

FEDERAL HEADS START MOVE TO SLASH EXPENSES

Coolidge Stirs Up Activity—
Demands Pay Roll
Be Cut.

By United Press
WASHINGTON, Jan. 27.—Summons by President Coolidge to the Federal heads of the Government today took stock of their departments and prepared for another drive to cut expenses.

Immediate goal, which the President set Monday night in a speech at the semi-annual business meeting of the Government is to bring expenditures for the current fiscal year within \$3,300,000,000.

A smashing drive to weed out the unnecessary and inefficient on the Federal pay roll will be undertaken at the President's direction.

Harding's Wish
The President's request to bring expenditures within the \$3,300,000,000 limit is to fulfill wish of the late President Harding to reduce cost of Government to that sum. It will require an additional saving of approximately \$62,000,000 under the present contemplated expenditures.

Coolidge vigorously announced determination to cut the Government pay roll.

"We have superfluous employees," he said. "It is an unpleasant and difficult task to separate people from the Federal service, but it can be done. I advise Federal administrators to plan to operate with a smaller personnel than is now employed."

More Economy

The President's address was centered on a warning that the nation's prosperity and consequent ability to pay more taxes was not to be taken as any indication that the Administration's economy policy was to be in the slightest degree relaxed. On the contrary, the President said, economy is just beginning.

"Loyalty to the taxpayer of the nation demands a reduction in taxes," he said.
