

## BELATED WINTER CAUSES DROP IN HUNTING PERMITS

Slightly Over 400 Licenses  
Issued So Far This  
Month.

Warm weather has undoubtedly saved the life of many a nimble bunny, as Marion County hunters to date have taken out far less hunting licenses than in a corresponding period of 1923, according to the Gus Habich Company, 126 E. Washington St., one of the stores which issues the permits as agent of the State Department of Conservation.

Few more than 400 hunting licenses have been issued this month. The usual number of November is nearly 3,000. The day before Thanksgiving last year 560 local Nimrods bought a license.

According to Misses Frances Moran and Viola Scott, who are kept busy handling the department, the colder weather and opening of the quail season Monday, portends a rush of business, coupled with the fact that the annual Thanksgiving slaughter is about due.

October this year, however, saw only 630 licenses issued as compared to 892 in 1923. The company an-

## High Blood Pressure Often Brought On by an Unhealthy Liver

Diseases of heart, kidneys, blood  
vessels due to body poisons

Medical science knows that poisonous waste in our bodies would actually cause death in a few days if not eliminated by Nature's processes. Because it destroys these deadly poisons, the liver is our most important organ—the body's wonderful purifier.

The liver prevents the formation of body poisons that cause diseases of the heart, kidneys, blood vessels and are chiefly responsible for premature old age.

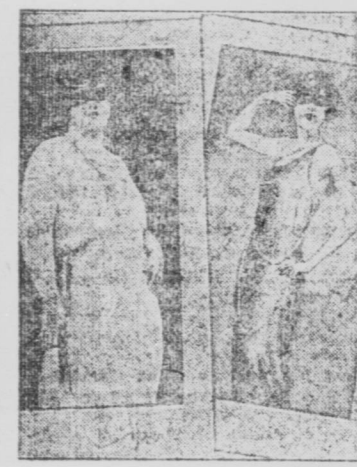

When the liver becomes weak, the poisons are sucked up by the blood and health is broken down. Physicians know that the liver can not be regulated by drugs, but a safe Nature substance has been discovered which will at once increase the vital bile supply. The discovery is purified ox gall.

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each.

These genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original, genuine package.—Advertisement.

## FREE TO FAT PEOPLE

MADAME ELAINE  
(OF PARIS)  
Tells How to Easily and  
Safely REDUCE

Dear Fat Friend:  
Although I have not met you personally, I know what you are going through. FOR YEARS I was myself burdened with ugly rolls of fat. FOR YEARS I suffered with rheumatism, backache and dizziness. I was tired and "all in"—FOR YEARS I had tried everything to reduce, and every trial was another disappointment. I had given up all hopes to ever get thin until one day in Paris I found out the secret to which so many of the beautiful French women owe their slender and attractive figures. It is called SAN-GRINA, the discovery of a French physician, the easiest and safest way to reduce I ever heard of, and also the only effective one I ever found. I DID NOT HAVE TO GIVE UP DELICIOUS FOOD. I WAS ENJOYING IN PARIS DID NOT HAVE TO GO THROUGH STRENUOUS EXERCISES. I WASN'T THROTTLED BY DIET OR GYMNASIUMS WHICH I FOUND OUT IN MANY CASES TO INFLAME INTERNAL ORGANS—DID NOT TAKE DANGEROUS CLEANSING OILS OR SO-CALLED REDUCING CREAMS. With this simple, wonderful new way, I took off 50 pounds in less than eight weeks. My figure was gradual, safe and lasting, and so for yourself the chance this marvelous discovery brought to me. I have never felt nor looked better in my life. It may be that you only have to take off one or two rolls of fat from your hips, bust, ankles, chin or neck—or perhaps a few pounds less would make you look younger and more attractive. SAN-GRINA will do the trick. Go to your druggist, ask him for the package of SAN-GRINA (remember the name, and do not accept any substitute. SAN-GRINA has never before been used in private practice, where big were paid for it.) SAN-GRINA is a tip in small tablets, take two or three times a day, and watch the change in your figure. SAN-GRINA is GUARANTEED ABSOLUTELY HARMLESS, not only reduce me, but it greatly improved health—now sold at a price within the reach of all. On file at any of these or Goldsmith Bros.—Advertisement.

## In Congress

Mrs. Mary Giles Howard of Tennessee is one of the three new Congresswomen-elect.

nually sells approximately 8,000 licenses.

The Elm-Roe Sporting Goods Company, 203 W. Washington St., also an agent of the State department in selling licenses, reports that with the opening of the quail season and the cooler weather demand for permits has increased. Last Saturday 200 were issued. On the day preceding Thanksgiving in 1923, the store sold 500. More than 7,000 were sold in 1923.

The Hoffman Sporting Goods Company, 245 Massachusetts Ave., which annually sells approximately 2,000 licenses, reported business good recently in the license line. Smith-Hassler-Sturm Company, 219 Massachusetts Ave., annually sells approximately 4,000 licenses.

## HAD PIMPLES FOR MANY YEARS

All Over Face, Itched and  
Burned Cuticura Heals.

"I was troubled with pimples for many years. They were scattered all over my face and were large and red. The pimples itched and burned, and often caused loss of sleep. My face was disfigured and the eruptions often caused embarrassment. I tried many remedies without success. I sent for a free sample of Cuticura Soap and Ointment and after using found relief so purchased more, and after using three cakes of Soap and three boxes of Ointment I was healed." (Signed) Miss Catherine Haughey, 4140 Storer Ave., Cleveland, Ohio. Use Cuticura Soap, Ointment and Talcum for daily toilet purposes.

He can give overnight service that is entirely satisfactory. He makes a specialty of cleaning out the engines and refilling with the correct oil and gas. "In all my experience I have never allowed a car to go out of my shop that wasn't in the very best possible shape," he says.

Van Osdol has room for storage of forty cars by the day, week or month. He has all kinds of auto supplies, tops, fenders, accessories and parts.

**GOOD INSURANCE**  
IS WELL FOUNDED  
Jackson K. Landers Will  
Write Casualty Insurance.

"The secret of good insurance," says Jackson K. Landers, representative of the United States Fidelity and Guarantee Company, "is in having a good company back of you."  
"Insurance does not have to be sold to intelligent far-sighted men. It is merely a question of writing it for them. The very terms—compensation, liability, automobile, burglary and all the other kinds of casualty insurance naturally appeal to the common sense side of every individual."  
"There is too much chance for misfortune befalling persons in this day and age of stress and circumstance to risk running around tempting fate unguarded without some sort of insurance against the future."  
Landers will write the policy that will best suit the circumstances of your manner of living.

**DOES TRANSFER**  
JOB EFFICIENTLY  
Mike O'Brien Makes Moving  
Almost a Pleasure.

If moving your worldly goods could be made a pleasure, Mike O'Brien Transfer and Storage Company would come as near doing it as possible. O'Brien will move both household and commercial goods, but his specialty is household moving.  
Six big motor trucks and one horse-drawn, are at work constantly at the job of hauling valuable household furnishings from one neighborhood to another. A transfer man is taking a big risk when he takes it upon himself to move the family heirlooms or even the much loved overstuffed that took so long to pay for and seemed so long in becoming a realized dream. O'Brien would not be one of the oldest and best transfer men in the city if he had not long ago realized the seriousness of his job and taken special precautions to protect his customers against loss and accident.

Long trips have no terror for O'Brien's overland trucking equipment. The last long distance job he had was during the past week to Indiana. He will work in Ohio, Michigan, Illinois and Kentucky. He carries insurance on every bit of work he does, but he employs only skilled workmen who make it a safe proposition.

Storage of commercial as well as household furniture is taken care of in an up-to-date storehouse, where the best of protection and care is given it.
