QUART OF WATER A DAY HELPS KIDNEYS

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatism, the twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been prescribed by the world's leading physicians to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician check your kidneys at least twice a year.—Advertisement.

PRESIDENT SENDS BUDGET MESSAGE TO CONGRESSMEN

Forecasts \$373,743,714
Treasury Surplus at End
of Next Year.

By United Press
WASHINGTON, Dec. 2.—President Coolidge's annual budget message laid before Congress today, forecast a \$373,743,714 treasury surplus at the end of the next fiscal year and urged a program of drastic governmental economy, to permit another cut in Federal taxes.

"I am for economy," the President declared. "If we continue the campaign for economy we will pave the way for further reduction in taxes."

Mr. Coolidge, however, proposed that consideration of further tax reduction legislation be deferred until the effect of the present revenue law has become more apparent.

The budget of governmental expenditures for the fiscal year ending June 30, 1926, transmitted by the President, totaled \$2,767,551,378, a decrease of \$26,552,459 below estimates for the current fiscal year. Receipts were estimated at \$3,641,295,092, an increase of \$39,326,795, which, with the \$67,884,459 surplus estimated at the end of the current fiscal year, would bring the unusual large surplus forecast by Mr. Coolidge nineteen months hence.

Estimates Surplus
"For those things which we are now required to do we are fast reducing our expenditures to a minimum consistent with efficient service," said the President. "We have before us an estimated surplus of \$25,000,000 for the current fiscal year and \$373,000,000 for the next fiscal year."

ORDINANCE FIXES HIGHER LICENSES FOR CITY BUSESSES

Proposal Introduced in Council Referred to Safety Committee.

Higher license fees for motor buses and jitneys were proposed in an ordinance introduced in city council Monday night by Councilman Lloyd D. Claycomb, in which the maximum charge was increased from \$100 to \$250 annually. The ordinance was referred to the safety committee.

The present schedule of fees, ranging from \$25 annually for buses carrying over seven passengers to \$100 for those carrying over seven passengers, would be increased to \$100 for buses of five-passenger capacity or less, \$125 for buses from five to eight-passenger capacity, \$150 for eight to twelve-passenger capacity, and \$250 for more than twelve passengers.

The ordinance also provided that bus companies not be required to file a bond with the city, but provide insurance policies of \$10,000 to \$20,000, depending on capacity of the bus.

Dissemination Denied
Despite the fact that a delegation of 100 citizens living in the vicinity of Tibbs Ave. and the Big Four tracks, between Sixteenth and Twentieth Sts., appeared before the council asking dissemination from the city, the ordinance providing separation from the city was killed with four yeas and five nays.

The council acted on all ordinances, clearing the slate for the first time this year.

Three ordinances were referred to committees. They would raise the salary of Harry Newby, superintendent of the municipal garage, from \$2,300 to \$2,500; the salary of Harry Singer, garage foreman, from \$1,500 to \$2,000; and the salary of Oscar Quiesner, secretary to Police Chief Herman F. Rukhoff, from \$2,200 to \$2,400.

Building Lines
An ordinance intended to regulate building lines on city streets was introduced on recommendation of the city plan commission. It would permit a hedge or artistic design on lawn to a height of six feet, provided that 25 per cent of the residence, should control a building line, and that in sparsely settled districts the building line should be 20 per cent of the entire depth of the lot.

A letter from the Broad Ripple Chamber of Commerce saying that a truck and trailer truck was loaded at the Broad Ripple fire station to give adequate protection was referred to the safety committee.

An ordinance was ordered prepared requiring the Pennsylvania railroad to maintain a flagman at the Hann St. crossing in University Heights.
