

# 'WOMAN DIP' IS SOUGHT BY POLICE

Negro Held After Reporting He Was Robbed.

A "woman dip" operated in near Meridian and Washington Sts., Thursday and Mrs. Rilla Bolander, R. R. J., Box 219, was the victim. Mrs. Bolander told police the woman about 40, short and heavy set, opened her purse and took \$30.

Spencer Brooks, colored, 48, of 1535 Cornell Ave., called police to Blake and Walnut Sts., and said a man held him up and took \$20. Later he said he took from \$30 to \$40 and then at headquarters said \$5. He also said a diamond ring was taken but when police searched him and found a pawn ticket for the ring and smelled liquor on his breath they slated him on charges of vagrancy and intoxication.

Louis Drew, 223 N. Rural St., a driver for the Monument Bottling Works, told the police he was making a delivery at the State fairground and turned to see a colored man run and then found \$56 in bills and a check for \$2.40 was taken by the pickpocket.

A man was seen taking twenty-two chickens from a coop at the C. J. Wilding grocery, 3334 Clifton St., by Jack Bush, 3331 Clifton St. Bush called police.

# LAW IS MISUNDERSTOOD

Game Official Quotes Statute Affecting Animals.

George N. Mannfeld of the State department of conservation has been deluged with letters which he says show a general misunderstanding of laws regarding fur-bearing animals in the State.

"It is unlawful," says Mannfeld, "for any person to kill or have possession of any fox, raccoon, skunk, opossum, mink or muskrat."

FEAR OF EVIL resulting from change of diet, water or climate, concerns those who take on the short trip, summer vacation or long journey.

# Illinois Central System Has Paid Cash Dividends Regularly for Sixty-Four Years

The Illinois Central System has paid cash dividends on its capital stock every year since 1860. This is a record which can be duplicated by but few business organizations of any kind in this country. The rate of dividend paid has ranged from a minimum of 4 per cent to a maximum of 10 per cent a year. Since January 1, 1917, the rate paid has been 7 per cent. The average cash dividend paid throughout the sixty-four years has been 6.83 per cent a year.

The market price of Illinois Central stock has fluctuated, as have the market prices of other securities, but this dividend record shows that Illinois Central stock has always been a dependable investment. The Illinois Central System, however, is one of the most fortunate American railroads. Its lines serve the Mississippi Valley, the "bread basket of the world," and it has always enjoyed good credit.

Credit is both the cause and the result of efficient operation. No railway system can serve its patrons adequately unless it has the credit that will enable it to borrow money for necessary expenditures upon property improvements as needed. Therefore we believe that the patrons of a railroad should be as much interested in safeguarding the credit of that railroad as the operators of the road themselves.

The number of holders of Illinois Central stock has varied from time to time. At present there are 16,442 holders of the common and preferred stock. Of this number, 6,517, or about 40 per cent, are women, whose average holding is 37.9 shares each. The average holding of all shares, both by companies and by individuals, is 79.2 shares.

We are proud of our remarkable dividend record. We feel that it is a record of which every person living in the territory served by the Illinois Central System has a right to be proud. Our dividend record has been made possible by the excellent service which this railroad has been able to render to its patrons, together with the fertility of the soil and the steady industrial and agricultural development which has taken place in the territory served by the Illinois Central System lines. It is not too much to say that many manufacturing plants have been induced to locate in our territory in order that they might have the benefit of Illinois Central System service.

This statement is not intended to encourage anyone to purchase Illinois Central stock, but is in line with our established policy of acquainting our patrons with every phase of the Illinois Central System's organization and record of performance.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,  
President, Illinois Central System.
