

WOMAN AT 111 IS POLITICIAN

Ascribes Longevity Partially
to Cold Baths.

By United Press
KENOSHA, Wis., Oct. 2.—The oldest politician in this country is Mrs. Louisa K. Thiers, who observed her 111th birthday anniversary today.

Mrs. Thiers was born in Whiteboro, N. Y., in 1814. Until women were granted the franchise she cared not a whit for politics. But since she has voted regularly and takes a keen interest in public affairs, she said.

One of Mrs. Thiers' aversions is hot baths. She has never liked them since the first one she took gave her a headache.

Until she was 100 Mrs. Thiers took a cold bath every morning. She still takes cold baths, but less frequently. They are one of her recipes for longevity.

The others are plenty of sleep, light clothing in winter, regular meals of plain food, fresh air and exercise and activity.

GOVERNOR FREES YOUTH

Paroles Boy Who Refused to Tell
Court His Liquor Supply.

By United Press
TIPTON, Ind., Oct. 2.—Governor Jackson has paroled Russell Bence, 17, whose desire to protect a man from whom he purchased white mule resulted in his being sentenced to six months on the Indiana State Farm.

Bence was arrested for intoxication and on trial was asked by Judge Mont where he bought the liquor. When Bence said he didn't know the man's name, the Judge gave him the heavy sentence.

Friends of Bence went to the Governor.

Women members of the club will give a party Monday night at the Columbia Club in honor of Mrs. Edward Hunter, wife of the former secretary, who is leaving for New York.

Profiteering in Freshmen Caps

Butler Paper Charges
Green Headgear Sold
Above Set Price.

UPPERCLASSMEN were denounced in the Butler University Collegian Thursday for alleged profiteering on freshman caps.

According to the Collegian, the school paper, the customary price for the green caps that first year men are required to wear had been set at \$1 by the school authorities. However, freshmen have been found who have admitted paying as much as \$2.

Dr. Robert J. Aley, university president, said that he intended to investigate.

Sale of the caps had been placed in the hands of Robert Nipper and Joseph Gremelspacher, upperclassmen. They maintained that every cap sold by them had been purchased at the standard price.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga.—Advertisement.

EUROPEAN GEM THIEF HUNTED

Jewelry Valued at \$500,000
Is Stolen.

By United Press
NEW YORK, Oct. 2.—An European thief who followed two rose

pink pearls across the Atlantic was hunted today in the theft of jewelry variously valued at from \$500,000 to \$750,000, from Mrs. James P. Donahue, daughter of the late Frank W. Woolworth, 5 and 10-cent store founder.

Police Commissioner Richard Enright took direct control of the case, upon which a large force of detectives, including city, hotel and insurance company agents, have begun investigation.

The fact that the two largest pearls in one of the necklaces stolen

from the Donahue suite in the Hotel Plaza had arrived from Paris only twenty-four hours before the robbery, led police to believe that the jewels had been followed from abroad.
