

BUTLER DEVOTES DAY TO HONORING SCHOOL FOUNDER

Chicago Educator Speaks on 76th Birthday of University.

Facing the brightest year in the history of Butler University, faculty and students threw aside college routine today to observe the seventy-sixth anniversary of the founding of the institution.

Alumni and friends joined in paying tribute to Ovid Butler, founder, in whose honor the school was named, at special chapel at 10 a. m. Class of 1925, leading the academic procession, followed by faculty and guests, made its first appearance in cap and gown.

Dr. Charles Hubbard Judd, dean of University of Chicago School of Education, spoke on "A New Humanism Sifted to Modern Conditions." President Robert J. Aley and Hilton U. Brown, president of trustees, reviewed the school's history. Dr. F. D. Kershner, head of school of religion, offered prayer. There was special music.

Women Recognized

Charter was effective Jan. 15, 1850, and first board of directors was elected in 1852. The college opened Nov. 1, 1855, at the old Northwestern Christian University, Thirtieth St. and College Ave. In 1873 directors moved the school to Irvington. The name was changed to Butler University in 1877.

It was one of the pioneer schools to grant equal advantages to women. Puzzled over the degree to offer women, officials said "on completion of the female collegiate course" of three years, the degrees of mistress of science would be conferred, according to early catalogues.

In the seventy-six years of existence the school has rendered efficient service to thousands of students who today are a memorial to the founders in every State in the Union.

A banquet tonight at the Claypool will climax the day's activities.

President Aley Speaks

"Could our founder speak to us today, I am sure he would say, look forward and not backward. We would have to remember the past only that we might build upon it a secure present and a better future," said President Aley.

"We look forward to the new Butler at Fairview with confidence because we believe in the integrity of our directors, the loyalty of our faculty, the noble purpose of our student body and enthusiastic support of our friends.

"Modern life is very much in need of a humanism which shall emphasize no less than did the Renaissance the need of direct and clear sighted study of things, as they are," Dr. Judd said.

"When a child of this generation learns to share in the common ideas of democracy he is finding a place in the new world which human minds have created. He is the humanism of the present day. It is like the old in motive, but unique and modern in its methods and content."

Quick Relief From CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and morbid lives.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping! No "after-effects" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark, brown mouth" - bad breath - a dull, tired feeling - sick headache - torpid liver - constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 35c - Advertisement.

NEW METHOD OF Reducing Fat

No exercise. No special treatment. Simply take one of these little tablets after each meal and at bedtime until you have reduced your weight to where you want it. No wringing of hands. No begging.
