Are You Becoming Bald?

We Tender You a Legal Guarantee to Grow Your Hair or Refund Your Money.
Read what a prominent lawyer of Indianapolis has to say of the Thomas System. My hair was dry and brittle and crown and forehead were entirely bald and I had a severe case of dandruff. Also my hair was falling like the leaves of autumn. Today, after taking only twenty treatments, I have a crop of new hair, much of it two inches long and more coming. You eliminated my dandruff, stopped my itching scalp, stopped my hair from falling, restored its luster and have grown new hair.

I have observed many other cases in your office, where you have given real, instant relief. I know that you are reliable and responsible and do more than you promise or guarantee to do.

FEATHERWEIGHT CROWN AT STAKE IN N. Y. BOUT

Kaplan 'Big Favorite' Over Kramer in Gotham Fight Tonight—Dundee May Return Home to Claim Title.

NEW YORK, Jan. 7.—A pair of willing wallopers will whale away at each other in the gory old square of Madison Square Garden tonight for a prize that may crumble to dust or ashes in a few weeks.

H. A. C. Center

Kid Kaplan of Meriden, Conn., and Danny Kramer of Philadelphia, survivors of the so-called featherweight championship tournament, will fight the final and championship bout of the long elimination process in fifteen rounds or less to a decision or other conclusion.

And then, in a few weeks, Johnny Dundee, who "vacated" the title last summer, will return home, probably to claim the championship again. If Dundee should reclaim it, no boxing commission can deny his right to the title, provided he undertakes to make the featherweight limit of 126 pounds, six hours before ring time.

Dundee is in Paris. He has spent a few thousand dollars on his trip abroad, and he can recoup this cost and snatch down a profit of at least \$25,000 by agreeing to fight the winner of Friday night's fight.

Kaplan fought his way through the tournament, winning two bouts, whereas Kramer drew a bye and advanced from the first round to the final without a second-round struggle. Kaplan is a favorite at almost 3 to 1 to beat Kramer.

Dundee weighed about 145 pounds, according to his acquaintances on Broadway, when he sailed for Europe, but his faculty for removing tonnage is well known, and it does not seem improbable that he should reduce to 126 pounds at least once more for a final purse in the ring.
