

## SCHWAB TELLS NATION'S GREAT TO LOVE WORK

Steel Magnate Optimistic on Future of United States.

CHICAGO, Oct. 22.—Charles Schwab, an expert in the future of the United States, held that a glance at the barometer of business, steel production, is enough to make any one cheerful.

Mills of the United States are producing steel at the rate of 60,000,000 tons annually, Schwab, head of the Bethlehem Steel Corporation, said in speaking at the conference on education and industry held today at the University of Chicago.

"In 1879 we made 1,000,000 tons of steel," he said. "Now we are making 60,000,000 tons and it is only a matter of time before we will be producing 100,000,000 tons annually."

**Noted Audience**

"I long for twenty-five years more of life to watch the industrial development of this country."

Schwab's eyes swept the audience, which included Vice President Charles G. Dawes, Maj. Gen. Harbord, head of the Radio Corporation of America; Samuel Insull, "public utilities king" of the Middle West; Frank O. Lowden, who rejected the vice presidential nomination; Thomas E. Wilson, packer; Max Mason, President of the University, and other noted men and said:

"The man who succeeds is the one who loves his work; who makes something as well as the other man, but makes it cheaper and who keeps cheerful."

**"Be Fearless"**

"The idea is to be fearless in business."

Maj. Gen. Harbord spoke on the rapid advance of the radio industry, and estimated this year's business will reach a figure vastly higher than the 1924 total of \$250,000,000.

Technical progress is being made steadily, he said.

"Every part of the world is destined to benefit from improved communications," he said. "Entire written messages, perhaps newspapers, will be flashed as complete pictures or documents."

**FARMER TAKES LIFE**

ANDERSON, Ind., Oct. 22.—A crop failure was blamed today for the suicide of Marion Dewitt, 52, Madison County farmer, who ended his life with poison. He had feared he would be unable to meet his financial obligations because of poor crops on his farm.

**SLEEPLESS NIGHTS**

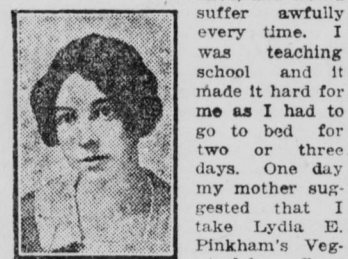

Often Caused by Bladder Weakness. It's Nature's Signal of "Danger Ahead."

A. C. Eckhart, 3917 St. Clair St., Cleveland, O., says: "After taking Lithiated Buchu tablets one week I am much improved. You should get the credit as I had tried many things. I will be glad to write my experience to any one. Lithiated Buchu cleanses the bladder as the bowels, neutralizes excess acids, thereby relieving irritation. The tablets cost 2 cent each and drug stores. Keller Laboratory, Mechanicsburg, O. Locally at Hook Drug Co.—Advertisement."

## AILMENTS OF YOUNG GIRLS

Relieved by Lydia E. Pinkham's Vegetable Compound School Teacher's Experience

"A few years ago I had troubles every month such as girls often have and would suffer awfully every time. I was teaching school and it made it hard for me as I had to go to bed for two or three days. One day my mother suggested that I take Lydia E. Pinkham's Vegetable Compound, and it did, and it did. I have been a year married and after my first baby was born I got up too soon and it caused a displacement. This troubled me so that I could hardly walk or do my housework. I knew what the Vegetable Compound did for me before so I took it again. It strengthened me and now I have five little kiddies. The eldest is six, the baby is five months old and I have twin boys three years old and a boy of five years. I do all my own housework, washing and ironing, and I never felt better in my life. I owe my health to your wonderful medicine."—Mrs. Verberne Carpenter, 127 Second Ave., Evanston, Wyoming.

## SYNTHETIC BEEF STEAKS

Science Called Upon to Eliminate Cow From Beef.

CHICAGO, Oct. 22.—Synthetic beef steaks may be the next achievement of science. Speaking before the Institute of American Meat Packers convention last night, Charles F. Kittering, president of General Motors Research Corporation said: "I predict that in a short time these packers assembled here will produce synthetic beef steaks. It has been done with silk. The silk worm has been eliminated. So will the cow be eliminated from the beef."

## ASSERTS AUTO DID NOT STOP

Several Arrested as Result of Accidents.

Charles Atkins, 318 N. Minerva St., told police that the driver of an auto that struck him in front of 400 Harding St., failed to stop. He was taken to City Hospital injured about the head and body.

C. L. Hare, 87 W. Forty-Third St., was charged with reckless driving and driving while intoxicated by police who investigated an accident at 534 N. Meridian St., early today. Officers say his auto struck a parked machine owned by George Van, 613 Eastern Ave., and one of two young women in the Hare auto was cut out and bruised, but refused to give her name.

Others injured in automobile accidents were: Miss Cressie Whitaker, 534 N. Lynn St., and Homer Hill, 1801 S. Meridian St. Drivers arrested as a result of accidents were Lester Eldridge, 534 N. Lynn St., and Paul Mittrach, Bluff Rd. and Hanna St.

## CHARGES FALSE, SAYS THURMAN

U. S. Official Asserts He Has Not Violated Law.

M. Bert Thurman, collector of internal revenue in the Indiana district, today said he believed there was no foundation for charges made by the United States collector of internal revenue at Washington.

Washington dispatches said Thurman had violated the law by appointing political friends and members of his family to positions in the revenue department. Thurman pointed out that there is no law compelling revenue deputies to be civil service men and that he had not asked for the resignations of any competent men.

He declared the Government had asked that he cut down the force and had recommended the discharge of about thirty persons.

"I have made every effort to manage this office on an economical basis, and I believe there is no laxity in its operations," he said.

## LEADERS FOR PARADE GIVEN

Many Mardi Gras Floats Are to Be Entered.

It is planned to have Brig. Gen. Dwight E. Aultman, commandant at Ft. Benj. Harrison, and the 11th Infantry band, and Police and Firemen's band, to lead the parade at the Mardi Gras celebration at Hal-loween, Lieut. Claude Johnson, marshal, announced today.

All business houses and organizations will be permitted to enter one float. Johnson said 120 persons had promised to enter floats. They will appear in the parade in the order of registration.

A runway will be built on S. Meridian St. between the Circle and Washington St., where the judges of the costumes will be seated.

There will be ten out-of-town bands here, Sergt. Harry Smith, music chairman, said. The bands will play for dancing.

## STILL UP IN THE AIR

Texas Legislature May Be Called After Jury Reports.

AUSTIN, Tex., Oct. 22.—The question of whether a special session of the Texas legislature would be called to investigate alleged irregularities in State offices was as much in the air as ever today as the Travis County grand jury resumed its inquiry into State highway matters.

Upon the outcome of the jury's investigation may depend the calling of a special session which Governor Miriam Ferguson has denounced as a waste of the tax payer's money.

## PARENTS TOLD THEIR JOB IS REAL SCIENCE

Convention Speaker Says Child's Leisure Is Important.

"Being a parent is a science," declared Frank D. Slutz, principal of Moraine Park School of Dayton, Ohio, this afternoon at the Indiana Parent-Teacher Association convention at the Severin.

"The key word in the title of parent is 'acceptable.' My contention is that the parent must be acceptable to the child. Parents share the child's world with him, and he will share yours with you," he continued. "Take a deep interest in the child's friends."

**Leisure Important**

"Aid the child in investing his leisure time well, for these periods constitute the largest element of his time. Organize the home upon democratic lines for the teaching of discipline. See that spiritual issues are not omitted," he concluded.

Other speakers were: C. E. Edmondson, Indiana University; Mrs. Edward Franklin White, Indianapolis, and Miss Cora C. Steele, Terre Haute. The morning was taken up with reports.

**Speakers at Banquet**

At the annual banquet at the Severin, Wednesday night, William Lowe Bryan, president of Indiana University; W. P. Dearinger, president of Oakland City College, and Benjamin J. Burris of the Indiana State Normal School at Muncie, spoke.

"People spend more money for automobiles, cigarettes, and other luxuries than they do on educational activities," asserted Dr. Bryan. "Recent statistics show this. A people who can spend so much for luxuries, can easily contribute more to education and give the children a better chance in the world."

## Roofless Plates

The splendid appreciation shown by the vast number of people for whom we have constructed roofless plates is indeed highly gratifying to us. The most enthusiastic are those who have discarded their old style plates. No more gagging or sick stomach. Perfect taste and speech. No rocking, snarling, easily kept clean. It's the last word in artificial teeth.

## SCHOOL GIRL KILLED

Struck by Teacher's Auto as She Lights From Hack.

By United Press  
WASHINGTON, Ind., Oct. 22.—Mildred Dyer, 11, was struck and killed by an auto driven by Dorothy Gines, 20-year-old school teacher. The girl was hit in front of her home as she was stepping from a school hack driven by her father.

Nine states now require that the Bible be read at stated times in the public schools.

## STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Soon after the first application of Zemo you will find that Irritations, Pimples, Blackheads, Eczema, Blotches, Ringworms and similar skin troubles will disappear.

## END BUNION PAIN FOREVER

No Need to Suffer Another Day Those Agonizing Torturing Pains

There is one simple yet inexpensive way to reduce inflamed, swollen, tender joints and get them down to normal and that is to apply Moore's Emerald Oil night and morning and people who suffer from such enlargements would be wise to reduce them before they reach a more or less chronic stage.

Ask Hook Drug Co. or any first-class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Emerald Oil at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bursae are reduced to normal.—Advertisement.

Presenting ARTHUR MARSDEN, a rather mysterious fellow, against whom much cruel and unjust suspicion is directed. Of course, he is not really the person that he claims to be but then—And to his credit it is said that he really does love the girl—And that he does his not always adequate best to shield her from "THE GORILLA," coming to English's opera house next Monday for a week's engagement. He is really the cleverest person among those present.—Advertisement.
