

TWO WOUNDED BY OFFICERS' SHOTS

Police Fire on Men Found in Grocery.

Two alleged burglars were shot early today when Sergeant Spears and Patrolman Hadley, both colored, found them in the grocery of William Schuerat, 1213 N. West St., according to Lieutenant Johnson and the police emergency squad. Le Roy Peters, 20, colored, 642 Johnson St., has a bullet wound above his right knee, and Schuyler Law, colored, 876 Darnell St., has one in his head. Spears and Hadley said they fired when the men started to flee after the police walked into the store. Peters had an old, unloaded gun in his pocket, police said. Both prisoners are under high bond on burglary charges. Law is at city hospital and Peters at city prison. Both have police records, police said.

FUGITIVE TRACED TO INDIANAPOLIS

'Shoot to Kill' Order in Search for Lee.

Following reports that Ralph Lee, 28, who escaped from jail at Franklin, Ind., Monday, was seen in Indianapolis, police and detectives were ordered to "shoot to kill" if they encountered him. Lee was in Franklin on charge of murdering Abner Peek, Indianapolis grocer, during a hold-up.

After seeing a picture of the fugitive, E. F. Baker, 1215 Hoefgen St., milk wagon driver, told Police Capt. Herbert Fletcher he believed Lee was one of two men he hauled from Shelby and Orange Sts. to Alabama and Washington Sts., at 3:30 a. m. today.

Police squad was rushed to a pool-room near Meridian and Hanna Rd., after it was said Lee had been there from 1:30 to 3 p. m. Tuesday. Search of the neighborhood was fruitless. Persons who believed they had seen Lee said he wore a raincoat and slouch hat.

Woman Nearly Choked By Gas On Stomach

"I was bothered with gas so much I thought I would choke. I was nervous, my heart acted bad and was dizzy. Adierka has done wonders for me. Gas is gone and no more dizzy spells." (Signed) Mrs. T. A. Derosa.

There is now offered to the public a liquid preparation which is not only a wonderfully effective and QUICK intestinal evacuant, but which also seems to stimulate the glands of the intestinal tract and to cause expulsion of mucus (GAS). This preparation known as Adierka, is a valuable agent for the purpose of cleansing the bowels of matter which has been in the system for a long time and which other less effective means have been unable to dislodge. It is often astonishing the great amount of matter Adierka draws from the intestinal canal—even right after a natural movement. Many times it brings out much GAS, thus relieving pressure in the abdomen. Adierka is especially valuable when PROMPT action is needed to encourage the elimination of metabolic poisons through the bowel. In slight disorders such as occasional

constipation or gas on the stomach and headache (when due to bowel inaction) a single spoonful of Adierka often produces surprising and gratifying results. In cases of obstinate constipation or stomach trouble, if Adierka does not bring relief in 24 to 36 hours the advice of a reputable physician should be secured. Reports from Physicians "I congratulate you on the good effect from Adierka since I prescribed it." (Signed) Dr. L. Langlois. "Adierka is the best in my entire 37 years' experience." (Signed) Dr. G. Eggers. "I prescribed Adierka with highly satisfactory results." (Signed) Dr. C. C. (Name given on request). "I can't get along without Adierka." (Signed) Dr. W. H. Bernhart. J. E. Puckett (a user of Adierka) writes: "After taking Adierka feel better than for 20 years. Haven't language to express the impurities eliminated from my system. Adierka is a big surprise to people who have used only ordinary bowel and stomach medicines because of its REAL and QUICK action. Sold by leading druggists everywhere. Exhibit by Buschmann and Sons to Show Up-to-Date Plumbing Will Save Water Bill

Model Bathroom in Water Co. Lobby Demonstrates Sanitary Fixtures. That good business means the cooperation of every "bloomin' soul" is shown in the novel displays shown from time to time in the lobby of the Indianapolis Water Company office. Above is one that is set up at present by the A. W. Buschmann & Sons Inc., plumbing contractors, showing a model bathroom which will cut down the water bill because it is good plumbing and assists the water company because there will necessarily be less complaint on high meter bills. "Faulty plumbing," said Frank C. Jordan, secretary of the Water Company, "lies back of so much of the dissatisfaction among the consumers. A running faucet or leaky toilet will waste a large volume of water in twenty-four hours. Jordan also demonstrated how a small space in a small "unimproved home" might be utilized by the installation of sanitary up-to-date plumbing. The shower fixture show above, with a toilet and wash basin attachment, will take up only about as much room as a small trunk room or a large-sized clothes cupboard. It will contribute to the health and happiness of the family as well. It is the plan of the company, Jordan said further, to set up a comparative exhibit consisting of two wash basins. The one of the old-fashioned type surrounded with the well-known water-streaked wall paper peeling off because of constant dripping and leaking of faulty plumbing. The other one will be similar to the one shown above is representing the up-to-date plumbing which not only saves water, but makes sanitary the homes of today. The Buschmann Company has a complete line of high-grade plumbing fixtures of a type to suit every family's need. Their desire is to serve customers with merchandise to fit their homes and increase thereby the cooperation between consumer and producer.
