

MEASURE HITS AT CITY TREASURERS

Barrett Law Payments Subject of Bill.

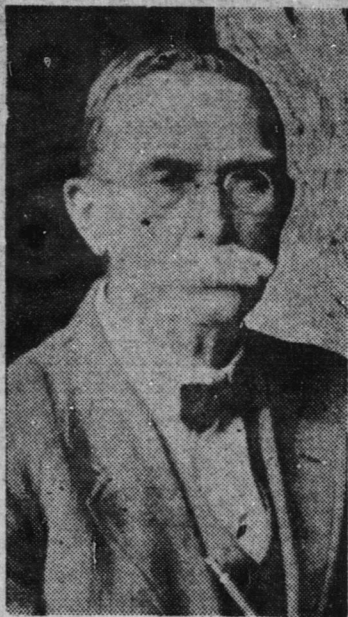

A bill designed to stop the practice of city treasurers pocketing interest from Barrett law payment deposits in banks was introduced in the State Senate today by Senator Aldridge.

The bill would require that all collections on assessments for street, alley, sewer or drain improvements be deposited daily in the city's name as trustee and that the city draw the interest. Present law makes the treasurer custodian of the funds and permits him to pocket the interest.

Senator Barker introduced a measure to provide for election of town marshals, instead of appointment by town boards.

Lochard of Milan, Democrat, introduced a measure to repeal the act of 1921, providing appointment of emergency deputy sheriffs.

Veteran

EUGENE MUELLER

Eugene Mueller, history instructor at Shortridge High School for forty years, has seen the school grow from the point where the present building would house the student body a dozen times over to today when the place is so overcrowded that instructors must use makeshift desks in corridors while grading papers.

COURT BILL DEFEATED

Senate Votes Against Making Change of Venue Optional.

A bill to make change of venue in civil cases discretionary on the part of the judge was killed in the Indiana Senate today by a rising vote of 30 to 13. All lawyers in the Senate, except Hodges, Gary, Republican, author of the bill, opposed it.

"I don't care whether this mandatory rule about changes of venue in civil cases has stood in Indiana seventy-five years, or 550 years," said Hodges. "Most of the time it is used to delay justice. It takes one to seven years to try a civil case."

"Judges are human, and should not be allowed discretion in changes of venue," said Senator Durham, Greencastle, Democrat.

'SPEED' BILL IS PASSED

One of Three Acted on By House Increases Rural Limit.

Representative Freeman's bill increasing the speed limit on rural highways from twenty-five to thirty-five miles an hour, was one of three bills passed by the House today. It received a vote of 86 to 11, following a short debate.

Other bills passed: Kinsinger, legalizing sheriff's sales made under legal judgments; Clark of Marion, extending time for payment of Barrett lay payments sixty days.

SCHOOL MEN ANXIOUS

Superintendents Anticipate Debate on County Unit.

Many county school superintendents attended the General Assembly sessions today in anticipation of debate on the county unit educational measure.

Justin Merriam, Bluffton, superintendent, said stand of county superintendents on the measure had not been determined because the bill takes power away from the township trustees, who elect the county superintendents.

Superintendents will be elected in June.

Relief

For pain—quick

The worst pains people suffer can be relieved at once. Rheumatic pain, soreness, backache, cold in chest, etc. Rub the sore spot with red pepper. Nothing else supplies such concentrated, such penetrating heat. And heat that doesn't hurt. You feel it instantly. In three minutes that heat penetrates to the depths. Circulation starts, congestion is relieved. The pain and the soreness depart.

People used to use plasters, mustard and liniments. But modern science has found a better way, a quicker, more efficient way, a way without objections. Don't suffer pains which Red Pepper Rub relieves almost at once. Don't let cold in the chest go neglected. Have this rub at hand—get it now. The time will come when its quick relief will mean much to someone in your home.

Red Pepper is saving millions of painful hours. Let it save them for you and yours.

STATEHOUSE MAY HAVE SAND BATH

Plans to Beautify Capitol Made.

If plans of Henry Roberts, Statehouse custodian, are not shipwrecked by the State Buildings and Grounds Committee, the Statehouse will have its face washed this summer. One sand-bath company already has proposed to clean off the twenty-seven years dirt, grime and smoke for about \$12,800. It is estimated the cleaning process would take a month or six weeks.

The matter will come up at the next meeting of the Buildings and Grounds Committee. Blue prints have been drawn by the city park department for landscaping of the Statehouse grounds.

Flowers and plants for the flower beds have been ordered from the greenhouses at the Central Indiana Hospital for the Insane. More than 1,100 plants will be furnished free. The State formerly spent about \$600 a year for plants. Two to three hundred geraniums will be delivered in the spring free from a local florist.

Croup Relieved Without Dosing

Too much dosing is harmful to a child's delicate stomach. Often it lays the foundation for ill health in later life.

The next time a child seems croupy in the evening apply Vicks over throat and chest and cover with a warm flannel cloth. Leave the bedclothing loose about the neck so that the arising vapors may be freely inhaled. This usually prevents a night attack.

If croup comes on without warning an application of Vicks usually brings relief in fifteen minutes.

Vicks can be applied freely and often, even on the youngest child with perfect safety.
