

PARENTS PROTEST AGAINST TRANSFER OF SCHOOL HEAD

Petition to Retain No. 16
Principal Is Circulated
After Meeting.

For seventeen years Mrs. Maude Moudy was principal of Public School No. 16, Bloomington and Market Sts. She became an important factor in the community life. Last week she was transferred to School No. 58, E. New York St. and Linwood Ave., by the board of school commissioners. Pupils of School No. 16, from the smallest tot in the primary grade to the oldest child, their parents and, in fact, practically every member of the community do not intend to see their beloved principal transferred to another part of the city without putting up a battle.

400 Sign Petition

A petition, signed by more than 400 persons, protesting against the change will be presented to the school board at its next meeting, June 26. The delegation will be headed by Mrs. Ada Howard, 1308 W. Washington St., and Mrs. Emma Free, 22 N. Bloomington St. About forty parents of school children, accompanied by dozens of pupils of Mrs. Moudy, gathered at the school Tuesday night. No formal meeting was held, but petitions were circulated in the neighborhood and 400 names were obtained.

Girl Takes Electrical Course at Harvard

Miss Katherine H. Shea, honor grad of Barnard College, is to enter Harvard School of Engineering in the fall. She is specializing in electrical engineering. Miss Shea was awarded a scholarship to the big eastern university.

of this section of the city," Mrs. Free said. "If we lose her No. 58 will get a wonderful woman," said Mrs. Howard.

Recall Flood Incident

Men and women stood about in groups and told of the March day in 1913 when the flood waters came pouring over the banks of White River how Mrs. Moudy stuck to her post, gathered her pupils about her in the school building and remained there all night, making sure of the safety and comfort not only of her pupils but of many families who sought refuge at the building when the flood drove them from their own homes.

"The next day she was taken out of the building on top of a moving van," one parent said. "Mrs. Moudy's transfer to No. 58 generally has been regarded as a promotion. Miss Elsa Huebner, president of the Indiana Federation of Teachers, formerly principal at Public School No. 9, was named by the board to succeed Mrs. Moudy at No. 16."

WOMEN TALK ECONOMY

Budgeting the exchequer will be the principal discussion at a meeting of newly-fledged housewives to be held Wednesday, July 20, at the Fletcher Savings and Trust Company, under the direction of Miss Elizabeth L. Cowan, head of the home economics bureau and chairman of the State thrift committee of the Indiana Federation of Clubs.

The discussion will be limited to the question of buying clothing with a small income. Means of providing food for a family on a small income were talked over at a meeting on Tuesday.

Thought End Was Near, Declares B. W. Brown

Suffered So Long From
Stomach Trouble, He Had
Given Up Hope—Tried
Tanlac And Is Now Re-
stored To Perfect Health,
He States.

"Well, sir, I just wish I could tell every one in this city what Tanlac has done for me," said B. W. Brown, 306 South 4th St., Terre Haute, Ind. "I could praise Tanlac all day and then not fully express my appreciation of it. I had suffered from stomach trouble until I had lost hope and thought the end was near. I was in agony day and night from cramps and

gas which bloated me until it almost cut off my breath. Nothing did me any good, and I seemed to be on the down grade and moving fast. "A friend got me to try Tanlac, and it has rid me of all that stomach trouble and put me to eating three meals a day. I have gained weight and strength until I feel like a different man entirely and years younger. I often go out of my way to tell some sick friend about Tanlac." Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold. Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.—Adv.

Watch Tomorrow's Newspapers for Unusual Offer to New Savings Depositors

ANNOUNCEMENT

Tomorrow, from 9 in the morning until 9 at night, the doors of this Banking Institution will be thrown open to the public

FOR 15 months the eyes of Indianapolis have watched the new J. F. Wild Building gradually take form.

For 15 months, noise, confusion and inconvenience have made business within a problem. But the good will and friendship of hundreds of customers could not be destroyed. Instead, there has been a remarkable growth.

Now, J. F. Wild & Co. are preparing to formally open their newly completed Banking Rooms.

Seldom is it possible to throw open the innermost doors of a banking organization and invite the public to enter. Tomorrow this will be done. You will see the inner workings of one of the most modern banks in the middle West.

The main banking floor is occupied by the Savings, Commercial and New Business De-

partments, Officers' Quarters and Directors' Rooms.

On the mezzanine floor is the complete Bond Department, Filing Room and Library.

The first floor below the street contains the Safety Deposit Department and massive new Vault. Adjoining are private compartments and committee rooms for the use of customers.

All these departments will be open for your inspection.

An honest effort has been made to provide every facility for your convenience, whether it be a friendly visit of inspection or for the purpose of using one of the many departments of Banking and Investment service.

In extending to you their cordial invitation to visit these new Banking Rooms, the Officers and Directors of J. F. Wild & Co. acknowledge with sincere gratitude the fine confidence displayed by those whose faith in this institution has made possible its progress.
