"I took Lydia E. Pinkham Vegetable Compound while going through the Change of Life. I was very nervous, could not sleep and had melancholy spells. In fact, I was nearly insane at times and my memory was almost a blank. I was so weak I could not do my housework half of the time and I thought I would have to worry it out and I went through this for three years before I began taking the Vegetable Compound which I saw advertised. I think it was eight bottles that I took. It has been two years since I took any and I haven't had a doctor since for that trouble. I do all my washing and ironing and I have gained from 114 to 138 pounds. I advise all women who suffer physically and mentally as I did to give the Vegetable Compound a fair trial. I hope it will do as much for them as it did for me."
