

# BULGIN PREDICTS SECOND COMING OF CHRIST SOON

Wars and Influenza Epidemic Cited as Signs by Evangelist.

All prophecies in the New Testament point to the second coming of Christ soon, declared the Rev. Dr. E. J. Bulgin in a sermon Sunday night before 8,000 people at Cadle Tabernacle.

Some of the signs fulfilled are the presence of the anti-Christ wars and rumors of wars, and a mighty pestilence, the influenza, the evangelist declared.

Churches in Indianapolis are in a rut, which is an elongated grave, he said. Too much church and not enough Christianity is their weakness, Bulgin said.

"Just One at a Time"  
"I did not come to Indianapolis to attack any church, however," Bulgin said. "I am here to help any one join any church he wants. I only ask a man to join one church at a time."

The text was from second Kings: "This place is too straight for us," and was used by the speaker to illustrate growth and life in churches.

Part of the religious stagnation prevalent, the speaker said, is due to absence of the Bible from homes and schools.

**Death in Ministry**  
"The day is gone when the Bible was studied in the home," he said.

"The altars are down and there is a dearth in the ministry today because mothers urge their sons to be lawyers or Senators."

"People say they don't want to be Christians because they don't understand God. General Grant never stopped to explain each order to each soldier. When his orders were 'March!' the soldier didn't have to know what it was about and why."

Christianity is a simple every-day thing, the speaker said. "To be a Christian a woman does not have to be a public speaker. Neither does it require the sacrifice of an eye or the hair, but it does require prayer."

**125 Go Forward**  
"You had better get down on your knees and pray each morning before you go to work."

A hundred "hit the sawdust trail" in the afternoon meeting and about twenty-five at the night service. Children's meetings will be held each afternoon after school except Thursday, it was announced. This is the last week of the revival.

## 'EDUCATION ONLY CASTE'

Dr. R. J. Alek Forecasts Tremendous Growth in Colleges.

"We have 700 Indianapolis boys and girls in Butler," Dr. Robert J. Alek, president of the university, said in an address Sunday night at the Meridian Heights Presbyterian Church.

In America there is only one kind of caste and only one form of aristocracy—that of education, backed by endeavor, he said. Alek predicted a tremendous growth in college enrollment and urged better college facilities.

**Woman Held in Theft**  
Catherine Morrissey Kerriacos, 21, of 1806 Ludlow Ave., is under arrest on charges of vagrancy and grand larceny. Albert Wormser, 3630 Central

Ave., called police Sunday night and told them \$35 was missing. Police say

Miss Kerriacos admitted taking the money.

# Syrup Pepsin Loved By Hosts of Babies

Half a teaspoonful will make a fretful youngster happy and playful

ANY FAMILY MAY TRY IT FREE

THE mother has her choice of many remedies for her baby's minor ills, but she should be careful which remedy she selects lest she do the child harm. What might be safe for herself may do injury to an infant.

You will find that if the little one cries and doesn't want to play that its bowels are constipated. First look carefully to the diet and give the child one-half teaspoonful of Dr. Caldwell's Syrup Pepsin. You will then see results in a few hours. You will not have to force it on babies or children; they actually ask for it, it is so pleasant-tasting and free from gripping.

Dr. Caldwell's Syrup Pepsin is a compound of Egyptian senna and pepsin with agreeable aromatics. The ingredients are stated on the package. It is a mild, gentle vegetable laxative that everyone finds effective and pleasant. It is better for you and yours than purgatives, coal-tar drugs, or salt

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try Syrup Pepsin. I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. B. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

waters and powders, which may concentrate the blood and dry up the skin; or mercurial calomel, which may salivate and loosen the teeth.

Use a safe laxative like Syrup Pepsin, and especially for the children, for invalids, growing girls, nursing mothers, elderly people, and persons recently operated upon who need bowel action with the least strain. Mrs. Lillian Brennington of Woodruff, S. C., always gives her children Dr. Caldwell's Syrup Pepsin, and Mrs. A. E. Blondin of Muskegon, Mich., will not have any other laxative in her home. Your druggist will supply you, and it only costs a cent a dose. Try it in constipation, colic, biliousness, flatulency, headaches, and to break up fevers and colds.
