"THE OLD SWIMMIN'-HOLE"

"Oh! the old swimmin'-hole! In the long, lazy days,
When the hum-drum of school made so many run-a-ways,
How pleasant was the journey down the old dusty lane,
Where the tracks of our bare feet was all printed so plain,
You could tell by the dent of the heel and the sole,
They was lots o' fun on hand at the old swimmin'-hole."

—James Whitcomb Riley

THE PECULIAR THRILL OF "THE OLD SWIMMIN' HOLE" may be lacking, but the swimming pools in our parks, playgrounds and gymnasiums form a safe substitute for the city boy and girl.

WITH A SHOWER BEFORE THE PLUNGE, and the water of the pool frequently renewed and sterilized, the modern city "swimming hole" is safeguarded against the dangers to health which may lurk in the nearby streams.

SWIMMING IS A NATIONAL SPORT, and the chance to have a swim as a part of their national inheritance is rapidly being extended to all our boys and girls.
