

BURGLARS VISIT MANY HOMES--WATCHDOG AMONG LOOT

Eccentric Caller Enters
Woodruff Place Residences.

An eccentric burglar entering two homes in Woodruff Place early today not only robbed sleeping residents, but stole Jerry, an Irish terrier watch dog, took suspenders from a pair of pants and then escaped as Mrs. Margaret Kenny, 960 W. Drive, gave the alarm.

Activity of burglars was reported to police from all parts of the city. Mrs. Kenny said a flash of light awakened her at 2:30 a. m. "When I saw the light a second time, I knew it was a burglar," she said.

"Get out of here," I ordered. "He ran downstairs."

The burglar had ransacked rooms in the lower part of the house. Change amounting to \$150, and a watch valued at \$35 were missing from some clothing.

Makes Another Call
That the burglar who entered the home of Mrs. Kenny also visited the residence of Walter Carpenter, 926 W. Drive, was not known until later.

Entrance was gained to the Carpenter home on a ladder being used by painters. Carpenter discovered his trousers looted and \$5 missing. A watch in his vest pocket was overlooked. The burglar thoughtfully laid keys and other objects not wanted on the window sill.

Burglars entered the Carton and Doyle grocery store, 343 E. South St., by breaking a glass from the side door early today. The thieves obtained \$5 and a supply of cigarettes, chewing gum and candy valued at \$5.

Skeleton Key Used
Mrs. Nellie Farr, 919 Massachusetts Ave., today told police she left home Saturday and returned Monday night. While she was gone a thief used a skeleton key to enter her flat. Clothing valued at \$40 was missing.

Thieves obtained a supply of groceries by forcing a window in the warehouse of the Grocers Supply Company, 214 W. McCarty St. The loot included seventy-five pounds of coffee, seventy-two cakes of soap, two dozen boxes of matches and two dozen cans of milk. A. H. Disler discovered the robbery.

MRS. ROGERS HORNSBY FILES SUIT FOR DIVORCE

Wife of St. Louis Cardinals' Second Sacker Alleges General Indignities in Her Complaint.

By United Press
ST. LOUIS, June 12.—Mrs. Sarah E. Hornsby, wife of Rogers Hornsby, star second-sacker of the St. Louis Cardinals, late yesterday filed suit for divorce in the Circuit Court here, charging general indignities.

Mrs. Hornsby, in her petition, states she was married to Hornsby in Philadelphia, Sept. 23, 1913, and separated from him in St. Louis, Dec. 27, 1922. She also charges her husband was quarrelsome and refused to take her to places of amusement and was indifferent to her. She asks alimony in a lump sum and the custody of their son, Rogers Hornsby, Jr., 2 1/2 years old.

Hornsby entered a general denial. Mrs. Hornsby went to California five months ago, immediately after she had "learned what was going on," she said in a recent interview. At the time she intimated her divorce action would be closely associated with the hearing on the divorce case of Mrs. Jeannette Pennington Hine, in which Hornsby's name was mentioned as the author of a love note to Mrs. Hine.

Shortly after the note was made public, Hornsby denied all knowledge of it. He asserted he had nothing to say in regard to the note, but he would defend himself when the matter was brought up again. The note, which contained endearing terms, and was signed "Rogers," was alleged to have been posted at Bradenton, Fla., the spring training camp of the Cardinals.

Neighbors rushed to the filing station and fire extinguishers put out the flames on Johnson's clothing. A woman is said to have wrapped an expensive cape around the injured man. He was taken to St. Vincent's Hospital.

Bolder recovered quickly from the gas fumes. Several thousand gallons of gasoline in large tanks under ground at the filling station were not threatened by the explosion.

PICTURE OPERATORS MAY PICKET SHOWS

Labor Union Denounces Sunday Amusements—Defiance of Ordinance Threatened.

Members of the Motion Picture Operators Union today threatened defiance of the anti-picketing ordinance. Arthur Lyday, organizer for the Union, following passage of a resolution denouncing Sunday amusements by the Central Labor Union Monday evening, declared the expression was directed against non-union movie houses. The union recently caused the arrest of managers and employees of several non-union theaters on charges of violating the Sunday law.

"Picketing is against the law," said Lyday. We aim, however, to use pickets Sunday. "The men probably will be arrested, but it will look queer to see men arrested for violation of the law in picketing and the owners of the houses not to be arrested for operating their houses on Sunday."

The Central Labor Union voted to send twenty-five boys to the Riley Hospital benefit game this afternoon. The proposed action of the county commissioners in lowering the salary of Dr. Harold S. Hatch, head of Sunnyside Tuberculosis Sanatorium, was condemned by the labor body. Work of Dr. Hatch was praised by members of the organization. Several union men have been taken care of at the institution, they pointed out.

Dissatisfaction was expressed on the difficulty of getting patients into the institution by John Smith of the stage hands. Resulting from his discussion a committee was appointed to interview county commission on the proper way to gain admittance to the sanatorium. The committee: Henry Friedman, chairman; Frank McKamey, John E. Smith, Milton N. McCord, L. A. Barth, secretary of the Central Labor Union.

COURT HOLDS U.S. RAILROAD BOARD AS ADVISORY BODY

Judge Moll Denies Monon Employees Have Right to Increase Ordered.

A ruling that the United States Railroad Labor Board is an advisory body only was given this morning by Judge T. J. Moll, of Superior Court, Room 5.

Judge Moll today sustained demurrers by the Monon Railroad to law suits brought by four employees, to collect back pay totaling \$5,500 claimed by them as due under an order of the board July 20, 1920, and which the Monon refused to pay, according to the complaint.

"If there were a statute in existence authorizing the board to fix the wages of the employees of the Monon, it would be in conflict with the Fifth Amendment to the United States Constitution, in that it would take property of the railroad without due process of law," the demurrer upheld by the judge, stated.

Plaintiffs were William Motley, a boiler washer, and Frank Darby, William Jackson and Grover Goodman, stationary firemen, who insisted that the railroad refused to put into effect increases of 9 to 14 cents an hour ordered for them by the board.

"I was informed that approximately 1,000 more Monon employees have similar actions against the railroad if these, which probably will be appealed to the Supreme Court, are successful," said Judge Moll.

MUSEUM GETS OLD GUN

State Given Firearm Once Owned by Benjamin Harrison.

The latest acquisition to the State museum, according to William H. Harrison, executive director, is a charge-barreled muzzle-loading shotgun which once was the property of President Benjamin Harrison.

The gun was bought of Harrison in 1853 by William H. Ermentraut by the latter's father. It weighs slightly less than fourteen pounds with the powder horn.

Considering its extreme size and the fact that it is eight-gauge, two sizes larger than the ordinary shotgun, it probably shot in two directions, Hersman said. It is the gift of Mrs. Lulu Ermentraut, a descendant of the original owner.
