

AMERICAN DOCTOR JAILED IN MEXICO

State Department Probes
Action of Authorities.

By United Press
WASHINGTON, Jan. 14.—The State Department today instructed the American embassy at Mexico City and Vice Consul Vogenitz at Progreso, Yucatan, to investigate detention of Dr. W. F. Lorenz of Wisconsin by Mexican authorities.

Lorenz, who was on a fishing trip, was arrested by the captain of the port of Progreso with the captain of the wrecked American schooner, Ruth, of Pensacola, Fla.

Department officials believe probably the charge on which Lorenz is held is filibustering. It is considered possible the Ruth may have been a gun runner.

BEWARE THE COUGH OR COLD THAT HANGS ON

Chronic coughs and persistent colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to serious complications.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, catarrhal bronchitis and other forms of throat diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga.—Advertisement.
