

HOGUE SAYS HE BELONGS TO 'ALL'

Officials Listed by 'Tolerance' as Klan Members.

"I am a member of everything but the Grand Army of the Republic and I can't get into that," said City Controller Joseph L. Hogue today in commenting upon publication of his name in the magazine "Tolerance" as a member of the Ku-Klux Klan.

Albert H. Loeche, county clerk; George O. Hutsell, executive secretary of the board of public works, and Clifford C. Keating, attorney for the city board of health, included in the list, said they had no statement to make. State Treasurer Orr J. Davies and Coroner Paul F. Robinson, who were listed, could not be reached.

Lad, 3, Takes Long Walk
A 3-year-old boy became tired of

waiting in an automobile and started for a walk Thursday night. Patrolmen Van Sickle and Coppes found the boy walking on Thirtieth St., near Dearborn St. The adventurer is the son of Lewis Pointer, 436 W. Thirtieth St.

CROUP
Spasmodic Croup is frequently relieved by one application of—
VICKS VAPORUB

TIRED, NERVOUS MOTHERS

are the direct cause of much unhappiness in our homes; their condition irritates and wears upon the husband and often ruins a child's disposition. This condition of the mother is often due to some weakness which makes her entirely unfit to perform her household duties and bear the strain upon her nerves that governing children involves. Every woman who finds herself in this condition should remember that statistics prove that 98 out of every 100 women who suffer from female ills are helped by Lydia E. Pinkham's Vegetable Compound, and lose no time in giving it a fair trial—Advertisement.

What Do You Know About Electricity?

There are hundreds of ways in which electricity can be harnessed to perform household tasks.

A handsome new 9-room residence is being prepared as an exhibition building to show you how electricity can modernize your home.

The residence designed and built by Taylor C. Power, furnished by Banner Furniture Co., curtains and draperies, C. B. Howard Co.

CHEAPER ELECTRICITY

C. C. Perry Predicts Production Costs Will Be Reduced.

Cheaper ways of producing electric current are in sight in the opinion of C. C. Perry, president of the Indianapolis Light and Heat Company.

Perry addressed the commercial section of the Indiana Electric Light As-

sociation at the Lincoln Thursday night. He said machines are being developed that will mean reduction to consumers.

Earl L. Carter, chief engineer of the public service commission, explained new rules for rural electric service. W. H. Morton of the Sanborn Electric Company, spoke on "The Electric Home."

Prowlers Get Away
Two suspicious looking men seen prowling around the Standard Oil filling station at Illinois and Sixteenth Sts., Thursday night, disappeared before police arrived. Herman Robinson, 1208 St. Paul St., manager of the station, gave police a good description of the prowlers.
