REORGANIZATION RECEIVER'S PLAN IN DOLLINGS CASE

McBride to Seek Consent of
Subsidiary Firm in Cleve-
land Wednesday.

Indiana subsidiary companies of the R. L. Dollings Company and the International Note and Mortgage Company, all in receivership, will be reorganized and pulled from the fire for preferred stockholders and creditors under plans of Receiver Bert McBride.

McBride will meet the creditors' committee of the Huger Manufacturing Company, Warsaw, Ind., Wednesday in Cleveland, Ohio. The committee favors reorganization, McBride said.

Total assets of the Huger Manufacturing Company are listed at \$555,542.37 and liabilities at \$1,041,107.17 in a receiver's report prepared for filing in Federal Court.

The Huger Manufacturing Company, Liberty, Ind., will be reorganized under a similar plan, if stockholders agree. The plan will be mailed to each, asking consent, to be returned by Nov. 1. If 100 per cent agree, Judge Hay will be asked to discharge the receiver. Redeemable assets are listed at \$215,207.91. Liabilities total \$315,207.91.

The six Dollings companies in receivership show assets of \$475,188.13 more than total liabilities. Total assets are \$6,851,535.44. The R. L. Dollings & Co., and the International Note and Mortgage Company will be disbanded, McBride said, but the four subsidiaries will not be sold if possible to avoid.

Four hundred and fifty of the 500 Randolph County stockholders in the Dollings Company gathered in Winchester this afternoon at the call of T. B. Best, former Randolph County representative of the committee.

Best declares that McBride has not been friendly to the stockholders and that he has been unable to learn from him the true conditions of various subsidiary companies of the concern. He has announced that at today's meeting he will give a detailed account of the results of his independent examination into the affairs of Indiana subsidiaries.

FROST SLOWS UP MART VEGEABLES

But Prices Remain About the Same.

Although frost has curtailed the vegetable supply, city market prices fluctuated little today. String beans reached 15 cents a pound after a week of steady climbing. Stringless beans were bringing 20 cents a pound.

Cabbage was the only vegetable to decline. It dropped from 5 to 4 cents a pound.

Fruit was less in evidence, peaches still bringing \$2 a bushel. Small melons were barely holding on at 5 and 10 cents each. Prune plums were 25 and 35 cents a pound and jelly plums \$2 a bushel. California grapes were 10 and 15 cents a pound.

Other prices: Tomatoes, \$1.25; turnips, \$1; lettuce, two bunches for 15 cents; corn, 15 cents a dozen; mangoes, 75 cents a bushel; kale, 5 and 7 cents a pound; Michigan celery, 40 cents a bunch—home grown, 75 cents; beets, 15 cents a dozen, and new lima beans, the last of the season, 45 cents a pound.

DETECTIVES BACK FROM OHIO TRIP

Joyner Played Golf With Officials of Robbed Bank.

Detectives Roache, Fossatti and McMurry who returned today from Wilmington, Ohio, where they interviewed Milton Joyner, alias Rex Forsythe, concerning the \$41,000 securities robbery of the Indiana National Bank here Sept. 13, today said they had several important new bits of evidence to investigate.

The detectives said they learned that Joyner knew officials of the bank well, having played golf with them here. Joyner posed as a bond salesman. Detectives said he may have gained inside information upon bank methods.

Whoever stole the securities here picked them up from the desk of Edward Moore, vice president, and walked out unmolested.

Joyner is held in Wilmington in investigation of a \$15,000 bank robbery there.

What Our End of Town Wants

Civic Club Leader Tells of
Plans for 1924.

By W. T. QUILLIN.
President Englewood Hustling Hundred.

THE Englewood Hustling Hundred is an organization of men united for the common purpose of advancing the moral and civic life of the community; standing ready at all times to combat anything which might jeopardize the welfare of the community, to the end that it may become a better place in which to maintain homes and to rear our children.

This is the yard stick by which all questions concerning the organization are measured and the stand taken thereon is governed by the result.

The organization has declared itself for strict and impartial enforcement of the law, beginning with the Constitution of the United States in its entirety, down to the ordinances of the city, because the safety of society rests thereon.

The organization has taken a stand for the retention and the enforcement of the Eighteenth Amendment to the Federal Constitution, not alone because it is the law of the land, but because the organization stands unalterably opposed to the liquor traffic in any form whatsoever. It considers the plea for the return of light wines and beer, coupled with declared opposition to the return of the saloon, hypocritical and an insult to public intelligence, since its sale would necessitate some sort of a public dispensary, call it what you may.

Against Rate Increases
The organization has consistently, but with fertility, opposed all rate advances by public utilities because it is convinced that the people are being treated unfairly; that through financial jugglery, expert distortion of facts and legal chicanery, a false foundation is erected for exorbitant rates. When it sees the A. T. & T. Company allowed to manipulate its puppet, the Indiana Bell, in the staging of and getting by with the "from-one-pocket-to-another" farce, paying 4 1/2 per cent of its gross earnings annually as rent from itself to itself, thus through a technical but flimsy subterfuge receiving just that much more return on top of the return allowed it upon inflated valuation, the hearts of our members are filled with bitterness against all concerned and the only recourse left them is the knowledge that a day of reckoning is fast approaching.

For Municipal Ownership
Because this same attitude of unfairness permeates our local utilities, the organization is convinced that no remedy exists for the correction of the oppressive rates imposed unjustly upon the people other than municipal ownership of those utilities, operating upon a basis found successful in hundreds of other and larger cities of the United States and Canada. This organization will not be satisfied until the people of this city own and control their utilities.

This organization does not favor the passage of the pending smoke abatement ordinance unless it specifically exempts private residences from its provisions. Such exemption would not invalidate the ordinance on the ground that it unreasonably discriminates between classes, according to the People vs. Lewis, 38 Michigan 273.

The organization has taken a stand for the unhampered success of Christianity and the improvement of public educational facilities, and will continue to aid in the promotion of such program. It believes in beautifying our city and in the advancement of her material interests, but not to the neglect of the mental and moral development of her future citizens.

Tonsorial Burglar
Police sought a burglar with tonsorial inclinations, when Thomas Cox, 507 Laurel St., reported tools valued at \$25 taken from his barber shop.

ARMY AND NAVY FLIERS RIVALS FOR PULITZER TROPHY

Fastest Speed Planes in World
Try for Honors at St.
Louis Today.

By *United Press*
ST. LOUIS, FLYING FIELD, BRIDGETON, Mo., Oct. 6.—The United States Navy, beaten in the two military events of the air races, so far, today went out to retrieve their air prestige in the greatest event of all—the Pulitzer 200-kilometer race for the speed championship of the world.

Four new Navy planes, two Wright fighters and two Curtiss racers, were warmed up for the final event at 3 p. m., when they will contest against the fastest in the Army, two Curtiss racers and a Verville-Sperry monoplane.

The race will be run in three heats because a larger field would be dangerous at such terrific speed. Lieutenant Corkille, in an Army Curtiss, will race Lieutenant Sanderson of the Marine Corps, in a Navy Wright, in the first heat; Lieutenant Pearson (Army), flying a Verville-Sperry monoplane, will oppose Ensign Williams in Curtiss (Navy) racer; Lieutenant Miller, in a Curtiss (Army), will be matched against Lieutenant Callaway, in a Wright (Navy), and Lieutenant Brown, in a Curtiss (Navy), in the final event.

The event will be against time. The winner of the fastest heat will take the honors.

Seven-Cent Fare Urged by Dr. M. J. Spencer, Member of Board of Works, as His Solution of How to Pay for Company's Paving.

Return to the city of John Elliott, city engineer, has reopened the question of who shall pay costs of paving between street car tracks when contractors bid 50 cents a square yard extra for track paving.

A conference between Elliott and members of the board of works late Friday revealed that bids of contractors on Thirty-Fourth St. and Roosevelt Ave., asphalt paving were higher for car track work. The Street Railway Company, under the law, pays extra costs only when a different paving, such as brick, is specified for along the rails. The street car company accepted the regular asphalt surface between tracks on these streets.

Agreement Once Reached
In a conference several weeks ago between the board and street railway officials, the board agreed with the car company that extra costs are not involved in street car track paving. Elliott was not at this meeting, but said contractors always figured extra time and labor in paving between tracks.

Crippled Boy's World Is No Place for Tears

Motherless Youngster Sees
Life a Dream in His
Convalescence.

Nyoka Arthur, 9, of Terre Haute, motherless, is happy today. At the Robert W. Long Hospital he is dreaming of the day when he will be able to walk and play like other boys.

Nyoka is the latest entrant to the children's ward at the hospital. He was admitted through the efforts of the Riley Memorial Association and citizens of Terre Haute for treatment to cure his curved spine and tubercular leg.

He had to be lifted up the steps to the hospital. Most hours of the day he lies on his back on a cot. But like the "happy little cripple," he does not complain.

"Some day I'm going to walk," he said. "And I'm going to school."

School holds none of the terrors for him that it does for the average boy and girl. Nyoka never has had a chance to go to school.

"And I'm going to learn to play ball and to play tag, too," he prophesied.

He will remain at the Long Hospital until the first unit of the Riley hospital is completed early next year, and then he will be taken to the Riley.

PINCHOT CAN NOT ADDRESS TEACHERS

State Convention, Oct. 18 to
20, to Draw 15,000.

Governor Gifford Pinchot of Pennsylvania, who had agreed to address the convention of the Indiana State Teachers' Association here Oct. 18, 19 and 20, today canceled the engagement because of the press of other business.

It was said at the headquarters of the association that difficulty is being experienced in obtaining sufficient large meeting places for the sectional meetings. Thirty-five such meetings are scheduled.

Rooms to house the teachers are being obtained through the Chamber of Commerce. Attendance is expected to be 15,000. Last year it was 13,000.

NEWCASTLE FIRE LOSS IS \$100,000

Cigarette Stub Believed to
Have Started Blaze.

By *Times Special*
NEWCASTLE, Ind., Oct. 6.—A large part of an entire block lay in ruins today as the result of a fire Friday that started in and destroyed the building of the Rose City Transfer Company and was spread by a stiff breeze to adjoining buildings. Estimated loss is \$100,000.

Major losses were incurred by the Bower Construction Company, the Newcastle Tobacco Company, Everett Lowry, owner of the building occupied by the tobacco company and Mrs. W. A. Brown, whose residence was destroyed.

Local firemen and a pumper company from Muncie succeeded in checking the flames. Howard Elliott, manager of the Bower plant, discovered fire in a trashpile in transfer company's building. He believes it was caused by a cigarette stub.

BOY BANDIT GANG BARED BY YOUTH

Reported Confession Tells of
Raids by Trio.

Operations of a boy bandit gang were revealed today by the confession of William Carter, 19, of 6517 Twenty-Second St., to an attempted safe robbery Friday night and to a planned oil filling station robbery Friday night, police say.

Carter named Vera Alfante, 21, of 657 E. Twenty-Second St., and Emil Chaffaux, 17, of 716 Ft. Wayne Ave., as other members of the "gang." They were arrested with Carter on Friday night. They denied the charges.

The first raid was on the J. W. Smith bakery, 827 Fort Wayne Ave., detectives say. A truck carrying a safe became stuck in the garage door. The trio planned to rob a filling station at Alabama and North Sts. Friday night, Carter admitted, according to officers.

ZONING ORDINANCE SAFE

Action of the Supreme Court of Missouri today in declaring the St. Louis city zoning ordinance unconstitutional because it exceeded the police power of the city does not imperil the local zoning ordinance, J. Clyde Hoffman, attorney for the city plan commission, said.

"Under the 'home rule' provision of the Missouri law certain powers are delegated to the city by the Legislature," he said. "The zoning power evidently was not included. The Indiana Legislature passed an enabling act under which the local ordinance was drawn."

Rural Educational Experiments

Results of rural educational experiments in Johnson and Lagrange counties will be determined next week when tests are held under the direction of the State board of education, Benjamin J.
