Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual breakdown of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S.S.S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S.S.S. is one of the greatest blood cell builders, blood cleansers and body builders, known to us mortals. Here is your opportunity! S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S.S.S. today and get back that power in your blood!

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Marion Harris 'Blues' Song Is So Hot It Melts Phonograph Needle

YOU are accustomed to fairy stories over the radio, but here is one for you over the phonograph.

I put on my phonograph Marion

WILLIAM BACHAUS
On Friday afternoon at 3 o'clock, the Matinee Musical will present William Bachaus, pianist, in recital at the Murat.

By WALTER D. HICKMAN
Harris' new jazz number, "The Blues Have Got Me."

This record is so blamin' hot that it "melted" (believe it or not) a brass needle into brass powder.

Well, anyway, a needle went all to pieces and had to start the record all over again with a new needle. When a needle gets so hot that it breaks, then it must be a hot record.

In this number, a Brunswick record, Miss Harris sings of her grandmother and grandfather who "ate up Chopin" and others great musical writers, but she allows that she don't care much for 'em but give her "a hot hand in a hall."

This number gets the warmest when she imitates the saxophone and other wicked instruments in a hot jazz band. This is hot nonsense, but it is the musical sauce of the hour. And when it comes to putting temperature in jazz music, Miss Harris is there.

On the other side of this Brunswick record is "Tea For Two," from

"No, No, Nanette." This song isn't just the type for this syncopated singer. Pretty number, but not the regulation Harris brand.

Mister Jolson Again

Just why Al Jolson is considered the best Brunswick seller is not difficult to discover. He specializes in a sort of heart ballad about life, mammy, some old State and the like. His new Brunswick includes "Hello, Tucky," one of those State home-like songs in which California is shown not to be the only State where the sun shines.

But the other side contains the real Jolson number, "Trouble's a Bubble." Jolson sings about life and preaches a sort of a heart sermon on the value of letting the sunshine into one's life. He sings of the little violets being wrapped in a blanket of snow but the little violet is always happy because it is waiting for spring and the sunshine.

So break the trouble bubble with a smile. Sentimental hokum it might be called, but it gets into the heart. Done in Jolson's best style.

Jolson is accompanied by Carl Fenton and his orchestra for both numbers.

New Orchestra
Just got acquainted with a new orchestra on an Okeh record. Am speaking of the Arcadia Peacock Orchestra of St. Louis with Jack Ford conducting. You will run across some hot banjo and saxophone work while this orchestra is playing "Where's My Sweetie Hiding."

On the other side "Let Me Be the First to Kiss You Good Morning" and also with the understanding that "I'll be the last to kiss you goodnight." This is one of those honey-dew creations of Al Bernard and Russell Robinson.

This number has a pleasing swing. It contains might smart play as do all of Robinson's compositions. Yes, it is a fox trot and good for the evening dance at home.

Am wild to tell you about some

new classical records as well as some of the hits from present Broadway successes.

Indianapolis theaters offer today: "Blossom Time" at the Murfat; Dick Henderson at Kelt's; Milt at the Palace; Maureen Englin at the Lyric; "Hotsy-Totsy" at the Capitol; "A Thief in Paradise" at the Circle; "Circe, the Enchantress" at the Apollo; "Miss Bluebeard" at the Ohio; "The Navigator" at Mister Smith's and "The End of the Trail."

Miss Leona Neff, 2605 Jackson St., will give a concert at Capitol, Wednesday night, in conjunction with regular performance. This is Miss Neff's first public appearance and is made in preparation of adopting a course on the chautauqua and concert stage.

CUPID LAUGHS AT FATE

Mr. and Mrs. Ben B. Pursley, 1826 Montclair St., were recovering today from cuts and bruises suffered when

their auto turned turtle near Edinburg, Ind., early Tuesday morning while they were en route to Louisville, Ky., to be married.

Mrs. Pursley, then Mrs. Mona Hunley, had several stitches taken

in facial cuts, and the couple, accompanied by Mrs. Pursley's daughter, Mrs. Bernard Martin, continued on to Louisville, via Interurban. The ceremony was performed by Judge Dan Warren.

COLDS
"Pape's Cold Compound"
Breaks a Cold Right Up
Don't stay stuffed up! Take "Pape's Cold Compound" every two hours until three doses are taken. The first dose opens clogged-up nostrils and air passages of head; stops nose running; relieves headache, dulness, feverishness, sneezing. The second and third doses usually break up the cold completely and end all gripe misery. "Pape's Cold Compound" is the quickest, surest relief known and costs only thirty-five cents at drug stores. Tastes nice. Contains no quinine. Instruct upon Pape's—Advertisement.

—But, for the Utmost in Performance Buy SOLITE GASOLINE
(REG. U.S. PAT. OFF.)
A PERFECT

Cold weather, at best, is hard on a motor. Treat it fairly by giving it every advantage.

You expect the same kind of performance in winter that you get in summer. And you can have it.

Use Solite — a light, volatile gasoline, superior to any of its kind.

Why? Because it gives you all the snap in starting, get-away and pick-up, that any high-test gasoline will produce, but, in addition, it gives maximum power and speed — because it drives the piston the full stroke under power.

That is the ultimate in light gasoline performance.

If you want a little quicker action and are willing to pay a little more to get it, Solite is the answer.

Solite Gasoline 22.2c Per Gallon
For Maximum Power at Minimum Cost use Red Crown Gasoline 19.2c Per Gallon
