

YERS HOPS UPON DUVALL

Candidate Says Issues Are
Evaded.

ohn L. Duvall, Republican candidate for mayor, does not dare to update Bill Armitage and George Coffin, Walter Myers, Democratic nominee, told an audience at the Side Turner's Hall Wednesday night.

Myers described Duvall's keynote speech as "an evasion of issues." The assertion he will not be controlled by any man or group of men to seek special privileges is sneaked, meaningless and, of course, will be construed as not serving Armitage and Coffin, Myers declared.

He said Coffin walks in the front door and Armitage occupies the hind door and switches the tail of the O. P. elephant.

TRAIN CROSSING CRASH KILLS 4

Bodies Mangled as Auto Is Demolished.

By United Press

ANDERSON, Ind., Oct. 8.—Coroner Sells of Madison County today investigated the grade crossing accident in which four persons lost their lives near here late Wednesday.

An auto driven by David Province, 50, of Mt. Summit, was struck by a Pennsylvania passenger train and demolished.

Province, his 75-year-old wife, Mrs. Bell Ramsey, 55, Middletown, and Mrs. Orpha Emswiler, 60, of Middletown, were the victims.

Bodies of the four were badly mangled and identification was not completed until several hours after the accident. Trainmen worked for more than an hour gathering together the remains of the dead to bring them to Anderson.

The finding of baby clothing in the wrecked auto led to a report that a child had also been killed, but it was later established that no infant was in the auto at the time of the crash.

At the point where the accident occurred the highway crosses the railroad at a sharp angle.

When You Wake Up Tired—Look Out for Chronic Fatigue

Many a man and woman who is always weak and tired, who goes to bed exhausted, and gets up weary and unrefreshed in the morning—many, yes, thousands of these haggard, nervous, worn-out people are victims of chronic fatigue—and do not know it.

Chronic fatigue is entirely different from the ordinary "healthy" fatigue you feel after vigorous exercise. Chronic fatigue—the serious kind—comes from within. Your nerves, muscles, organs, etc., have become devitalized and cannot function properly. That is why even sleep doesn't rest you as it should.

To conquer chronic fatigue—with its terrible tired feeling—you must get at its cause—in the blood. For it is the blood that carries nourishment to all your nerves, muscles and tissues. And it is almost invariably when your blood is thin and pale, lacking in sufficient organic iron that your whole system becomes weakened, and you suffer from that con-

dition.

Take Nuxated Iron for just two weeks and you'll be astonished how completely that tired feeling and other miserable symptoms disappear, and you feel stronger and better in every way. Money back if not improved. At all good druggists. Advertisment.
