## PASTOR IS INDUSTRIOUS

Saves Flaming Auto Despite Wheels Frozen Fast.

By United Press  
TIPTON, Ind., Jan. 16.—When his auto refused to start, Rev. H. G. Wilkinson, pastor of local church, poured gasoline on the priming cocks. He poured too much and the starter fired the car.

Wilkinson put his shoulder against the automobile to roll it outdoors to save two other cars from burning, but the brake and rear wheels were frozen fast. While he heaved, heat gradually thawed the car and it rolled outdoors. Wilkinson extinguished the blaze with snow.

"Me for Florida," said Wilkinson after it was over.

The Swiss government has established postal motor car service over the highest Alpine passes.
