

CHICAGO ROAD TO BE OPENED AHEAD OF TIME

Indianapolis Blvd. Will Be Ready for Traffic Next Sunday.

By using lumite, a fast curing cement, the Wolf Lake bridge gap in Indianapolis Ave. into Chicago will be opened to traffic Sunday, nearly three weeks sooner than had been expected, it was pointed out in the State highway commission's weekly traffic bulletin today.

Indianapolis Blvd. will provide a sixty-foot paved entrance for Gary and northern Indiana traffic into Chicago, and carry traffic off four Michigan Rds., from five Indiana roads and several Ohio trunk lines.

Surface condition on roads entering Indianapolis are set forth as follows:
No. 1 (New Albany, Indianapolis, South Bend, Michigan)—Detour from two miles north of Edinburg to Franklin, account paving. Follow State Rd. 1 south of Crothersville. One-way traffic on the northbound side of the road. No. 2 (Richmond, Indiana, Terre Haute)—Bridge run-around at six miles west of Richmond. Bridge run-around at six miles east of Terre Haute. Short detour at 4.5 miles east of Terre Haute account paving on bridge. No. 3 (Madison, Indiana, Indianapolis, Lafayette, Oxford)—Side detour on the northbound side of the road at 1.5 miles south of Lafayette, through Stock-

LOAFERS NEAR CORNER CAUSE OF COMPLAINT

Difficult for Women and Children to Pass, Says Letter.

Let Mr. Fixit shoot a basket for you on the municipal floor. He is the Times representative at the city hall. Write him at The Times.

Corner rowdies, who loaf near Merrill and East Sts., make it difficult for women and children to pass in the evening, according to Mr. Fixit's mail bag today.

DEAR MR. FIXIT—Have someone to look after sanitary conditions in the rear of and in gutters of E. Merrill St., just east of East St. It would be well for police to keep an eye on this corner for violation of the open muffer law and for rowdies who are always loafing there, making it bad for women or children to pass in the evening. Craps games are played on the street and in places around there.

K. JASPAR.
Mr. Fixit obtained the promise of the board of health and Capt. Barrett Ball for an immediate investigation.

DEAR MR. FIXIT: I am writing to you again in regard to the street and alley between Marland Ave. and Centennial St. on W. Pratt St. The street has terrible chucks in it and motorists are driving up on people's lawns. We have about all the traffic from W. Tenth St. as that street is being paved. We people on this street are taxpayers and would like to have gravel or cinders put down so the traffic won't ruin our lawns. The alley needs attention as it is badly cut up and there are chucks.

TIMES READER.
Frank Reid, inspector of the street commissioner's office, will investigate at once.

DEAR MR. FIXIT: At Bloomington, and Washington St. on Bloomington, we have mud holes almost impossible to get through. They have had water in them all summer.

ONE WHO KNOWS.
W. P. Hargon, clerk of the street commissioner's office, will authorize an immediate investigation.

DEAR MR. FIXIT—Will you please see what can be done about the street car tracks at S. East and McCarty Sts? There is a large hole almost in the middle of the crossing and traffic going east has to drive to the left side of the street and this is very dangerous.

M. MC.
The department of improved streets will place a red lantern at the hole pending permanent repairs.

CITY PARK LAND ORDERED SOLD

Tract on Fall Creek to Be Platted.

Emsley W. Johnson, park board member, today was preparing plans for platting a thirteen-acre tract of park land at the northwest corner of Fall Creek and Northwestern Ave. Johnson, who was appointed by the board Thursday to dispose of the

property following halt in arrangements to sell it to the Indianapolis Athletic Association for use as a baseball park for the Indians, is considering sale of the lots by auction. The board ordered an investigation of the gradual filling of the channel of Fall Creek at Northwestern Ave. with ashes from the Citizens' Gas Company plant, causing the stream to cut into park board property on the north bank. The board deferred action on a petition asking paving of Linden St. bridge across White River be held up until completion of a sewer along the creek.
