"Just Rub It On"

Mothers who have precious little lives in their keeping realize the danger to delicate stomachs of so much dosing.

That is why so many millions of mothers now depend entirely upon Vicks for croup and children's colds.

There is nothing to swallow—you just rub Vicks over throat and chest at bedtime and cover with a warm flannel, leaving the bedclothes loose about the neck so that the arising vapors may be freely inhaled. The child is usually better next morning.

Vicks can be used freely and often with perfect safety, even on the youngest member of the family.

That Is What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Jenkins

"I am going through the Change of Life and I am taking Lydia E. Pinkham's Vegetable Compound for the troubles that come at that time. I got so rundown I could scarcely do my work and I keep a rooming house and have a family of eight to take care of. A friend told me about the Vegetable Compound and it has made a new woman of me. I keep it in the house all the time now and won't be without it. My weight got down to 80 pounds and now it is 132½ pounds. I give the Vegetable Compound the praise and hope that women will realize the good in it."—MRS. MYRA JENKINS, 593 North Front St., Middleport, Ohio.

Over 200,000 women have so far replied to this question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

88 out of every 100 of the replies say "Yes," and because the Vegetable Compound has been helping other women it should help you. For sale by druggists everywhere.—Advertisement.
