

# TARZAN of THE APES

By EDGAR RICE BURROUGHS

**BEGIN HERE**  
After the death in 1890 of John Clayton, Lord Greystoke, and his wife, Lillian, in the African jungles, a mother ape steals their infant son Tarzan, and drops him on the ground in the jungle. At 12 years, Tarzan can learn to read English books in his father's cabin, but can speak only apelike language. He has a photo diary, a diary, and a pocket. As the diary is in French, Tarzan does not understand the title of strange life. Monkeys and his tribe of savages invade his territory next. Tarzan's home is a cabin on the beach, with an anchor near-by. Tarzan saves the lives of the Long Gostokes, his companion Jane Porter, and her colored maid, Esmeralda. Prof. Archibald Q. Porter, Jane's father, and his son, Samuel T. Philander, bury the skeletons found in the cabin and notice the time and date on the diary. After Jane leaves a love note for Jane, but is stolen by Terk, an ape before finding it again. Tarzan's friends are apes to save Jane, she embraces him ardently, but on second thought repudiates him, he carries her off into the jungle. A party search for her.

Early the following morning the four within the little cabin by the beach were awakened by the booming of a cannon. Clayton was the first to rush out, and there, beyond the harbor's mouth, he saw two vessels lying at anchor.

One was the Arrow and the other a small French cruiser. The sides of the latter were crowded with men gazing shoreward, and it was evident to Clayton, and to the others who had joined him, that the gun which they had heard had been fired to attract their attention if they still remained at the cabin.

Both vessels lay at a considerable distance from shore, and it was doubtful if their glasses would locate the waving hats of the little party far in between the harbor's points.

Esmeralda had removed her red apron and was waving it frantically above her head, but Clayton, still fearing that even this might not be seen, hurried off toward the northern point where lay his signal pyre ready for the match.

As he steamed nearer to the derelict they were surprised to note that it was the same vessel that had run from them a few weeks earlier. Her fore-stay-sail and mizzen-sparner were set as though an effort had been made to hold her head up into the wind, but the sheets had parted, and the sails were tearing to ribbons in the half gale of wind.

In the high wind that was running it was a difficult and dangerous task to attempt to put a prize crew aboard her; and as no signs of life had been seen above deck, it was decided to stand by until the wind and sea abated; but just then a figure was seen clinging to the rail and feebly waving a mute signal of distress toward them.

At some distance away she stopped and a boat was lowered and dispatched toward the beach.

As it was drawn up a young officer stepped out.

"Monsieur Clayton, I presume?" he asked.

"Thank God, you have come!" was Clayton's reply. "And it may be that it is not too late even now."

## WASH YOUR KIDNEYS BY DRINKING WATER

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pain in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges.

To help neutralize these irritating acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure, and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year. —Advertisement.
