

HOSPITAL DAY TO BE OBSERVED WITH SPECIAL PROGRAMS

Reunions Planned by Institutions—Nurses Will Be Graduated.

Mothers with babies born at the Deaconess hospital will hold a "reunion" Saturday, National Hospital Day, R. W. Thompson, general manager of the hospital and Indianapolis chairman for the day, announced today.

Children born at the City hospital also have been invited to return for a visit Saturday. The hospital will be open to the public from 2 to 5 p. m. Demonstrations of nursing methods will be given.

Mayor Shank has asked citizens of Indianapolis to observe the day in appropriate manner.

Demonstrations in the teaching of nurses and in diet will be given at the Robert W. Long hospital. The social service department will hold a reception, in charge of Miss Talitha Gerlach.

The Methodist hospital will have open house and exhibits of dietetics and laboratory facilities, including complete X-ray equipment.

A class of thirteen nurses will be graduated at St. Vincent's hospital Saturday evening. Speakers will be the Rev. Father Maurice O'Connor, of the Catholic Community Center, and Dr. David Ross. Visitors will be welcomed during the afternoon.

Sunnyside sanatorium will observe Hospital Day by the dedication of three new buildings Sunday afternoon. St. Francis hospital, Beech Grove, will hold open house Saturday.

DETECTIVES SEIZE 'DOPE' RING CLEWS

Three Held as Suspects When Morphine Is Found.

With the seizure of \$300 worth of morphine tablets and other "dope" equipment, an automobile equipped with a strong spotlight on the floor said by detectives to be used for measuring out the dope without detection, Detectives Roache and Foster believe they have cleaned up another "dope" gang.

Bertie Hicks, 30, and James Scott, 21, of 2135 E. Michigan St., were arrested when this loot was taken, and held under high bond for Federal authorities.

Both men were taken into custody after they visited Everett Scott, same address, arrested last week as a pick-pocket and "dope" suspect. At that time officers could not locate the plant.

Detectives say all the articles found were stolen except the automobile.

BAILY IS FIRM HEAD

Varney Company Announces Election of President.

George Baily, supervisor of distributing agents of the Westinghouse Electric and Manufacturing Company, has been elected president of the Varney Electrical Supply Company of Indianapolis, it was announced today.

Baily, a native of Baltimore, Md., has been engaged in construction, contracting work and salesmanship since his graduation from Lehigh University in 1904. He was a major in the engineer officers' training camp during the World War.

Laundry Owners Meet

By Times Special
SOUTH BEND, Ind., May 10.—C. P. Lelinger, Cleveland; W. W. Godfrey, Indianapolis; J. M. Thacker, New York; and C. M. Loney, Gary, were speakers at the annual convention of the Indiana Laundry Owners' Association Wednesday. C. J. Elchel, president, will make the annual address.

Bridge Burns Out

By Times Special
WASHINGTON, Ind., May 10.—Traffic on the local division of the Big Four was affected temporarily when the pier of the bridge between Rosebud and Elberfeld burned.

Christian Science Lecture
A free lecture on Christian Science will be given by A. Hervey-Bathurst, C. S. B., at B. F. Keith's theater Friday at 12:15 p. m. The Third Church of Christ, Scientists, of Indianapolis, announced today.

Air Traffic Jam Cause of Cold Wave

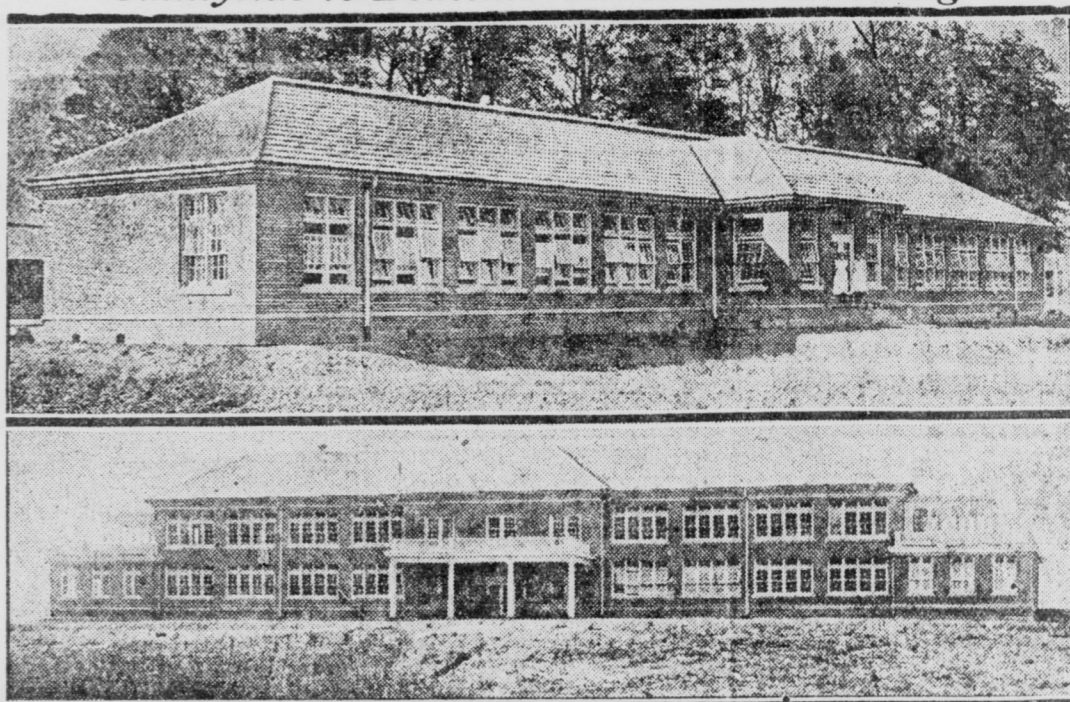

By United Press
WASHINGTON, May 10.—A strange traffic jam of air currents in the northern hemisphere threatens recurrence of the cold wave. Weather Bureau officials stated today.

Polar air currents, similar to the one which has just spread a "May winter" over eastern and mid-western States, blocked from traveling their usual paths across northern Canada are sweeping far to the south over the United States, skirting the outside edges of the jam.

The jam is caused by a virtual stagnation of the areas of high and low pressure which cause the changes in weather. Out in the Pacific Ocean one storm has been chasing its tail for weeks without moving its center, because it is blocked.

Whether the jam can be blamed on the strike of the sun, which has lain dormant for the past few days, depriving the earth of about 4 per cent of its accustomed heat, Weather Bureau officials refuse to say.

Sunnyside to Dedicate Three New Building

Bed capacity of Sunnyside Sanatorium will be increased ninety-two when three new buildings are dedicated Sunday afternoon. The structures cost \$140,000, not including equipment. Accommodations for forty-four are included in the children's new building. The men's and women's buildings have room for twenty-four beds each. All are fireproof.

Lodges, labor unions, clubs, churches, county, city and State officials will participate in dedication exercises.

The Union Traction Company will run special cars to the hospital, leaving the Terminal Station at 2 p. m. Sunday. Special bus services also will be provided. The public is invited.

Indianapolis to See Riley's Favorite Poem in Movie Form at Palace Theater

By WALTER D. HICKMAN

JAMES WHITCOMB RILEY'S best known poem, "An Old Sweetheart of Mine," has been made into a movie feature.

Herb Jennings has booked this movie at the Palace for a four-day run beginning on Thursday afternoon, May 17, as a token of appreciation of the current Riley Memorial Hospital drive.

I have always thought that this poem was Riley's best known and best loved poem. It is the sort of a poem that a person can read at least once every week and still find something new and soothing in it.

Metro is releasing this poetic photoplay. The screen adaptation was made by Louis Duryea Lighton and the picture is a Harry Garson production.

The complete cast is as follows: John Craig, as a boy; Pat Moore, John Craig, as a man; Elliott Dexter, Mary Ellen Anderson, as a girl; Mary Ellen Anderson, as a girl; Mary Jane Irving, as a girl; Edna Eddy, as a girl; Turner Savage, as a boy; Lloyd Whitlock, as a boy; Irene Ryan, as a girl; Barbara Worth, as a girl; Arthur Hori, as a boy; Frederick McCann, as a boy; William Norton, as a boy; Jean Cameron, as a girl.

At Local Theaters
Today and Rest of Week
Eddie Foy and numerous members of his family open a four-day engagement this afternoon at the Palace.

Tom Powers continues to gain increased approval for his work in "Mr. Pin Passes By," the current Walker offering at the Murat.

At English's this week, Miss Jean Oliver is increasing her following by her excellent work in "The Goldfish."

The movies on view today include: "Souls For Sale" at the Ohio, "What a Wife Learned" and the Indianapolis travel movies at the Circle, and "Snowdrift" with Buck Jones at Mister Smith's.

The Rialto this week is offering a new musical comedy and movies.

The Drama League to Entertain Walker
The Drama League today made the following announcement:

"The Drama League will close its season with a reception for Stuart Walker and his company of players in the sculpture court of the Art Institute on Friday afternoon, at 4:30. Mr. Walker has just opened his seventh season in Indianapolis with a most flattering response from the public. The Drama League contains

many of his personal friends and admirers, who will take this opportunity to express to him and his excellent company their regard and good wishes.

"It will add much pleasure to the summer season to meet these artists, who contribute so much to the cultural life of our city, especially in what would otherwise be a dull season."

"Mr. Walker will give one of his interesting talks."

"The general arrangements will be in charge of John T. Wheeler, chairman of the social committee. For the convenience of the members, the hosts and hostesses will be divided into three groups: Group one, Mrs. Frank Wampler, Mrs. Merritt A. Cotter, Mr. Sidney F. Dally, Mrs. Theodore Vonnegut; group two, Mr. William N. Otto, Mrs. Kate Minor Kabb, Mrs. Perry H. Blue, Mr. and Mrs. Charles Rush; group three, Mrs. S. E. Perkins, Prof. and Mrs. R. A. Talcott, Mrs. Elizabeth Watson Hughes, Mrs. A. D. Hitz and Mrs. Carlos Recker will preside over the tea table, assisted by Mrs. F. Ellis Hunter, Miss Ruth O'Hair, Mrs. Ruth Allen, Miss Elizabeth Brayton and Miss Marguerite Orndoff."

Stamp Printing Charge
Nathan Goldman, 1311 Union St., entered a plea of guilty to counterfeiting strip stamps for bonded liquor, before Judge Albert B. Anderson, in Federal Court today. Goldman was arrested by the sheriff of Jasper county at Rensselaer June 30, 1922. In his automobile were found a quantity of whisky and fifty-one strip stamps, authorities say.

China reports an increasing number of marriages between Chinese men and Russian women.

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and I could not get up. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was crying for. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my household work for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

Many letters similar to this have been published testifying to the merit of Lydia E. Pinkham's Vegetable Compound. They are sincere expressions from women who describe as best they can their feelings before and after taking this well-known medicine.

STATE REQUIRES MONEY
County treasurers were requested by the State board of finance to make advance payment on spring taxes, in letters mailed today by Robert Bracken, State Auditor. Treasurers are instructed to make payment of one-half of receipts for the State's revenue and institutional fund on or before May 16. Payments originally are not due until June 30. Bracken estimated the advance payments would bring about \$1,250,000 into the State treasury.

CITY PLANS HIGH SPEED ROADS TO HANDLE TRAFFIC

Major Thoroughfares Will Be Used in Project—Three Highways Proposed.

Automobiles will speed through Indianapolis on special high-speed tourist roads on which slow-moving traffic will not be permitted, according to plans being considered by the city plan commission, Lawrence V. Sheridan, secretary, announced today.

The plan is part of the major thoroughfare plan of the commission. The National road, bisecting the city east and west, will be considered first under the new plan. The road would be made a high-speed thoroughfare between Irvington and Cumberland and would be beautified, Sheridan said.

A middle road would be devoted to through traffic, with outer roadways for trucks and other slow-moving vehicles.

The commission plans to develop other highways into the city along the same lines.

Philadelphia and other eastern cities have tried the system successfully.

ENGINEER SPEAKS TO BOX MAKERS

National Convention Will End Friday.

William Baum, nationally known engineer, today addressed 300 delegates to the fifth annual convention of the National Paper Box Manufacturers' Association in the Manufacturers' Building at the State Fairground on "High Wages, Increased Production and Lowered Production Cost."

James L. Kallien, 2444 Park Ave., secretary-treasurer and manager of the Indianapolis Paper Package Company, was elected chairman of the western division, and Joseph H. Cochran of Des Moines, Ia., vice chairman, late Wednesday.

The afternoon was devoted to visiting exhibits of the National Trade Exposition. A chicken dinner, by courtesy of the National Paper Box Supplies Association, will be given tonight.

National officers will be elected on Friday night. The convention next year will be in Detroit. The convention will close Friday night with a banquet and entertainment at the Claypool.

China reports an increasing number of marriages between Chinese men and Russian women.

CHANGE OF LIFE LOSES TERRORS

For Women who Rely upon Lydia E. Pinkham's Vegetable Compound

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and I could not get up. City Has New Bank Head 26 Years Old

CLYDE E. ROBINSON

The Marion County State Bank today was operated by one of the youngest bank presidents in the country, Clyde E. Robinson, 26. He succeeded John Duvall, who resigned. Duvall will become county treasurer Jan. 1. Robinson had been cashier for several years.

Ford Runs 57 Miles on Gallon of Gasoline

A new automatic Vaporizer and Decarbonizer, which in actual test has increased the power and mileage of Fords from 25 to 50 per cent and at the same time removed every particle of carbon from the cylinders is the proud achievement of John A. Stransky, 3201 South Main Street, Pukwana, South Dakota. A remarkable feature of this simple and inexpensive device is that its action is governed entirely by the motor. It is slipped between the carburetor and intake manifold and can be installed by anyone in five minutes without drilling or tapping. With it attached Ford cars have made from 40 to 57 miles on one gallon of gasoline. Mr. Stransky wants to place a few of these devices on cars in this territory and has a very liberal offer to make to anyone who is able to handle the business which is sure to be created wherever this marvelous little device is demonstrated. If you want to try one entirely at his risk send him your name and address today.—Advertisement.

Other Fellows Were Athletes

I Was a Weakling

Pale And Scrawny With Flabby Muscles—A Physical Failure

—Today I Have Outdistanced Them All And Have Muscles Like Iron Because I Have Learned The Secret Of The Difference Between Strong And Weak Men

life, all depend upon the strength and nature of the millions of cells that compose your body and brain—that the physical strength of these cells depends absolutely on the food you eat, that is, the material with which they are built, just like a house that is built of bricks and mud is not so strong as one built of stone and iron. The most important element in building strong, forceful cells is a peculiar form of iron found in the husks of grains and the peels and skins of certain fruits and vegetables, but modern methods of cooking throw these important things away so that today probably not one person in twenty has 100 per cent iron in his body. I at once tried mixing a little of this peculiar form of iron with my daily food to help build strong, iron-like cells. I am already astonished at the increase in my health, energy and endurance for I know I have learned a vital secret of great physical power and strength.

The above is a typical hypothetical case, and it would seem that every man, no matter what his age, who wants to increase his strength and bodily powers, would try adding a little of this newer form of iron to his daily meals. Thousands of others have attested surprising results in even two short weeks. It has been widely prescribed by physicians everywhere. This newer form of iron is comparatively inexpensive and may be obtained from your druggist under the name of Nuxated Iron, to be mixed with your food as directed on every package. Do not make a mistake and get one of the old forms of metallic iron instead of Nuxated Iron, which is a totally different thing.

Try making this slight change in YOUR MEALS for two weeks and watch what astonishing results it so often gives.

"For years I was such a weakling that the other boys always bullied me and laughed when I tried to make any of the athletic teams. Just a few weeks ago I read an article in the paper by Jack Kearns (Manager of Jack Dempsey, World's Heavyweight Champion), which told how a slight change in the daily diet often helps to build up rugged strength and power. He stated that science has now proved that your real strength, energy, and endurance, that mysterious force that enables you to dominate and conquer others and win a easy way of
