

BILL TO INCREASE CITY PAY ROLL IN COUNCIL'S HANDS

Ordinance Would Add \$90,000 Yearly to Wages of Employees.

An ordinance providing a general increase for city employees amounting to a total of about \$90,000 a year is in the hands of the city council.

Following a misunderstanding among city officials whether this ordinance, which carries the total increase recommended by a committee that recently met in a series of wage-adjustments conferences, or an ordinance providing for city laborers only, would be sent to the council, the former was introduced at a special meeting Wednesday night.

Technicality Prevents Change

It is understood the council asked for an ordinance for laborers only. According to an opinion of the legal department, the old salary code could not be changed in this way.

No action was taken. John E. King, council president, said the matter would be taken up fully later.

Zone Law Amended

Citizens living on McPherson Ave. and Thirtieth St., between Forty-Sixth and Forty-Ninth Sts., won a several months' fight when the council amended the zone law, preserving their neighborhoods as residence districts.

An ordinance was introduced removing the time limit on the use of silent police in front of any establishment. About 100 business men recently presented a petition asking for a change, as the time limit of three hours a day was too short and was damaging business.

He dragged her to the lumber yard, took her purse containing \$3 and threw back a 50-cent piece, which was found the next day, they say. Sparks was identified by Miss Waite, detectives said.

TERRE HAUTE, Ind., June 7.—J. Arthur West, alleged bigamist, acting as his own counsel in city court, made a bad job of it. He not only aroused merriment by the farcical conduct of

the trial, but got himself a sentence of from two to five years in the Michigan City prison.

According to evidence, West married Miss Virginia Schafer, daughter of a wealthy Chicago man, when he had a wife and three children at Carmi, Ill. The girl attempted suicide when West deserted her, evidence showed.

Prove splendid laxative properties of Dr. Caldwell's Syrup Pepsin by test

ASCIENTIFIC test has now proven what Dr. Caldwell of Monticello asserted many years ago, that constipation will slow you up fully 25 per cent. The test was made by

Dr. Donaldson of Loma Linda up on four men in the prime of life who deliberately went without a bowel movement for four days. Within 48 hours the men had coated tongue and foul breath, cankers in the mouth, no appetite, restless sleep, indigestion, headache, depression, nervousness, cramps. The blood pressure was up 28 per cent. It is just this that Dr. Caldwell has preached to his patients in private and to the public through the printed word ever since he began the practice of his specialty, diseases of the stomach and bowels, back in 1875.

After observing for years the satisfactory effect of his prescription for constipation, he placed it in drug stores in 1892, a simple vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, now
