SEVEN YOUTHFUL BANDITS CONFESS TO 15 ROBBERIES

President of Safety Board Catches Two Boys in Attempted Theft.

Police today have in custody seven boys, from 9 to 16 years old, who officers said committed fifteen burglaries. Twelve burglaries were blamed on one "gang" of five boys, three on the other.

Six of the boys are at the detention home; the seventh, 16 years old, is at the city prison. Old cases against two of the boys are pending in juvenile court.

Ernest Kingston, president of the board of public safety, caught two boys after they had broken a window in an effort to enter the Carlin & Doyle grocery, New Jersey and South Sts.

Robberies Admitted

Police said the boys admitted taking \$1 from the Lang Coal Company, East and Louisiana Sts.; 40 cents and candy from Kirby's poolroom, 300 Virginia Ave., and 100 pennies from Myers' grocery, 802 S. East St.

COUGH SCARED HIM INTO GOING WEST

On the way, he found Milks Emulsion, also his health.

"A couple of years ago, I came under the Government's care, being a disabled soldier, and I reckon I have taken pretty near all the medicine that there is on the market. Finally I was told I wouldn't live six months if I stayed in Maine. So I got scared and started west to find a dry climate, but far West as I got, was Indianapolis and Milks Emulsion.

"I gained 14 pounds on the first four bottles of your Emulsion. I do not give Indiana any credit for this because it is as damp there as it is in Maine, but I do give Milks Emulsion the credit for saving my life. In addition to building up my flesh and strength it soon relieved the serious cough that I had, and I improved so fast that I was not long until I was able to return home. Now I am feeling fine."—T. Edgar Dighton, 20 Pine St., Portland, Me.

Don't wait until your weakened condition gives you cause to despair. Start now building up strength and flesh, and give nature a chance to fight off disease. Milks Emulsion costs nothing to try.

Milks Emulsion restores healthy, natural bowel action; it is a truly corrective medicine, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, and thus build flesh and strength. Chronic stomach trouble is promptly relieved.

This is the only Emulsion made, and so palatable that it is eaten with a spoon like ice cream. Hahn Would Pass Law on Wearing of Masks

J. H. Hahn, local attorney, who recently declared his intention to enter the Republican primary as a candidate for State Senator, announced he will introduce a bill, if elected, that will make it a particular felony for any one, while wearing masks or hoods, to assault or intimidate people.

Other planks in his platform are to compel every secret society or organization to file a list of members with the Secretary of State. He also advocates creation of municipal courts to replace the city and justice of peace courts. Hahn says he is pushing Mayor Shank's campaign on the anti-Klan platform.

PRISONERS AWAIT ACTION ON SANITY

Man, Jailed as Insane, Dies in Hospital.

The number of persons held in the county jail awaiting commitment to the Central Hospital for the Insane, or insanity inquest, because there is no other place to keep them, totals nine today. Sheriff George Seider said. Three have been declared insane at inquests before justices of the peace. Four are held on vagrancy charges, suspected of insanity. One prisoner is an Englishman whose eligibility to become a State ward will be determined next month by Circuit Court. He has been in jail more than two months.

FESLER RAPS SECRECY

Ex-Auditor Accuses Lesh and Jackson of Shielding G. O. P. Leaders.

Charging Attorney General Lesh and Secretary of State Ed Jackson are at attempting to protect prominent Republican leaders interested in the National Mortgage and Discount Company, whose license to sell and issue stock was revoked recently by the State securities commission, Leo K. Fesler, former county auditor, today criticized secrecy of the commission.

Fesler made his statement after examination of the records had been refused. Otto L. Klaus, former State Auditor, is president of the mortgage company.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action: it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to serious complications.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, catarrhal bronchitis and other forms of throat diseases. It is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist Creomulsion Co., Atlanta, Ga.—Advertisement.

Woman Choked By Gas On Stomach

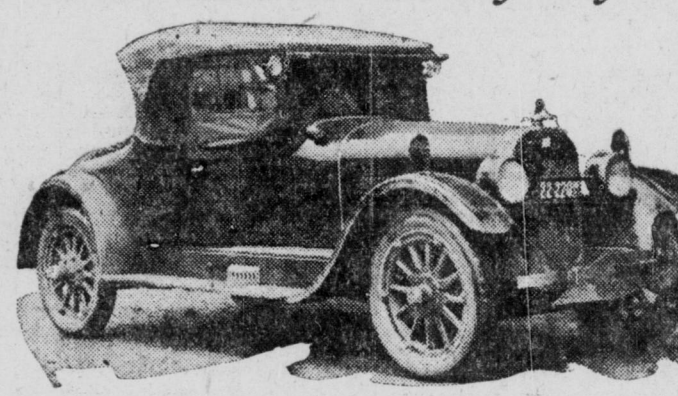

Everything She Tried Failed to Help

"I was bothered with gas so much I thought I would choke. I was nervous, my heart acted bad and was dizzy. Adierka (intestinal antiseptic) has done wonders for me. Gas is gone, heart acts better and no more dizzy spells. I am very thankful." (Signed) Mrs. T. A. Dorosia.

Intestinal Antiseptic. There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adierka, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel and removing foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all gases, thus immediately relieving pressure on the heart. It is astonishing the great amount of poisonous matter Adierka draws from the alimentary canal—matter you never thought was in your system. Try it right after a natural move.

SCHOOL BUILDING PROGRAM REVIVED AFTER PROTESTS

Few Changes Made in Old Plans as Majority Faction Surrenders—New Architects Named for Shortridge High.

The white flag of surrender flew over the stronghold of the majority faction of the Indianapolis school board today. As a result, plans for three Indianapolis high schools, blocked three weeks ago by Charles L. Barry, Charles R. Yoke and Fred Bates Johnson, again were under way.

At the last board meeting the three, over protests of the other members, De Marie Tappan and Adolph Emhardt, ordered cessation of all action toward erection of a new Shortridge, west side and colored high schools. They said they wanted to "study the program." A storm of protest from civic organizations followed.

Architects Changed. The majority faction capitulated Tuesday night and ordered resumption of the building program, substantially as laid out by the school board in December, before Yoke and Johnson became members.

The only changes made in the original program were that the site for the west side high school was not decided upon definitely and Herbert Foltz was substituted as architect for Shortridge in place of Kopf & Woolfing. This last had been expected. Emhardt and Dr. Haspel voted against removing Kopf & Woolfing.

Almost Same Program. The majority faction also authorized carrying out of plans of the old board for purchase of ground and new additions for grade schools No. 27, Park Ave. and Seventeenth St.; No. 39, State and Lexington Aves., and No. 70, Central Ave. and Forty-Sixth Sts.

So it has come about that the net result of the action of York, Barry and Johnson at the last meeting has been aroused public sentiment, a delay of three weeks in carrying out building program, a change of architects at one school and a return to the old plan in all vital details.

Park Near Shortridge. The new Shortridge will be at Thirty-Fourth and Pennsylvania Sts. and the colored high school at West and Twelfth Sts. Site for the west side high school will be decided upon definitely at the next meeting, according to Johnson, chairman of the committee on buildings and grounds. Site selected by the old board was at Belmont and W. Washington Sts.

At the suggestion of Dr. Haspel, the board will take up with the park board the question of the city's purchasing the block bounded by Pennsylvania, Thirty-Fifth, Meridian and Thirty-Sixth Sts., with the park board. Dr. Haspel pointed out that a park there would greatly enhance the beauty of the new Shortridge buildings on the block adjoining. She also said more ground should be purchased for the west side high school than was planned originally.

New Building Demanded. Dr. Haspel suggested that if the park board will not purchase the land adjoining the site of the new Shortridge, Shortridge alumni raise a fund for the purpose.

For the second time in a year, a large delegation of citizens from school No. 53, Ketcham and Vermont Sts., appeared and demanded a new school building. Christian Carlson, 447 Central St.; Guy B. Smith, 3040 W. Michigan St.; and H. C. Beatty, 451 Arnold St., spoke. They painted a

picture of miserable conditions, culminating in a fire Jan. 22. They complained of these: A building forty years old; outside toilets surrounded by mud in wet weather; inadequate heating system which makes it necessary for children to wear overcoats a large part of the time; half-day sessions up to the 4A grade.

"Last year we asked little and got nothing," one speaker said. "Now we ask a modern six-room building. It has a maypole and a ladder. They were bought by the Mothers Club. The furnace was not good enough to keep the children warm, but good enough to cause a bad fire."

Parents Complain. Conditions at No. 9, Davidson and Vermont Sts., also were cause of complaint from a delegation headed by Mrs. Glenn W. Parrish, 425 N. Liberty St., president of the parent teacher association. She said there are fourteen rooms without electric lights, a ramshackle old portable, an old house formerly used as janitor's quarters now used for classrooms, and a basement without outside exits, which is a fire trap.

From Far and Near. Theodore Roosevelt, assistant Secretary of the Navy, declared before the Hayden Chamber of Commerce Tuesday that Quentin Roosevelt was killed in the war because of our unpreparedness in the air.

Governor Pinchot, Pennsylvania, Tuesday told newspaper men he believed the naval reserve oil leases are fraudulent and should be cancelled.

Story of 19 Hours' Gruelling Told by Victim.

The story of nineteen hours' grueling in which he said he was forced to drink "white milk" and was threatened with bodily harm while a captive in the office of the O'Neill Detective Agency, 254 W. Washington St., told by John Hearn, 623 Edgewood, Ind., has resulted in the arrest of four persons today. His charge was directed against Robert McElroy, 32, of 1299 Central Ave., manager of the agency; Frank Cordell, 533 S. Alabama St., a detective, and Mr. and Mrs. Charles Hasselberg, Edgewood, Ind., all of whom were arrested.

According to police, Hearn said he was forced to make a false confession of an attack upon Mrs. Hasselberg's sister, but was told that \$150 and his automobile would be the price of their promise not to prosecute. McElroy denied the charges.

350 G. O. P. Workers of Eleventh Gather at Huntington.

HUNTINGTON, Ind., Jan. 30.—Approximately 350 Republican workers of the Eleventh District, at a banquet here Tuesday night, heard an address by Edwin P. Morrow, former Governor of Kentucky.

Morrow reviewed the record of the Harding and Coolidge administrations, praising the leaders for bringing the coal and railway strikes to an end and for the resumption of good business.

He made no reference to the soldiers' bonus to the Tanager Dome affair or to the Mellon tax reduction plan.

Miss Vivian Wheatcraft, State Republican vice chairman, and Clyde Wagh, State chairman, made short talks.

Government's Fear of Another Inflation Period Prevents Cut to Correspond With Tremendous Gold Reserve—Mellon Declares Would Encourage Speculation.

By JOHN CARSON
Times Staff Correspondent
WASHINGTON, Jan. 30.—With the financial plight of farmers in the Middle West becoming more acute, a national issue is rapidly developing around the fiscal policies of the Treasury Department.

Indiana bankers, as well as bankers from Northwestern States, are protesting against issuance of Treasury certificates that carry ostensibly only 4 1/2 per cent interest, but in fact carry an interest rate of 5 per cent.

"How can the interest rate be farmers be reduced with the Treasury fixing that level?" is the question asked, in effect, by bankers.

And while the Treasury is protesting and defending itself, Congressmen are urging some method be adopted to give the farmer lower interest rates on his mortgages.

Demands are pouring into Washington something like a flood. Congressmen from Iowa have gone to Secretary Mellon urging a lower interest rate and Mellon's reply was the offering of no suggestion or plan. Financial writers in New York are pounding a way also.

Meanwhile the Government goes on maintaining the high discount level in the face of all protests. It is a higher level today than obtains in France or England, whose resources are impoverished as compared with those in this country. It is an interest level today that has forced Treasury certificates above par on the New York market day after day. A premium, making the certificates bring 102 1/2, has ruled recently.

At the same time, the gold reserve of the Federal Reserve Banks has mounted to record breaking proportions and only through artificial devices has the actual condition been covered up by Treasury officials.

The charge made against Mellon and his conduct of his office is that he hears down too hard with his conservative policies.

Frankly, the Government is afraid of another period of inflation and of rising prices. If the interest rate were reduced to a basis corresponding with the tremendous gold reserve, speculation would be encouraged. Mellon's defenders insist. By maintaining the high interest level, speculation is discouraged and the danger of inflation kept distant.

That Mellon's policies are entirely
