The board, at the same time, ordered cuts in levies for Lawrence County, Shawswick township, Lawrence County, Union township, White County, and for the town of Argos in Marshall County.

## This Woman Sleeps Wonderful All Night

Gas on Stomach Gone—Sound Sleep Comes

"After just ONE bottle Adlerika pain in my side (due to gas on the stomach) is gone and I now eat good and sleep wonderful. I feel like a new person." (Signed) Mrs. O. McGinnis.

There is now offered to the public a liquid preparation which is not only a wonderfully effective and QUICK intestinal evacuant, but which also seems to stimulate the glands of the intestinal tract and to cause expulsion of flatus (gas). This preparation, known as Adlerika, is a valuable agent for the purpose of cleansing the bowels of matter which has been in the system a long time and which other less effective means have been unable to dislodge. It is often astonishing the great amount of matter Adlerika draws from the intestinal canal—even right after a natural movement it sometimes brings out unexpected quantities of additional matter. Many times it brings out much gas, the relieving pressure in the abdomen. Adlerika is especially valuable when PROMPT action is necessary or to encourage the elimination of metabolic poisons through the bowel.

In slight disorders such as occasional constipation or gas on the stomach and headache (when due to bowel inaction), a single spoonful of Adlerika often produces surprising and gratifying results. In cases of obstinate constipation or stomach trouble, if Adlerika does not bring relief in 24 to 36 hours the advice of a reputable physician should be secured.

Reports from Physicians

"I congratulate you on the good effect from Adlerika since I prescribed it." (Signed) Dr. L. Langlois.

"Adlerika is the best in my entire 37 years' experience." (Signed) Dr. G. Eggers.

"I prescribed Adlerika with highly satisfactory results." (Signed) Dr. A. C. C. (Name given on request.)

"I can't get along without Adlerika." (Signed) Dr. W. H. Bernhart.

"I am convinced (as user of Adlerika) writes: 'After taking Adlerika feel better than for 20 years. Haven't language to express the impurities eliminated from my system.'"

Adlerika is a big surprise to people who have used only ordinary bowel and stomach medicines because of its REAL and QUICK action. Sold by leading druggists everywhere.—In Indianapolis by the Hook Drug Co. and other leading druggists.—Advertisement.

## BORAH RENEWS COURT ATTACK

Senator Says It Is Bait for U. S. Entrance in League.

By United Press. Oct. 21.—European diplomats and their American supporters are using the World Court as bait with which to draw the United States into the League of Nations, Senator William E. Borah, Idaho, declared here last night in a speech. Borah said he would carry on a congressional fight against American membership of the court so long as the tribunal is clothed in its present garments.

The present court is simply a part of the League of Nations and is the instrument of the militarists and imperialists and has not accomplished anything toward peace, Borah charged.

## RADICALISM IS GIVEN LACING BY PRESIDENT

Coolidge Thinks Country Needs More Religion and Law Observance.

By Times Special. WASHINGTON, Oct. 21.—The United States needs more religion, in the opinion of President Coolidge. Lawlessness is "altogether too prevalent," and the evils which beset society can best be remedied through the influences of religion, the President declared in an address here Tuesday night before the National Council of Congregational Church, in which he hit hard at radicalism.

There is, he said, a "disposition of those who are less well equipped to receive the benefits of the modern state of society through bearing its burdens, to attempt to resist all efforts to subject them to the necessary restraints and discipline, and to try to tear down and destroy the results which others have secured by generations of constant effort."

"What others have accumulated through industry and self-denial, they propose to seize and to dissipate and destroy through indolence and self-indulgence without compensation to its rightful owners."

"Lawlessness is altogether too prevalent and a lack of respect for government and the conventions of enlightened society are altogether too apparent."

The President declared that it is natural to attempt to shift the blame when evil conditions arise.

"It is always easy to criticize the government for failure to reform all morals, to prevent all crime, and generally to abolish all evils," he added. "I have great faith in the local and national governments of the United States, but much of this field is beyond their reach. They were not established to discharge this duty; they are utterly unable to accomplish it."

While law acts as a deterrent to wrong doing, it reaches its highest application "only when there is a very healthy and determined public sentiment in favor of the observance of the law," he declared.
