Plans Exposed for Huge
Whisky Expedition to U. S.

By United Press

LONDON, July 28.—The report of a committee appointed to investigate liquor smuggling into the United States was laid before the British Cabinet today and a statement on the subject will be made in Commons probably next week.

Simultaneously with this announcement, the Daily Express today exposed an attempt by Lieut. Col. Sir Broderick Hartwell Bart, former consul at Naples, to raise funds for a whisky selling expedition on the high seas.

A circular was issued inviting subscriptions of \$12.50 or more to send ten thousand cases of liquor to foreign ports on a private ship under sealed orders within a month. The baron stated he already had arranged for five thousand cases and guaranteed to return the invested money plus 20 per cent interest within sixty days.

The circular states Hartwell received a guarantee of \$50,000 the goods would be accepted and paid for twenty miles off shore of the unnamed destination. It declares plans were made to send "aboard" at least ten thousand cases monthly.
