

CAPPER DECLARES MINNESOTA VOTE IS PLAIN PROTEST

High Tariff and Excessive Freight Rates Cause of Farm Revolt.

Arthur Capper, United States Senator from Kansas, in an article written for the United Press, says in the election of Magnus Johnson, Farmer-Labor candidate for the Senate in Minnesota, a protest against "deplorable" farm conditions.

By SENATOR ARTHUR CAPPER
(Written for the United Press Association)

TOPEKA, Kan., July 19.—The Minnesota election is a plain case of protest against deplorable conditions prevailing throughout the agricultural West. The farmer today is compelled to take less than cost of production for wheat and other farm commodities, while nearly everything he buys is still sold at near war prices.

Agricultural relief organization by the last Congress did not consist of instantaneous panaceas, but of constructive measures in which farmers themselves must cooperate to realize on them. The efforts have not had time to be tried out and to produce results. In the meantime Minnesota electors by their votes have given notice profiteering must stop; that the perfectly evident economic wrongs of which they are still victims must be righted immediately and the farmer's dollar must be worth as much as that of any one else in its purchasing power.

The Minnesota vote is notice of the farmers' demand for freight charges farm prices can pay. These rates today are higher than the traffic will bear. It is also a plain demand for further reduction in tariff duties. The tariff commission and the President must give relief under the authority conferred by the Fordney-McCumber act or the next Congress will promptly revise the tariff downward in a way that will make drastic reductions.

Pride of Pennsylvania Railroad, Veteran Employees, to Hold Fellowship Meeting at Fairground Saturday

The pride of the Pennsylvania Railroad, men who have been in the company's employ for twenty or more years, and honor roll members who have reached three-score years and ten and have been retired from active service, will be represented 8,000 strong at the outing and fellowship meeting of the Veteran Employees' Association Saturday at the State fairground.

Elaborate preparations are being made by a committee of one hundred, headed by Benjamin McKee, vice president of the Southwestern region, and F. E. Strouse, chairman, who is assisted by R. D. McKoon, superintendent of Indianapolis division; T. H. Perkins, T. M. McGurty and W. R. Torrence.

Plan Sporting Events

H. E. McGinness, general chairman of the athletic department of the Indiana general division, and Paul A. Giese, chairman of the athletic department of the Indianapolis division, have charge of sporting events.

Special trains will bring the veterans and guests to the city and special street car service to and from the fairground has been arranged.

C. W. Woods, Indianapolis, chairman of the program committee, has prepared a forty-four page souvenir program containing photographic reproductions of officials of the road and officers of the eight divisions of the Veterans' Association represented. It also includes a brief history of the Pennsylvania system and a list of the 8,000 members of the various associations.

Among speakers will be Woods, chief clerk to General Superintendent.

How Linit Brings Out the Dainty Freshness of Your Children's Garments

THERE isn't anything quite so charming as the crispness of your children's dresses, nor anything in which a mother takes more pride.

The trouble is to keep the little dresses looking fresh and dainty. One reason for this is that ordinary starch does not resist the dust or permit the fabric to stay clean.

That is why mothers welcome Linit, the remarkable new starch discovery.

Because Linit remains thin and free-running like water, it penetrates every thread of the fabric, and helps strengthen it,

preventing wear, thus increasing the life of the material. Linit was originally developed for the use of the makers of fine fabrics, and is now for the first time available for family use.

For baby's dainty clothes, there is nothing that produces quite such a delightful effect as Linit—or gives such a fresh, spotless appearance.

Important To You

BE sure to use Linit according to directions, and unlike other starches, you will not find Linit stiff or jelly-like. This is why Linit goes much further than the old-fashioned kind of starches—and why it is easier to iron with Linit.

Go to your grocer, ask for a 10c package of Linit and begin to use it for all fabrics. Perfection in starching guaranteed—or your money refunded.

Linit is made by the Corn Products Refining Company—makers of the famous Argo Starch—Karo Syrup and Mazola Salad and Cooking Oil.

DAUGHERTY'S SON FOUND IN CHICAGO

Man Who Escaped Sanatorium Is Coal Salesman.

By United Press
CHICAGO, July 19.—Major Draper M. Daugherty, son of United States Attorney General Daugherty, was found today working as a salesman for a coal company here.

Daugherty recently left Stamford Hall Sanatorium in Connecticut and his whereabouts since had been unknown. He declared he would live in Chicago and "get a fresh start in life."

Daugherty recently was the storm of a dramatic series of incidents in New York. At the time of the unsolved murder of Dorothy King, "Broadway butterfly," whose angel was J. Kearsley Mitchell, Daugherty came forward and admitted friendship with the slain artist's model.

A short time after this, Daugherty's wife and relatives signed a petition which resulted in his being confined in a sanatorium in Stamford. His confinement was voluntary.

Last month, aided apparently by friends, Daugherty made a sensational "escape" from the institution. He was walking in grounds when he suddenly leaped to the running board of a passing automobile and disappeared.

"Constable" Arrested

Byce Sconce had a badge and said he formerly was a constable in Edinburg, according to police. He was arrested by Sergeant Sheehan at Illinois and Twenty-Seventh Sts. at 2 a. m. today. Sconce said he had been visiting a girl at Twenty-Ninth St. and Capitol Ave. He said he worked at the Fairbanks-Morse Company and roomed near the old workhouse, but could not remember the street.
