

## DUVALL SAYS WOMEN WILL BE APPOINTED

Republican Nominee Sounds Keynote of Fall Campaign.

Promises of a number of changes from the present manner of ruling Indianapolis, if he is elected mayor, were made by John L. Duvall, Republican nominee for mayor, in his keynote address delivered before a large crowd in Broad Ripple Tuesday night.

Duvall pledged himself to appoint a "goodly number of women in the ranks of city officials," to conduct a survey to ascertain useless city offices and to abolish them, to take the police and fire departments out of politics and appoint a chief of police "familiar with law enforcement" and to install a thorough and effective budget system.

The Republican nominee said he

had decided to read his speech "for fear of the danger of being misquoted."

The meeting was held in old-time style. Flaring torches burned from the telegraph poles while Roman candles and fireworks informed the residents of the north side there was something doing politically in the Roll Inn garage, where the meeting was held, in place of the Duvall home, because of the inclement weather.

### No Special Privileges

"I will be mayor in fact as well as in name," Duvall declared. "No man or group of men who seek special privileges at the expense of taxpayers will influence me. If elected as your mayor, I shall be mayor of all the people, regardless of race, color or creed."

Duvall announced he would refrain from personalities during the coming campaign.

Disclaiming intention of expounding "fads or fancies," Duvall paid tribute to President Coolidge, declaring that "the common sense of Coolidge is what we need in city government."

The Republican nominee paid special attention to the historical development of Indianapolis, recounting the city's progress from frontier

### On Street Assessments

In connection with street improvements, Duvall said he opposed assessing destructively for street improvements the poor property owner, who is paying for his home.

Duvall said the machinery of law enforcement must be readjusted and the police must know how to catch criminals.

He recounted his own record as treasurer of Marion County and his twenty years in business here.

"I believe the same principles that apply in business can be utilized in the affairs of the city of Indianapolis," Duvall declared.

Singing of "Limber-Lunged Lew" by the quartet of the Indianapolis Drum Corps, which provided music during the program, aroused one of the high points of enthusiasm of the meeting.

### Some Political "Harmony"

"Let's have goodly Lew and Bill Armittage too," a member of the audience shouted and the political vocal harmony was on.

Alvah J. Rucker, attorney, who presided, predicted a majority of 35,000 for Duvall.

The G. O. P. candidates for council and the office of city clerk spoke briefly. John T. Sautler, introduced the Republican nominee.

## BAND'S PLANS ALREADY MADE ARE SPEEDED UP

### Bailey Says He Has Promised One Appointment.

What will be the fate of the Police and Firemen's Band in the next administration?

This was the subject discussed at board of safety meeting Tuesday to which William T. Bailey, assistant city attorney in charge of the band, gave an unexpected answer.

"You have no cause to worry about the band," said Police Chief Herman F. Rikhoff. "There'll be none next administration."

"Don't be too sure of that," replied Bailey. "I promised only a few days ago to appoint a cousin of Duvall's wife to the band."

"Well, what has that to do with the next administration?" asked Fire Chief John J. O'Brien.

### MUGFFEYITE PROGRAM

### Officials Seek Counsel on Pension Levy Status.

With officials of the State tax board seeking counsel of Attorney General Arthur L. ## GUNMEN TRIALS ALREADY MADE ARE SPEEDED UP

### 375 Murders This Year, Justice Reveals.

By United Press CHICAGO, Oct. 7.—With 325 killings in Chicago since the first of the year, Chief Justice Thomas Lynch of Criminal Court today transferred five more judges to criminal benches to help speed up the prosecution of gunmen.

Eventually there will have to be twenty permanent judges in the Criminal Court to handle prosecutions resulting from the rapid crime wave, Judge Lynch said.

In revealing that 325 persons had

been victims of violence here since Jan. 1, Police Chief Collins pointed out that only 157 of the number resulted from hate, passion, revenge or quarrels. Forty-two persons were killed by police, justifiable homicides, Collins said. Fifteen of the murders were followed by the self-destruction of the slayers.

"I can't get along without Adlerika." (Signed) Dr. W. H. Bernick.

Mr. E. Puckett (a user of Adlerika) writes: "After taking Adlerika feel better than for 20 years. Haven't had constipation since. The companies eliminated from my system."

Adlerika is a big surprise to people who have used only ordinary bowel aids. It is much better because of its REAL and QUICK action. Sold by leading druggists everywhere. In Indianapolis by the Hook Drug Co. and other leading druggists—Advertisement.

In slight disorders such as occasional constipation or gas on the stomach and

headache (when due to bowel inaction), a single spoonful of Adlerika often produces surprising and gratifying results. In cases of obstinate constipation or constipation from the system does not bring relief in 24 to 36 hours the advice of a reputable physician should be secured.

**Reports from Physicians**

"I prescribe Adlerika for the purpose of cleaning the bowel system, for the removal of the system and other less effective means have been unable to dislodge. It is often astonishing how quickly Adlerika draws from the intestinal canal—even right after a natural movement—it sometimes brings out more than the entire impurities eliminated from the system."
