## Woman Fifty-First to Die in Accident

MRS. NANCY A. WOODWARD

Injured in an automobile accident in Brookside Ave. Saturday evening, Mrs. Nancy A. Woodward, 1328 E. Eleventh St., died in city hospital Sunday morning. She was first person in Marion County to die in a motor vehicle accident this year.

## BODY AND MIND WORK TOGETHER, LECTURER SAYS

Christian Scientist Pays  
Tribute to Mrs. Mary  
Baker Eddy.

"Christian Science reveals the fact that as we approach and attain a divine standard, the health and safety of the body are proportionately secure," Bicknell Young, C. S. B., declared in a lecture at the Masonic Temple in Irvington Sunday afternoon. The lecture was under the auspices of Fourth Church of Christ, Scientist.

"Such work is not less scientific than that of sciences which have to do with material phenomena," Young said.

He declared that it is in the realm of thought that people learn to believe in God and that it is there also that they can take the much greater step of learning to understand Him.

"We are trying to be worthy of this gift of God to men. We do not want to be unworthy of it if we did not here and upon all proper occasions express our gratitude, love and reverence for the discoverer and founder of Christian Science, Mary Baker Eddy. She established the cause of Christian Science on the enduring foundation of Christ-healing, where it stands, and will continue to stand, a living and an ever rising monument to a career of achievement absolutely unique in history."

He declared that it is in the realm of thought that people learn to believe in God and that it is there also that they can take the much greater step of learning to understand Him.

"We are trying to be worthy of this gift of God to men. We do not want to be unworthy of it if we did not here and upon all proper occasions express our gratitude, love and reverence for the discoverer and founder of Christian Science, Mary Baker Eddy. ## ROBERTSON TELLS GIRLS WHAT KIND OF MEN TO MARRY

Young Women Are Warned to  
Be Careful in Choice of  
a Husband

"What Sort of a Young Man is it Safe to Marry?"

That was the subject of the Sunday night sermon of Dr. E. A. Robertson of the East Park M. E. Church.

Before an audience composed mostly of young people, the pastor talked straight from the shoulder.

"There was never a time in the history of the world when young men exerted greater influence and occupied higher positions than today," Dr. Robertson said. "It is the age of the young man. They are to be found at the head of our colleges, occupying professor's chairs, managers of high finance, leaders in industrial and commercial enterprises. Never was there a time when there were more temptations for young men."

"It would seem that young men take little time to think seriously and properly appraise the really valuable things of life. We have never had more capable young men than today. Gigantic tasks which a generation ago seemed impossible are today being worked out by brilliant young men."

"But notwithstanding the great capacities and achievements of young men today, it is one of the most startling and appalling facts that never before has it been so difficult for high minded, pure hearted, cultured young women to find worthy life companions. Of the many practical problems of young marriageable women none is more vital for their happiness or well-being than the matter of selecting their husbands."

Desires Plain Talk on Subject of Husbands

"So we desire to have a plain talk with our young ladies on the timely matter of what sort of a young man it is safe to marry."

"1. We admonish you not to marry a young woman with a short or limited acquaintance. Make inquiry about his family, their moral and social standing. Ask yourself how does he treat his parents, his sister and his neighbor?"

"2. Do not marry a young man expecting to reform him. If his parents and teachers and best friends have failed, and he declines to let God make him over, his lady friend better not undertake such a task. It has been tried, time without number, and usually fails."

"3. Never marry one whom you do not love intelligently. Be sure your love is well grounded on genuine respect and esteem. What are his outstanding qualifications which challenge your admiration? Young women should not be carried away with a puppy love, a passing fancy, a romantic thrill, a mere sensual fascination."

Be Sure to Respect Noble Womanhood.

"4. Never marry a young man who does not respect womanhood. Such a one is unsafe. A boy devoid of proper respect for a young lady shows a moral delinquency not favorable to real manhood."

"5. Be cautious in considering a young man whom other men, women and children do not like. There are usually reasons for such dislike."

"6. Watch out for the young man who is an egotist. One who is stuck on himself."

"7. Positively decline to give encouragement to a young man who cannot support you. No young man is in a position to propose marriage who has no substantial means of support. Young men who scarcely are making ends meet for themselves should not take the great peril of supporting another."

Want to Marry a Grouch

"8. A vivacious, educated, entertaining girl doesn't want a young man with no sense of humor. What does she want with a grouch? Who wants to live with an old bear?"

"9. We admonish every respecting young woman to leave severely alone any young man who has led a fast life."

"10. Last, and of chief importance, marry the young man of religious life, not an empty professor of religion. One whose habits are clean, whose character is right, whose associates are high class and whose moral standards and ideals are high. Who bears a good reputation for courtesy, good

manners, and has the stamp of one whose life and character, a good woman is willing to have her children bear his name," Dr. Robertson said.

ROTARY TO HEAR DYER

"Wheat vs. Steel" Subject of Cooperation With Farmer.

"Wheat vs. Steel" is the subject on which John N. Dyer, Vincennes, will address Rotarians at their luncheon Tuesday in the Riley room at the Claypool.

The talk is designed to acquaint business men with the need of cooperation between them and the farmer.

The annual Rotary Inaugural Party will be held Nov. 27 for members and their immediate families.

Theft Suspect Held

Wayne Martin, 21, Apartment 12, 635 Massachusetts Ave., was arrested on a vagrancy charge today in connection with the theft of a watch and gun, valued at \$40 from Apartment 6, the home of Mr. and Mrs. Jack Hensch, Sunday. According to police, Martin was left alone in the Hensch apartment while Mr. and Mrs. Hensch went to a show.

Vehicle Theft Confessed

Two boys under arrest on charges of vehicle taking today confessed to the theft of an automobile belonging to Dana Desler, 721 N. Illinois St., police said. The boys are William Wells, 17, of 109 N. Taft Ave., and Martin Konrad, 17, of R. R. B. box 68. Fessler's car was taken from Illinois and St. Clair Sts. Friday and later was found abandoned.

Trained Nurses Praise  
the Merits of Tanlac

One of the outstanding features in connection with the Tanlac treatment is the large number of professionally trained nurses who have found the medicine of such wonderful merit that they have come out with public statements of the remarkable results accomplished by its use. Owing to the wide experience of nurses with Tanlac will be read with exceptional interest by the public generally.

Mrs. L. A. Borden, 425 Pontius Ave., Seattle, Wash., a graduate of the National Temperance Hospital, Chicago, and for many years a leader in her profession, pays the following tribute to Tanlac:

"From my long experience as a nurse I do not hesitate to say Tanlac is Nature's most perfect remedy. I have used it exclusively for seven years in the treatment of my charity patients. For keeping the stomach, liver, kidneys and bowels functioning properly and for toning up the system in general, Tanlac has no equal."

Mrs. L. A. Lorenzen, graduate of Bellevue Hospital, New York, now a wealthy and influential resident of 235 Faxon Ave., San Francisco, says:

"In all my experience as a nurse I never found a stomach medicine and tonic that compares with Tanlac. My own health was terrible five years ago and although I spent hundreds of dollars in a vain search for relief from nervousness, indigestion and my generally run-down condition, it remained for Tanlac to give me back my health, and I have enjoyed splendid health

ever since. I can sincerely recommend Tanlac to any one."

Mrs. Cora Lynch, well-known practical nurse, 3936 Avenue C, Birmingham, Ala., expresses her gratitude to Tanlac in the following words:

"For three or four years I had suffered from a combination of stomach, liver and kidney disorders, could not assimilate my food and was almost constantly suffering from pains in different parts of my body. Tanlac restored my health splendidly. I now keep it in the house and take a little when not feeling right. It never disappoints me."

Miss Mary Earle, 1531 N. Twentieth St., Omaha, Neb., for fifteen years a practical nurse, recently stated:

"I can recommend Tanlac not only because of what it has done for me, but also because of what I have seen it do for others. After a long spell of typhoid my brother was so weak he could barely walk from one chair to another. I gave him Tanlac and it was simply marvelous the way it built him up. Nursing him through that long illness left me weak and exhausted. I could eat but little and my food hurt me. Tanlac restored my strength and health and built me up fifteen pounds in weight. As a nurse and user of Tanlac I give it my unqualified indorsement."

Tanlac is for sale by all good druggists. Accept no substitute. Over 27 million bottles sold.

Take Tanlac Vegetable Pills.—Adv.

## PROVERB PICTURE NO. 7—NOV. 5

The answer is .....

My name is .....

I live at .....

City ..... State .....

### FIRST PRIZE \$1,000 CASH

Second Prize .....\$500 Cash  
Third Prize .....\$250 Cash  
Fourth Prize .....\$100 Prize  
Fifth Prize .....\$75 Cash

### RULES GOVERNING CONTEST

Prizes will be awarded for the best and most appropriate answers from among those submitted by contestants. First prize will be awarded to the person submitting largest number of such answers; second prize to the one submitting the second largest number of such answers, etc.

In the event of a tie, one or more pictures displayed in preparation of answers will be considered.

Contestants must submit complete set of 60 proverb pictures in order to qualify for prize.

Answers are not to be sent in until the entire 60 proverb pictures have appeared in the Times.

Only one answer may be submitted for each proverb. Where more than one answer is submitted to any proverb all will be thrown out.

Each answer must be plainly written upon coupon published with each proverb picture. Any illegible will be thrown out.

The last proverb picture will be published Jan. 6, 1924.

Answers must be submitted in one set to The Proverb Contest Editor on or before noon Jan. 6, 1924.

Employees of The Times or members of their families cannot participate in this contest.

The Indianapolis Times will deposit each drawing and correct answer with Mr. Ralph K. Smith, vice president and cashier of the Fletcher American Bank in advance of each publication.

There will be three judges—an education judge of our courts and one business man of Indianapolis. Names to be announced later. The decision of the judges will be final in all matters related to the contest.

Watch The Times for further information to be published daily.

manner, and has the stamp of one whose life and character, a good woman is willing to have her children bear his name," Dr. Robertson said.
