

TWO ARE INJURED AS AUTO STRIKES BACK OF VEHICLE

Wagon Owner Claims Rear
Light Was Lit—Auto
Owner Says Not.

George W. Carver, 42, of 407 Arbor Ave., was injured about the legs, and hands, and his son George, aged 8, bruised about the knees when an automobile crashed into their wagon in front of 2723 W. Washington St. Wednesday night.

Hubert Camp, 253 N. Milroy Ave., driver of the automobile told police that the wagon did not have a tail light. Carver was standing in the rear of the wagon and was caught between it and the auto. The boy was in the bed of the wagon. Carver was taken to the city hospital and the boy to his home. Carver told the police he was positive the light was burning.

James Cushingberry, 40, colored, 1614 Martindale Ave., stepped off of a Columbia Ave. street car at Sixteenth St., and was struck by an automobile. He was taken to the city hospital suffering fracture of the skull.

Elmer Nicholson, 30, of 1413 E. Nineteenth St., driver of the automobile, was arrested and charged with passing a street car, assault and battery and failure to have lights.

Tom Lowery, colored, 34, of 1235 Martindale Ave., was arrested Wednesday night and charged with operating a motor vehicle while under the influence of liquor, intoxication and resisting arrest. George Bailey, 27, colored, 2264 N. Arsenal Ave., riding with Lowery, is charged with intoxication.

Witnesses told the police the automobile driven by Lowery ran into a pile of bricks from street repair on Massachusetts Ave., and turned over. Both escaped injury.

Walter Wiseman, 34, of 723 Maxwell St., was taken to the City Hospital, where both legs were sewed up, several loose teeth pulled and other injuries received when he was struck by an automobile at Alabama St. and Virginia Ave.

Home Town Folk Await Return of These Buyers

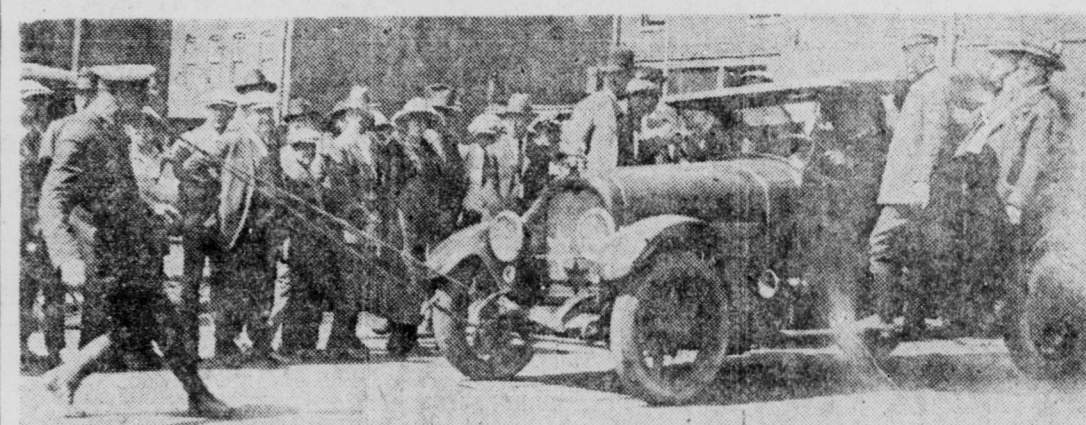

LEFT TO RIGHT—MRS. J. G. ROMACK OF SHARPSVILLE, IND.; MRS. LAURA REDELMAN OF NEW CASTLE, MISS IRENE MCCOY OF SHARPSVILLE AND MRS. W. H. KING OF MONTEZUMA, IND.

Women in small towns throughout Indiana are awaiting with most interest the return of buyers who are in Indianapolis for "Buyers' Week."

Such women as those shown here, as well as men buyers, are picking up every kind of merchandise, from dress goods and hats to candy and hardware, to take back to their patrons in the "general" stores.

NINE DESTROYERS INSTEAD OF SEVEN HIT ROCKY REEFS

Two Others Limp Into Port
With Tales of Thrilling
Escape.

By United Press
SAN DIEGO, Cal., Sept. 13.—Nine destroyers, instead of seven as reported, ran on the rocks at Point Arguilla Saturday night, it was learned today.

The Sommers and the Farragut limped into port during the night, badly crippled, pumps working to keep water out of their holds and with tales of their thrilling escape from the fate that overtook sister ships of the destroyer flotilla.

"Man overboard," was his instinctive cry and acting on standing instructions to destroyer fleets in battle formation, the Sommers and Farragut veered off to the right and left in order not to hit the man they believed in the water. It was this action that saved the vessels and possibly the lives of the crews.

Plowing through the seas at the rate of twenty knots an hour on the fatal night the lookout on the Farragut perceived something had gone wrong with the vessels ahead.

'MOST INTELLIGENT' GIRL IS BOB-HAIRED

Wears Short Skirts, Too, Like Other Girls of 19, Despite
Highest Rating in State Tests.

Times Staff Correspondent
SHELBYVILLE, Ind., Sept. 13.—"The most intelligent girl in Indiana," Miss Cecile Robinson, daughter of Mr. and Mrs. A. L. Robinson, 410 S. West St., is much amused when she hears the title.

Being as unassuming as she is reputed to be intelligent, she does not see why all the fuss is made over her.

Miss Robinson earned the title when she made the highest grades in the State in a test conducted at all colleges by the State board of education. She was at Franklin College. She took the test in psychology, literature, mathematics and history, including the Simon-Binet intelligence tests, in the summer of 1922, but only recently learned that she was first in the State.

"Why, they just happened to ask questions I know," declares this girl who made 157 out of a possible 200 points. This, too, although the average among the other 285 students at Franklin was under 100.

Like Other Girls of 19
Miss Robinson is applying her knowledge now in teaching thirty-two children of all ages and grades in the one-room Reese school, three and one-half miles south of here.

"The most intelligent girl" looks just like any other girl of 19. (She admits her age with a smile.) Her hair is bobbed. Her skirts are short, as her work in the country requires. There is nothing of the bookworm about her.

"I'll have to admit I never studied a great deal," she said. "I always believed intelligence was an innate quality, anyway."

I didn't know the test was a State competition, or I should have been nervous.

She has attended Franklin College for three summers, following graduation from Shelbyville High School in 1921. She intends to return.

Wants to Go West
She wants to go west to teach with her college roommate. But, although she seems self-sufficient, she is, after all, just a girl, her parents remind her. And she confesses a great dependence on her family.

Here's how Miss Robinson defines "Alertness of mind and body, with knowledge and the capacity to retain knowledge."

She was confused when she was reminded that the definition fitted her. Nevertheless, intelligence as she describes it is just the sort "the most intelligent girl in Indiana" has.

Police were asked in a telegram from Seymour, Ind., to detain two of three runaway colored boys, bound for Indianapolis. Their names are Gerold Browning and Claude Mitchell.

William Clossy, 75, was reported to the police as missing from the Little Sisters of the Poor home at East and Vermont Sts., today.

HEALTH BOARD APPEALS TO COURT FOR HIGHER LEVY

Members of City Council Are
Made Defendants in
Mandamus Suit.

A mandamus suit to compel the city council to fix the levy of the general health fund at 12 cents, the tuberculosis fund 1 cent, and the school health fund 1.5 cents was filed before Judge Clinton A. Givan in Superior Court, Room 4, by Clifford Keeling, attorney for the board of health today.

The complaint brought by Dr. E. E. Hodgins, president of the board, is filed against the nine members of the city council who must appear in court at 9 a. m. Friday. Joseph L. Hogue, acting mayor, today named W. T. Bailey, assistant city attorney, to represent councilmen.

The complaint alleges that the council "illegally and unlawfully" passed a 7-cent levy and has since refused to comply with State law.

With the filing of the suit, James M. Ogden, city attorney, was investigating 1921 amendments on advice of Philip Zoercher, State tax commissioner. Ogden said, however, he would take no action on the suit unless requested by the administration.

Zoercher holds that the 1921 law repeals the mandatory provisions of the 1919 law on which the attorneys for the board of health based their claim for their suit.

Zoercher's attitude will be expressed officially if the court grants the mandatory order, and the new levy of \$1.10 reaches the State tax board.
