Son, 30, Will Take Charge  
of \$35,000,000 Business.

CHICAGO, Jan. 22.—Philip K. Wrigley, just turning 30, shortly will take the helm of the \$35,000,000 chewing gum business of his father, William Wrigley Jr., it was revealed today. Philip's election to the presidency is scheduled for next month at the annual stockholders meeting. William Wrigley, now in the West, is to take the post of chairman of the board of directors. It was made known. Philip's succession to his father's place will make him the youngest head of a big industry in the country. He now is vice president of the company.

Young Wrigley is a graduate of the University of Chicago. Following graduation he entered his father's office and after a brief period of training went to Australia, where he placed the company's products on the market.

## WOMEN BORN 1873 TO 1881

Now Is the Critical Time  
Lydia E. Pinkham's Vegetable Compound will Help You Safely Through

"During the Change of Life I was weak and run-down and could hardly do my work. By reading your advertisement I found out about Lydia E. Pinkham's Vegetable Compound and it has straightened me right out and made me feel like a new woman. By the time I had taken eight bottles I was well and could do my housework on the farm without trouble. I recommended it to my daughter-in-law after her second baby was born and it did her a wonderful lot of good. I told her to try it and if it didn't help her I would pay for it, and before she had taken one bottle she said to me, 'You won't have to pay for it! It is helping me wonderfully.' And she took three bottles of it. You can use my testimonial if you wish."—Mrs. Elsie Ackerman, Convo, Ohio.

Consider carefully Mrs. Ackerman's letter. Her experience ought to help you. She tells of the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.—Advertisement.

## Ethel Watch The Times Why Girls With Thin Blood Always Look Pale And "Washed Out"

ANY doctor will tell you that when your blood is thin, pale and watery, you can not be well and strong, with a clear, satiny skin, pink cheeks, bright eyes and rosy lips. Also that there is no longer any excuse in most cases for girls to be "tired," "sallow" and "washed out," utterly lacking in that vitality and bounding health which makes other girls so popular and attractive.

For thousands of examinations by physicians have shown that this condition is in many cases due to blood deficient in iron. And since the discovery of a new combination of organic iron like the iron in our own blood, it is now possible to wonderfully increase your strength and endurance and see the "new" natural color come back often in only 2 weeks' time.

This was explained recently by a well-known physician. He said:—"Iron is absolutely necessary for red blood, and when the iron in your blood runs low, your red corpuscles die by millions, the strength goes from your body, the color from your face and your every action lacks power. Almost invariably in such cases I prescribe organic iron—Nuxated Iron—to enrich the blood and create thousands of new red blood cells, thereby quickly transforming the flabby, toneless flesh into firm, healthy tissue. I have known Nuxated Iron to give women greatly increased strength and energy in 2 weeks' time and make them look years younger."

Make this amazing test without risking a penny!—Get Nuxated Iron today and take it for just two weeks, and if even in that short time you do not notice a marvelous improvement in appearance, health and vigorous energy, your money will be promptly refunded. Sold under this absolute guarantee by all good druggists.

## Rolling Stone Gathers No Moss, Is Motto of Hoosier College Head

WILLIAM P. DEARING

Attains Success in Educational Work by  
Sticking to Job.

By Times Special  
OAKLAND CITY, Ind., Jan. 22.—Globe trotting is not essential to attain success, Dr. William P. Dearing, president of Indiana State Teachers' Association, first graduate and for thirty years head of Oakland City College, has proved.

The fall of 1894, after graduating in the spring, Dr. Dearing became dean and acting president of his alma mater. Under his direction the college has developed from a struggling school of twelve students into an institution with an annual enrollment of more than 1,000, and an endowment of more than \$500,000.

Born Sept. 30, 1874 in a log cabin in Pike County, Dearing attended a one-room school, and was graduated from Oakland City High School.

He has done post-graduate work at University of Chicago, and holds the degree of LL. D. from Franklin College, in recognition of noteworthy work in rural education in southern Indiana. At 19 he was ordained a Baptist minister.

In 1896 he married Miss May Cochrum, of Oakland City, sister of John Cochrum, 1416 N. Alabama St., Indianapolis.

Until this year he has taught classes in the college, including Greek, Latin, French and Hebrew. He has refused chairs in larger institutions.

Dr. Dearing always has shown interest in poor boys and girls, and makes it possible for any one to secure a college education at Oakland City.

"We have no fraternities, no cigars, no or off the campus, and no dancing," he said.

Protection for Contractors

Contractors on Barrett law construction jobs would be permitted to await sale of improvement bonds before beginning work, under provisions of a bill to be introduced in the House today by Representative Babcock, Rensselaer.

## THIRTEENTH UNLUCKY

Boy Bandit, Successful Dozen Times, Finally Shot Down.

By United Press  
OMAHA, Neb., Jan. 22.—His thirteenth hold-up attempt will prove fatal to Guy Parker, 16-year-old bandit physicians believed today.

Parker was shot by Ralph Coppock, cafe proprietor, whom he tried to hold-up. A companion, George Gillespie, 19, was arrested and confessed he and Parker had "stuck up" and even dozen before the boy was shot down.

For Drivers License

The Automobile Club of Southern California and other civic organizations are favoring legislation for a driver's license in California. It is another attempt to control traffic and restrain irresponsible drivers.

\$1,250,000 Boulevard

New York will soon begin construction of its "Pipe Line Boulevard" running across three of its counties. Its cost will be \$1,250,000, four-fifths of which will be paid by the city.
