft drink parlors in Gary.

"Is it not a matter of general information that intoxicants are sold at almost all soft drink places?" Elliott asked.

"Not to my knowledge," Johnson answered.

Elliott spent considerable time examining Johnson as to his stormy meeting with Bert C. Morgan, Federal prohibition director for Indiana, at Gary last September. Johnson said he told Morgan he would have done better by coming directly to the police department rather than to get "outside help from persons who did not have the best interests of the city at heart."

Admits Lack of Knowledge
Elliott then drew from Johnson the admission that Morgan listed some law violators about whom the mayor knew nothing.

"Then when you told Morgan you knew as much about Lake County as any one, you did not have in mind this additional information Morgan had?" Elliott asked.

Johnson, after being pressed, said he did not.

The mayor said that when Federal officers arrested a large number of defendants in the present case last year the first thing they were asked on being taken to Hammond for arraignment before a United States commission was, "Are you a friend of the mayor?"

Under severe cross-questioning Johnson admitted that when newspaper reports of law violations in Gary were printed last year he attributed the articles to personal animus against himself. He said he had instructed the chief of police to investigate all places named in the articles. He finally admitted that of

Consolidation of Two Firms Involves Purchase Price of \$57,000,000.

By United Press
CHICAGO, March 29.—Merger of Morris & Co. and Armour & Co. into a \$57,000,000 packing concern, the largest in the country, was officially completed today.

The purchase price was announced as approximately \$27,000,000. Refinancing, in addition to that already effected, is provided.

Consolidation of physical assets of the companies began about two weeks ago.

In addition to other final details agreed upon, Armour & Co. will take over Morris employees and make good their pension rights.

Scene Picturesque

Signing of the final papers was picturesque. More than one hundred men, financial and industrial leaders of the Middle West, gathered in offices at the Continental and Commercial Bank, stepping forward one by one to attach their name to the mass of documents.

The scene was given an aspect of the dramatic when Mrs. Francis Nelson, widow of Edward Morris Sr., advanced through the haze of cigar smoke and signed.

J. Ogden Armour, the first to sign, left immediately for California to rest after months of strenuous work in effecting the unprecedented deal.

Concern Recapitalized

In addition to the payment to Morris & Company of \$27,000,000 in cash and Armour stock at intervals, the plans call for a recapitalization of the North American Provision Company with \$10,000,000 preferred and \$30,000,000 common stock to be owned by Armour & Company of Delaware, except \$5,000,000, which will cover a like amount of Armour preferred. The funded debt of Morris & Company will be assumed by the North American Provision Company.

Payments to Morris interests are to be made as follows: \$2,700,000 cash; \$5,000,000 in preferred stock of Armour & Company of Illinois at par, and \$10,000,000 in class X-25 common stock of Armour & Company of Illinois, at \$5 a share.

Nelson Morris, chairman of the Morris concern, is understood to be planning entry of the banking investment business here.

Muskegon, Michigan.—"After doctoring for eight or nine years with different physicians without any relief at all, they said that medicine would not reach my case and I should have an operation. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it in the papers."
