

DARK PARTS OF CITY PLEAD FOR STREET LIGHTS

Mr. Fixit Gets Two Letters Asking for More Illumination.

Let Mr. Fixit present your case to city officials. He is the Times representative at the city hall. Write him at The Times.

While members of the board of works develop their downtown lighting system, they fail to supply illumination for other districts where it is needed badly, correspondents tell Mr. Fixit.

DEAR MR. FIXIT: I can't understand why a light has not been placed on Bradbury Ave., east of Shelby St. It seems to me, instead of putting double standards so far out on N. Illinois St. and other thoroughfares they would even up a little bit and put lights where they are needed and needed badly. On the northwest corner is a wilderness and an old empty house. Also, inbound and outbound street cars do not stop at this corner. A trip down to this corner would convince any one that if ever a light was needed it is here.

X. Y. Z.

And here's a worse case. DEAR MR. FIXIT: I wrote you the early part of September asking you please to try to have a light put at Mankin Ave. and McKinley St. You replied the board has ordered the light, but they never put it there. It is so dark and the streets are so rough and muddy you can't see to get across. Monday evening I came home from the grocery about 6 p. m. and it was so dark I couldn't see to cross the street. Where the sewer went through there is a big hole and

I couldn't see it. So I fell and wrenched my back.

MRS. M. CLIFFORD, 2745 Mankin Ave.

If dynamite would make an impression as to the need for these lights, Mr. Fixit would make use of that explosive. Even in the face of the alleged financial shortage, Mr. Fixit believes the board can find some remedy for this situation. And he believes the board members, in all fairness, will give you relief.

DEAR MR. FIXIT: We as taxpayers would like to know why we can't get Eastern Ave. graded between Twenty-Fifth and Twenty-Eighth Sts., and cinders placed. We can't get a truck or team through there in winter. No coal company or grocery store will make deliveries.

LOYAL STAXPAYER.

Your complaint will be investigated under direction of Frank Reid, inspector of the street commissioner's department.

DEAR MR. FIXIT: A person moving from one address to another, having had a phone for several years past and wanting a phone moved has to pay for moving the same when it is in the rental property and no phone has been installed before.

TIMES READER.

Yes, that's the rule of the Indiana Bell Telephone Company and it seems there's no way to resist the toll. They charge \$3.50. Mr. Fixit was informed.

TO MR. AUDUBON ROAD: Martin J. Hyland, street commissioner, and Frank Newsom, his assistant, personally investigated the dirty sidewalk and ordered the contractor to remove the dirt.

A THREE DAY'S COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga.—Advertisement.
