

## MOTHER STATE RECEIVES BODY OF ILLUSTRIOUS SON

Scenes of Sorrow Re-enacted  
on Final Lap of Trip From  
Capital to Marion.

By LAWRENCE MARTIN  
United Press Staff Correspondent  
ON BOARD PRESIDENT HARD-  
ING FUNERAL TRAIN, Aug. 9.—  
Ohio, mother State of six Presidents,  
received back today the latest of her  
sons to add lustre to her name. Re-  
turning in death, he bore upon his  
bier the garlands of a Nation's sor-  
row and love.

Warren G. Harding came back to  
his home folk this morning. Years  
ago he went from them into larger  
spheres of activity and honor, full of  
splendid vigor, robust in health. He  
came back today cold and pale in  
death, the majority of sacrifice and  
service graven upon his still face—  
back to the mother State that waited  
with outstretched arms to receive him  
to his rest.

The funeral train from Washington  
entered Ohio early today. The coffin  
shrouded by the flag of the country  
Mr. Harding served well, again was  
the magnet that drew eyes of thou-  
sands during the night, in Maryland  
and Pennsylvania, as people put aside  
their own concerns to look to the  
farewell they could not put into words.

Scenes Re-enacted  
Beginning at Baltimore, one hour  
out of Washington, and continuing  
through York, Harrisburg, Altoona  
and Pittsburgh, the scenes that  
marked the train's transcontinental  
progress eastward were re-enacted as  
it sped through the night and dawn.  
Harrisburg, Pennsylvania's capital,  
expressed fittingly the sorrow of the  
Keystone State for her sister common-  
wealth to the West. Altoona found  
miners and railroad workers standing  
in reverent silence in the night as the  
train glided by.

Pittsburgh, for the second time in  
two days, sent thousands to stand un-  
covered in the semi-gloom of dawn.  
Everywhere the train stopped flowers  
were put on board.  
Mrs. Harding rested well after her  
trying day in Washington yesterday.  
She was somewhat distressed by re-  
ports that she had collapsed.

No Foundation for Reports  
There was no foundation for such  
reports. Her step was as firm when  
she boarded the train at Washington  
last night as at any time during the  
day. She was very tired and retired  
at once to her stateroom, where she  
asked that newspapers containing the  
stories of the great statesman be  
brought her. She read them with in-  
terest before she went to sleep.  
While those closest to Mrs. Harding  
know what a soul-rending strain she  
is undergoing and what it is costing  
her to appear outwardly strong and  
composed while grief is wracking her  
frail body, they are confident her mag-  
nificent will is going to carry her  
through the final rites. What may  
happen then they dare not guess, but  
until then they do not fear that she  
will break down.

## METHODISTS SYMPATHIZE

Message of Condolence Sent Mrs.  
Harding by Bishop Leete.

By Times Special  
VINCENNES, Ind., Aug. 9.—Bishop  
F. D. Leete of Indianapolis, here  
Wednesday attending the Methodist  
day at Harmony Park, sent the fol-  
lowing message to Mrs. Warren G.  
Harding.

"Methodists of Indiana, now hold-  
ing rallies over the State, have in-  
structed me as resident bishop in their  
behalf and mine to express to you  
our heartfelt sympathy in your loss.  
Six hundred thousand Indiana Meth-  
odist people bear you to the throne  
of divine grace and will continue to  
do so."

## HOLD-UP MEN GET \$16

Roy Wright, Motorman, Victim of  
Robbers; Miss \$1.25 in Other Pocket.

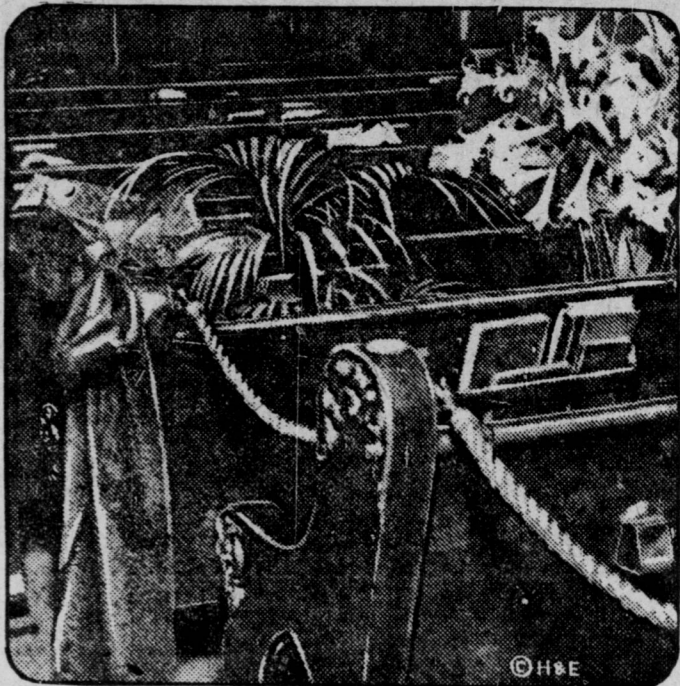

Two colored men held up and  
robbed Roy Wright, 510 Douglas St.,  
near his home at 1 P. M. today,  
according to police. Wright is em-  
ployed as a motorman and was on his  
way home. He got off the street car  
at Michigan and Douglas Sts., and  
started to walk home. A colored man  
covered him with a revolver and an-  
other colored man reached into his  
pocket and took \$16, he told police.  
The robbers ran. They overlooked  
\$1.25 in another pocket, he said.

## FREE EXAMS PROBABLE

Indianapolis Postoffice Employees May  
Receive Medical Service.

The privilege of free Government  
physical examination probably will  
be extended to employees of the In-  
dianapolis postoffice in the near fu-  
ture. Postmaster Robert H. Bryson  
said today. Evansville was on the  
list of cities recently announced as  
free examination places. So far only  
seaports or ports on navigable rivers  
have been designated by the Postof-  
fice Department.

## SUSPECT LOAFERS IN CAR BARN FIRE

Seat Covers Used to Start  
Blaze.

By United Press  
MUNCIE, Ind., Aug. 9.—A dozen  
traction passenger cars in the local  
car barns were threatened early this  
morning when fire of incendiary origin  
was discovered bursting through the  
roof of one.

Workers succeeded in extinguish-  
ing the blaze and it was discovered  
covers had been ripped from several  
seat cushions and used for kindling  
the fire.

Two men, strangers, seen loafing  
about the yards an hour earlier, are  
suspected but have not been appre-  
hended.

## Argues With Water Pitcher

Neighbors told the police they heard  
two shots fired at the home of John  
Johnson, colored, 1736 Boulevard Pl.,  
at 12:30 a. m. today. Mrs. Frances  
Johnson explained her husband was  
late in coming home and a quarrel  
followed and when he started to whip  
her she used a water pitcher. She  
denied there were any shots fired, and  
Sergeant Dean was unable to find John-  
son.

and revitalizes weak nerves

## A CAUSE OF WOMEN'S ILLS

WOMEN OFTEN THINK THEY HAVE  
HEARTY TROUBLE, INDIGESTION,  
NERVOUS PROSTRATION, ETC.,  
WHEN IT'S SIMPLY IRON STARVA-  
TION OF THE BLOOD.

Many women believe they are weak  
and nervous as a result of age, worry  
and overwork; they think that their dis-  
turbed digestion, headaches, heart pal-  
pitation, shortness of breath, pains  
across the back, etc., are due to some  
serious disease instead of the real cause  
—iron starvation of the blood. This is  
proven by the fact that when many of  
these same women take organic iron for  
awhile all their alarming symptoms  
quickly disappear and they become  
strong, robust and healthy. Iron is ab-  
solutely necessary to enable your blood  
to change food into living cells and tis-  
sue. Without it nothing you eat does  
you the proper amount of good—you do  
not get the strength out of it.  
If you are not strong and well do not  
wait until you go all to pieces and col-  
lapse in a state of nervous prostration,  
but take some organic iron—Nuxated  
Iron—at once. But be sure it's organic  
iron and not metallic iron which people  
usually take and which is made merely  
by the action of strong acids on small  
pieces of iron. Organic NUXATED  
IRON is like the iron in your blood and  
like the iron in spinach, lentils and ap-  
ples and it often increases the bodily  
and mental vigor of weak, worn-out women  
in two weeks' time.  
Beware of substitutes. Look for the  
word "Nuxated" on every package and  
the letters N. I. on every tablet. Your  
money will be refunded by the manu-  
facturers if you do not obtain perfectly  
satisfactory results. At all druggists—

## PROTEST AGAINST BOND ISSUE FOR SCHOOLS IS FILED

Fourteen Taxpayers Seek to  
Block Move for New  
Buildings.

The long-delayed building program  
for Indianapolis public schools en-  
countered still further delay today  
when Leo K. Peeler, county auditor,  
certified to the State board of tax  
commissioners a remonstrance signed  
by fourteen taxpayers of Marion  
County protesting against the issu-  
ance of \$1,650,000 bond issue for eight  
new buildings and additions at eight  
schools.

The remonstrance was filed late  
Wednesday. It was signed by Lewis  
A. McCammon, 5702 E. Michigan St.;  
Bert Bacon, 22 De Quincy St.; Herbert  
G. Heckman, 5166 College Ave.; Ed-  
ward F. Kellar, 67 N. Irvington Ave.

The case now must be heard by the  
State tax board under the law. There  
has been no school building construc-  
tion inaugurated in Indianapolis for  
more than two years, the last pro-  
gram of the school board being  
brought to a halt when the tax board  
in 1921 refused to approve a bond is-  
sue for four buildings on protest of  
ten taxpayers.

The new buildings are needed to  
relieve crowded housing conditions in  
the public schools and to do away  
with some of the eighty temporary  
buildings and portables now in use,  
school officials said.

The remonstrance stated that the  
buildings were "vitally essential," but  
that the amount of the proposed bond  
issue was excessive.

## 'GIN' LABELS ON CAPTURED BOOZE

Police Say 68 Quarts Are  
Found at Residence.

Sixty-eight quarts of liquor labeled  
"Gordon gin" were at police head-  
quarters today. Lieutenant Hudson  
arrested William Farber, 46, of 2630  
N. Alabama St., late Wednesday night,  
on the charge of operating a blind  
tiger. Police allege that the gin is  
owned by William and Abe Farber.  
Part of the liquor, police say, was  
in an automobile in the garage, and  
the remainder was found in the  
house. William Farber denied owner-

ship of the liquor. Abe Farber had  
not been arrested today.  
Sheriff George Sulder and squad  
visited Wes Stout's chicken dinner  
place in Edgewood, south of the city.  
The officers said they found hidden  
under the floor three quarts of whisky,  
one and a half quarts of white wine  
and more than a quart of wine. Stout  
was not at home when the raid was  
made and a warrant was sworn  
against him.

## COKE MAY STOP SMOKE

C. L. Kirk to Talk on Possibility of  
Abating Nuisance.

C. L. Kirk, general manager of the  
Citizens Gas Company, will discuss  
the possibility of coke relieving the  
smoke nuisance before the Chamber  
of Commerce smoke abatement com-  
mittee today.

"If coke can be made cheaper and  
a sufficient supply provided, it will  
relieve the smoke nuisance some-  
what," Charles Wells of the chamber  
and Mrs. Ida Belsler, chief clerk.

## BOARD DEMANDS REFUND

Dewitt Moore Says Report on Li-  
cense Fees Is Incorrect.

Dewitt V. Moore, former secretary  
of the State board of registration for  
professional engineers and land sur-  
veyors, who resigned several weeks  
ago, has been asked to refund \$3,725  
he is alleged to owe the board for li-  
cense fees collected but never turned  
in.

Moore insisted reports on the office,  
made by the examiners of the State  
board of accounts, were wrong. Mel-  
vin J. Stinchfield, assistant State con-  
servator engineer, was named secre-  
tary and Mrs. Ida Belsler, chief clerk.

## Parade Costly for Photographer

J. B. Patton, proprietor of a photo-  
graph gallery at 422 Indiana Ave.,  
today told police that he watched the  
colored Shriners parade, a thief enter-  
ed the gallery through a side window  
and took \$41 from the cash register.
