

## 'CHURCH ONLY IS AGAINST SIN'---DAVIS

Luthern Pastor Delivers  
Second Sermon of  
a Series.

"The Lutheran Church is not against evolution," Dr. W. C. Davis, pastor of the First English Lutheran Church, said Sunday in delivering the second sermon of a series on vital problems of the day.

In speaking on "Evolution—We Be Christians and Believe It?" Dr. Davis said: "The Lutheran Church is not against anything but sin and if evolution can be proven as a fact our church will accept it without equivocation."

"If evolution be advanced as a theory of the origin of man we can find no fault with that."

"But if evolution be stated as already proven and as constructive of the Bible faith, then the Lutheran Church objects."

"She believes nothing that is true is against Christ or the Bible. If there be seeming conflict then judgment should be suspended until clearer, more trusted, facts are arrived at."

"This is what most Christians object to about evolution. They are not uneasy for fear that evolution may be proven true. What they do object to is stating that it is already proven true beyond question, and that since it is true the Bible account of creation is untrustworthy."

Public Service Commission  
Hears Arguments.

Arguments upholding and assailing the Beech Grove ordinance prohibiting the South Side Motor Coach Company from operating busses along the line of the Beech Grove Traction Company, were heard by Clyde Jones of the public service commission today.

The ordinance was passed following the approval of the bus line and for that reason bus operators declare it illegal. They also declared, if it were upheld, operation of the line practically would be eliminated.

Objection to the purchase of the John Brill bus line between Indianapolis and Greenwood, by the Interstate Public Service Commission was raised at a hearing concluded before Frank Wampler. The case was taken under advisement.

## DIRT WASHED ON SIDEWALK BRINGS NOTE

Mr. Fikit Receives Several  
Complaints From Times  
Readers.

**Do You Know?**  
Political signs in city ears were banned by Mayor Shank today.

Let Mr. Fikit solve your problems with city officials. He is the Times representative at the city hall. Write him at the Times.

Park board employees, digging ground for the new flower beds in Finch Park, have left dirt on the sidewalk, Mr. Fikit learned today. However, it will be removed at once by order of Walter Jarvis, park superintendent.

DEAR MR. FIKIT: Between Spann and Fletcher Aves, on State Ave., the sidewalk is almost impossible to use as the mud and clay have washed down on it from where they graded and smoothed Finch Park.

Jarvis will end your troubles at once.

DEAR MR. FIKIT: Would you investigate the condition of the pavement in the alley at Forty-Second St., between Graceland Ave. and Boulevard Pl.?

There has not been a time since the alley was paved last June that the water has been out of the alley. The pavement of the alley is much lower than the street and there is no sewer connection.

C. L. Grave of the department of improved streets will attend to this complaint immediately. If contractors are responsible for the pavement they will be forced to effect the repairs at once.

Graves also will motivate fast action on the following:

DEAR MR. FIKIT: If the city is not going to fix the two trenches across Madison Ave. at Pleasant Run Blvd. let's have them block Madison Ave. at Raymond St. and South-

ern Ave. and let traffic detour. We have had one or two trenches at this point for over three years.

REGULAR TIMES READER.

DEAR MR. FIKIT: Will you be so kind as to see if you can possibly get some cinders or gravel put in the alley west of Harding St. and north of Twenty-First St. to Twenty-Second St.?

Frank Reid, inspector of the street commissioner's department, has the complaint on his books for early action.

In answer to the following complaints, John Berry, board of safety electrical engineer, suggests you present petitions with as many property owners' names as possible on them asking for the boxes.

DEAR MR. FIKIT: When can the board of public safety place a fire alarm box at Harris and Victoria Sts.? The nearest box is five blocks away.

DEAR MR. FIKIT: Will you please see that they place a fire alarm at Keystone Ave. and Thirtieth St.? The nearest box is ten blocks away.
