

THREE POLITICAL MACHINES START WORK IN EARNEST

Progressives, Democrats and Republican Offices In Full Swing.

With three State political headquarters working today the political pot began boiling in earnest in preparation for the fall campaign, promising one of the most hard-fought races in the history of the State.

The progressive party, sponsoring Senator Robert M. La Follette for the presidency, and Senator Burton K. Wheeler for the vice presidency, opened up State headquarters at 204 Fair Bldg., with James Lechler, secretary of the Conference for Progressive Political Action in charge.

At Democratic State headquarters at the Claypool, early organization work is under way in preparation for registration day Sept. 6. Democratic State Chairman Walter S. Chambers will be at headquarters Tuesday to complete organization. Chairman of speakers and publicity bureaus will be named. A new treasurer to succeed Dick Miller also will be appointed.

Delegations Call

There was a bustle of activity around Republican headquarters, especially at the women's division. Delegations from Morgan and Adams Counties conferred with Mrs. Vivian Wheatcraft, vice chairman. Daily McCoy, secretary of the State committee, was at home in Versailles because of illness in his family.

According to statements brought back from Chicago some G. O. P. leaders and members of the State committee are not so anxious to have Charles G. Dawes, vice presidential nominee, make speeches to Klan audiences in Indiana because of Dawes' outspokenness against that organization.

It is understood there is considerable turmoil in the minds of certain Republican leaders over the fact they may not be able to curb the outspoken Coolidge running-mate.

The Bert Morgan case also is stirring up trouble for the Republicans, leaders considering the case just another obstacle to overcome.

Charles Watson, brother of Senator James E. Watson, who is seeking to oust Morgan, said Morgan should go.

Another "Brother Charlie"

The Senator's brother declared Morgan had been working against Watson's interests in Indiana for more than a year, and that he told the Senator a year ago Morgan ought to be "fired."

Seventh District Chairman Schuyler Haas said he would announce his choice for the district woman vice chairman soon.

Wayne G. Emmelman has been named chairman of first voters organization in Marion County by C. C. Reeder, State director.

George Hutzell, secretary of the Marion County Republican organization, is in charge at county headquarters. Hutzell declared plans for meetings during August in preparation for full registration were under way.

One of the first Democratic meetings will be held at Booneville, Warrick County, Friday night. William G. Carleton, Evansville, will be the principal speaker. Judge Caleb Lindsey of Warrick Circuit Court, will preside.

WITS SAVE LAD FROM MAD BULL

Seizes Horns and Is Thrown Over Animal's Back.

By Times Special
TIPTON, Ind., July 28.—Attacked and gored by a mad bull, Frank Conley, young son of Mr. and Mrs. Will Conley, is alive today due to his resourcefulness in grasping the horns of the animal and his quickness in getting over the fence, after a six-inch wound had been ripped in his abdomen.

The animal first knocked Conley down and then started to gore him. As the animal lowered its head, the lad caught one of the horns with both hands and was thrown over the animal's back. He got to his feet and won a race to the fence.

SUCH PRETTY CARS, TOO

Stubborn Citizen Refuses to Ride New Trolley.

This is a little story about one of Indianapolis' new street cars, a stubborn man in a hurry and a determined conductor.

Bang! bang! bang! (man beating on center door of car with lusty fist.)

"I say, there. Let me in!"

"Entrance at the front," says the conductor. "There's a sign two feet square that tells you that."

"Bah. I haven't time to walk clear up there. Let me in," the man shouted.

"None. If you want in you'll have to use the entrance not the exit," retorted the conductor.

"Alright then. I won't ride at all."

"Let's go, Tom." Ding-ding.

HOW TO PREVENT SUMMER ILLS OF INFANTS IS TOLD

Dr. Morgan Warns Parents to Watch Milk Especially.

Suggestions on treating summer complaints of children were issued by Dr. Herman G. Morgan, city health officer, today following frequent changes from hot to cool weather.

Here are the two most important factors in causing summer complaints, Dr. Morgan said:

1. Contaminated food or milk.
2. Sudden weather changes.

Keep Milk Cool

"If an infant is artificially fed on cow's milk, extra care should be taken to prevent milk from developing high bacteria count," said Dr. Morgan. "This is best accomplished by keeping milk at proper temperature, which means keeping it constantly on ice until it is ready to be warmed before nursing time."

"Frequently efforts of the board of health are offset after the milk reaches the home, where it is permitted to sit in the boiling sun before it is put in the refrigerator. This occurs particularly when the milk is delivered in the early hours. Arrangements should be made with dairymen whereby milk should be set in the ice box or at least left in a shady spot."

Watch Night Air

Babies should be especially watched for sudden changes of the weather during the night, Dr. Morgan warned.

"Babies should be dressed in a cool and comfortable manner," said Dr. Morgan. "But a sudden change to cool weather in the night means chills a nadin the following twelve to twenty-four hours, the baby suffers an intestinal upset."

Special care should be taken to see that the baby's covers are proper for the temperature, and if it becomes cool, it should have extra covers immediately, Dr. Morgan said.

"If a child suffers summer complaints do not continue to feed it," said Dr. Morgan. "But consult the family doctor in regard to proper means of treatment, meanwhile the giving the child only boiled water."

BRAZILIAN REBELS LOSE SAO PAULO

Federal Forces Capture Stronghold.

By United Press
RIO DE JANEIRO, July 28.—Rebel forces which have held the city of Sao Paulo since midnight, July 4, have capitulated, it was officially announced here today.

"Legal troops (the government forces) have taken all rebel positions in Sao Paulo," the official communique said.

The announcement was not unexpected as it was known the heavy Federal bombardment, which has been under way for several days, had placed the rebellious troops in a hopeless position.

Besting Federal forces estimated as high as 30,000 have been pushing forward into the city for several days.

HOT DESPITE BREEZE

Temperature Stands Around 85 Mark—No Relief Forecast.

Temperatures stood around the 85 mark today. Even breezes failed to bring relief from sultriness. High mark Sunday on the thermometer was 85.

"Not much change in temperature," was the local weather bureau's prediction for Tuesday.

WARSHIPS READY TO ESCORT FLIERS

U. S. Squadron Arrives in Firth of Forth.

By United Press
ABOARD THE U. S. RICHMOND, ROSYTH, Scotland, July 28.—The U. S. Scout Cruiser Richmond which is set to act as flagship of the American naval flotilla which will "convoy" the American world fliers on their trans-Atlantic journey had barely dropped anchor today in the rain-swept Firth of Forth, before Major Davidson, U. S. A., came aboard and began conferences with Commander Magruder regarding final plans for the flight.

Symbolic of the navy's readiness to assist the army to conquer this last perilous span of icy seas, the Richmond, the cruiser Raleigh and the destroyers Billingsley and Reid, lay under the shadow of Firth bridge at anchorage identical to that occupied by the sixth United States battle squadron during the World War. These vessels will accompany Lieut. Lowell Smith and his command.

A British destroyer drew up alongside the Richmond and started pumping in 350,000 gallons of oil which will be burned by the cruiser and by the accompanying destroyers in the northern waters.

Emergency airplane gasoline, 24,000 gallons, will also be carried by the Richmond.

BANDITS BLOW SAFE

Wait in Store Till Employees Arrive—Escape With \$2,000.

By United Press
CHICAGO, July 28.—Two bandits blew the safe of a Buck and Raynor drug store in the business district early today and escaped with \$2,000 after concealing themselves in the store when it was locked up for the night.

When Victor B. Roth, manager, and Wilfred Middleworth, clerk, unlocked the store today, the two men, both armed, met them. They had been unable to get out. The bandits locked Roth in a telephone booth and Middleworth in an office and escaped.

DEATH NOTE SENT TO NEW NEIGHBOR

Colored Woman Warned to Leave Home.

New trouble, resulting from a colored family moving into a white district, threatened today, upon disclosure to police of a letter, received by Mrs. Catherine Crenshaw, colored, 2215 N. Dearborn St., in which she was warned to vacate the property which she purchased last week.

The letter, which Mrs. Crenshaw turned over to Capt. Herbert Fletcher, was written on brown wrapping paper and enclosed in a blue envelope addressed: "Collared, 2215 N. Dearborn St."

It was headed with a crude skull and cross bones, and read:

"Take warning, black face. You're going too far. Go to location where you belong. Will have no mercy on you. So vacate very soon. If not bombs and guns will be used—A Brightwood citizen."

Fletcher ordered an investigation and referred Mrs. Crenshaw to postal authorities.

WATER MAINS SMALL

Chief O'Brien Reports on Pressure at Lumber Yard Fire.

Small water mains along MacPherson Ave. and the use of two pump-overs above the dead end of the main caused the poor water pressure at the \$100,000 fire of the Dyes-Pohlman Lumber Company, Twenty-Eighth St. and the Monon, early Friday, Fire Chief John J. O'Brien said today, after an investigation.

Delays between the second and third alarms were justified, Chief O'Brien said, since battalion chiefs must make thorough survey of the fire before calling out other apparatus. Water pressure was good after the second alarm, O'Brien said.

Auto Runs Into House

An automobile, driven by George Deeter, 1420 W. Ray St., struck a chuck-hole in Coffey St. Sunday night. Deeter told police he lost control. The car ran to the front steps of Martin Hanley, 639 Coffey St., and struck Edward Hanley, seated there. Deeter was held.

TEXAS WOMAN MAY BE STATE'S NEXT GOVERNOR

Mrs. Miriam Ferguson Still in Running for Democratic Nomination.

By United Press
DALLAS, Texas, July 28.—Texas, the biggest State in the Union, may have a woman for its Governor as result of the Democratic primary held Saturday.

Partial returns from 231 of 2,512 counties today showed Mrs. Miriam Ferguson, wife of former Governor James E. Ferguson, in third place in the gubernatorial race, just 28 votes behind the second-place candidate, Lynch Davidson. Felix D. Robertson, Dallas, is leading the field.

Mrs. Ferguson entered the race when the courts held it would be illegal for her husband to hold office because of his impeachment in 1917.

His wife then took his place in the campaign. With her husband, she toured the State making appeals to the women of the State to "clear Jim's name" of the blight of impeachment by voting for her.

During the last few weeks Mrs. Ferguson gained strength rapidly and politicians who had regarded her entrance in the race somewhat of a joke, awoke to the fact that "Farmer Jim" still had a big personal following throughout the State, particularly in the rural sections, which was turning out for Mrs. Ferguson.

Mrs. Ferguson strongly opposed the K. K. K. in her platform.

The candidate will be chosen at a run-off primary, in which the two polling the highest number of votes in Saturday's voting will oppose each other.

Alleged Liquor Violator Gets Two to Five Years.

Harris Biddle, 719 N. Noble St., was sentenced to two to five years at the Indiana State Reformatory by W. W. Thornton, special judge, in Criminal Court today. Biddle was found guilty of violating prohibition laws. A large still in operation, forty-one gallons of white mule and 700 gallons of mash were found at the Noble St. address in a liquor raid Jan. 8.

INCINERATOR SUGGESTED

Dr. Morgan Says Dumping Grounds Will Be Exhausted Soon.

Available city dumping grounds for trash and rubbish will be exhausted within two years, Dr. Herman G. Morgan, city health officer, warned today in advocating a city incinerator to reduce dumpings.

"The grounds at present not only are becoming filled, but constitute a menace to public health," said Dr. Morgan. "They become nests for rats, and flies."

The sanitary department has recently put a sewage and garbage reduction plant into service, but trash and rubbish still continue to be dumped in hollows and vacant lots, many on city property. The board of health has attempted to eliminate this by warning signs, but the practice has been continued in some quarters.

HERBERT SELIG, MERCHANT, WILL BE BURIED TODAY

Prominent Business Man Dies Suddenly Dressing for Theater.

Funeral services for Herbert Selig, 35, secretary of the Selig Dry Goods Company, who died at his home, 4012 Central Ave., Saturday night, were set for 2 p. m. today.

Rabbi Morris M. Feuerlicht of the Indianapolis Hebrew Congregation was to have charge of the services both at the home and at Hebrew cemetery. Pallbearers: Julian J. Kiser, Stanley Roth, S. Carroll Kahn, Raymond Kiser, Dr. Louis H. Segar, Melville S. Cohn, Milton L. Sternberger and William P. Meyers.

Was Going to Theater

Mr. Selig's death occurred while he and Mrs. Selig were preparing to go to a theater. Death was due, according to physicians and Dr. William A. Doeppers, deputy coroner, to cerebral embolism.

Saturday afternoon he played eighteen holes of golf, and while getting ready for the theater remarked

that he was tired and would lie down for a short time. When Mrs. Selig called him shortly afterward he could not be aroused. Physicians were summoned, but he was dead when they arrived.

Resident Here Thirty-Two Years

He is survived by the widow, Mrs. Florence Selig, a daughter, Clara, 3; three sisters, Mrs. Samuel Hahn and Mrs. Max Dessau of Indianapolis and Mrs. Leo Netzorg of Youngstown, Ohio, and his mother, Mrs. Hannah Selig of Indianapolis.

He was born in Philadelphia, Pa. He lived in Indianapolis for thirty-two years and was graduated from Manual Training High School. He entered the Selig Dry Goods Company more than fifteen years ago, taking his father's interests.

BRIDGES STILL WORRY COUNTY

Attorney Says Work Depends Upon Financial Decision.

Work on Oliver and Kentucky Ave. bridges over White River will not go forward, until the question of how they are to be paid for is decided, Merle N. A. Walker, attorney for the contractors, said today. The city let the contracts under the flood prevention law which provides that the county and city divide 90 per cent of the expense and neighboring property owners pay the remaining 10 per cent.

County commissioners insist that by a "gentlemen's agreement" the county was to build the Delaware St. bridge over Fall Creek, now under construction, and the city was to pay for the Oliver and Kentucky Aves. bridges.

If the city and county are unable to reach an agreement in the matter the bridge probably will not be built. This will leave the commissioners holding the sack as they always have been far more interested in the Kentucky Ave. bridge than in the one over Delaware St. which is of relatively small value to farmers and residents of the county outside of Indianapolis.
