

POLICE BELIEVE TRUCK HELD UP BY HI-JACKERS

Trio Leap From Auto and
Rob Driver—Four Other
Stick-ups Reported.

Police believe hi-jackers held up and robbed Claude Matthews, 1366 S. Sheffield Ave., of \$10 early today when he was returning from Chicago with a truck load of furniture. Matthews said when he stopped his truck at West and Morris Sts., to let his helper out, three men jumped from a roadster and forced him to drive to Tibbs Ave., and Morris St., where they slugged and robbed him. Police believe the bandits thought Matthews had a load of liquor.

Four other hold-ups were reported over the week-end.

Two young bandits are held responsible for two of the other hold-ups. Edward Smith, 3010 N. Capitol Ave., said he was robbed of \$5 and a pair of gloves Sunday night while driving at Thirty-Eighth St. and Kessler Blvd. with a woman. She was not robbed. A bandit also took \$25 from the Charles G. Mueller drug store, 2184 N. Talbot Ave., according to Lester Metcalfe, 908 E. Market St., an employee. He said an accomplice stayed in an auto.

A lone man took \$150 from the Standard Oil filling station at Sixteenth St. and College Ave., Vern Hann, 1119 Windsor St., attendant, said.

Max Adkins, 948 W. Thirty-Third St., said he and a young woman were sitting in an automobile on Thirty-Eighth St., a half mile west of Kessler Blvd., when a bandit relieved him of \$12 and the key to his auto.

W. J. Johnson, 311 N. West St., said he was walking near Toledo and New York Sts. when a colored woman took \$12 from his pocket and ran.

LABOR LEADERS PROTEST CUTS

Miners' Officials Give Opinions on State Action.

Officials of the Indiana district, United Mine Workers, and the Indiana Federation of Labor protested to Governor Jackson today against salary cuts in the State industrial board.

Thomas N. Taylor, secretary of the Federation, said he regarded the cut in the salary of Perry Reeves, head of the State employment bureau, from \$3,600 to \$1,800 a year as a "slap at labor."

Earlier in the day Attorney General Arthur Gilliom conferred with the Governor. It was understood they discussed legality of the action of the committee in cutting salaries and discharging State employees. An opinion on the legality of the cuts was asked by members of the public service commission. It will be given late today, Gilliom said.

CABINET STAYS INTACT

Peak of French Official Crisis Fails to Materialize.

PARIS, Oct. 26.—The peak of French cabinet crisis failed to materialize today for the cabinet session adjourned at noon without collective resignations or the resignation of Finance Minister Cailhau.

The session was marked by a bitter struggle, it was said, but any action looking toward resignations was avoided. The cabinet will meet again at 9 o'clock tomorrow.

GERMANS HERE SAY MONARCHY IS DEAD

Foreign Mine Union Officials, in City to Study Local Conditions, Deny Hope for Restoration of Emperor.

Restoration of the monarchy in Germany is favored by only a small percentage of the population, declared Frederick Husemann, president of the German Miners Union, who was in Indianapolis today as a guest of the United Mine Workers of America.

Husemann and Dr. George Berger, his economic advisor, both of Bochum, Germany, are visiting this country studying mining conditions, living conditions of working people, and the organization of the miner's union. Husemann is a member of the Reichstag. Edward A. Wieck, a representative of the United Miners organization, is traveling with them as an interpreter.

"Five million organized workers

and a large percentage of the population are behind the Republic and would oppose an effort to restore the monarchy. Only youths and old fools favor the monarchy," Husemann said.

"Economic conditions are improving, and I believe will continue to be better. We have the same problem of overproduction as America in the mining industry."

The party will leave Tuesday for Springfield, Ill., and then go to Denver, Colo., to visit the International Union of Mine and Smelter Workers before sailing, Nov. 17.

Husemann said prohibition would be impossible in Germany. A bill for local option was defeated in the last session of Reichstag, he said.

Now's Time for All Good Men—

To Come to the Aid of
Their Party—And Save
Their Jobs—Maybe.

THEY say political jobs are soft snafus.

But city hall employees are busy these days. With the home stretch of the city mayoralty campaign at hand, this might be the diary of any number of city employees:

"Rose at 6 a. m. Took a poll for Candidates Whoosis in two blocks. Got the men before they went to work. Ate breakfast and then hurried to the city hall.

"Worked hard on some back stuff, but was awfully sleepy after last night's meeting. Joe Spivis came in and said we'd better change to John Dinkus; said he's going to get all the colored votes. But John Doe who works for Spivis, said Spivis is just sore because he won't get to be dog catcher if Dinkus is elected.

Down at Headquarters

"Had to do Ima Regular's work today because she's down at headquarters.

"Am pretty broke, but had to buy a lunch for Vera Feweloches. Can't afford to lose her because she's tied up with some women's club outfit.

"Back to work at 1. Had to check up a roll someone balled up. Forgot to see about those Whoosis buttons, so called headquarters on the phone, but they didn't have any.

"Paid \$10 to the city physical culture department superintendent for campaign assessment. Worked after 5:30 and then hurried home to eat fast.

Clean Up Hall

"Had to leave at 6:30 for Bunkus Hall to get it cleaned up for the speech. Had to do lots of the cleaning myself. Then I passed out programs when they started coming in and drove a few car loads of the voters to the hall.

"The speech wasn't so good, because nobody told Whoosis about the hum paying on Lemon St. and he's never been over here before.

"Checked up on more poll lists till 1 o'clock.

"Gee, I hope I last another four years."

Insull, Utility Head, to Talk

Martin J. Insull

Public utility heads, members of the public service commission and city and state officials have been invited to hear Martin J. Insull of Chicago, president of the Middle West Utilities, at a joint luncheon of the Kiwanis and Lions Clubs Wednesday at the Claypool.

ROUTE GIVEN FOR PARADE

Seventy-Five Floats in
Mardi Gras Event.

The Mardi Gras parade at Hal-lawton will form at West and Washington Sts., and march east on Washington to East St. Lieut. Claude Johnson, marshal, announced today.

If a large crowd is unable to witness the parade it will come back through Market St. to Monument Circle. Seventy-five floats have been entered, and others promised.

A delegation will go to Lebanon Thursday to boost the State-wide celebration. Mayor Shank is expected to make the trip. Lieut. Earl Halstead distributed literature at Lafayette, Noblesville and Kokomo, today from an airplane.

Pastries baked on the premises are another reason for eating at White's Cafeteria "On the Circle."

NINE AUTOISTS ARE ARRESTED

Three Face Charges of Too
Much Speed.

Three of the twelve auto drivers arrested over the week-end were charged with speeding.

Those taken and charged were: John Peterson, 35, of 35 S. West St.; Jones Harrison, 28, colored, 610 N. Senate Ave.; speeding; Frank Shelton, 24, of 123 N. Minkner St., speeding, driving while intoxicated and transporting liquor.

Herman Grenfield, 50, city; James Rush, 22, colored, 956 W. Maryland St.; August H. Snyder, 33, of 3032 Shriver Ave.; Charles Hamlyn, 23, Acton, Ind., and Asbury Wilson, 20, of Brownsburg, Ind., driving while intoxicated.

Four drivers were charged with violating traffic signals.

PRINTING BOARD MEETS

Prepare for Advertising Bids on
All State Printing.

The State printing board met today to prepare for advertising bids on State printing for the next two years. Advertisements will be published Tuesday and bids will be received Nov. 21.

The bids will cover all classes of State printing. Total cost is estimated between \$200,000 and \$250,000, approximately \$50,000 less than that for the past two years. William B. Burford Company of Indianapolis holds the contract.

BUS LINES PETITIONED

Public Service Commission Hears
Two Companies' Pleas.

Petitions of the Good Brothers of Crawfordsville, Ind., and the Indiana Service Corporation at Ft. Wayne, Ind., for certificates to establish motor bus lines, were heard by Samuel R. Artman, chairman of the public service commission today.

The Crawfordsville concern desires to operate from that city to Waveland and the company at Ft. Wayne has asked to extend one of its routes from Angola to the Indiana-Michigan State line.

WAREHOUSE PERMITS

Permits to erect warehouses at Keynotes Ave. and Big Four Railroad, S. of Harding St. and Big Four have been asked by the Standard Oil Company of Francis F. Hamilton, building inspector.

Has Your Back Given Out?

DOES every little task tire you out? Do you get up lame and stiff; suffer a dull, constant backache and sharp twinges of pain—feel old and worn out at the end of each day?

Have you suspected your kidneys? Once the kidneys slow up, body impurities accumulate and upset the whole system. Too often the warning of continual backache or disturbance of the kidney secretions is ignored until serious sickness develops.

Don't risk neglect! If your kidneys need help, use Doan's Pills. Doan's are for the kidneys only. Are recommended the world over. Ask your neighbor!

Read How These Indianapolis Folks Found Relief:

F. M. DOWN, 826 E. Prospect St.,
Gave the Following Statement
Sept. 20, 1922:

"I had a dull backache and a pain across my kidneys that made it hard to stoop or straighten. My kidneys were disordered. I used Doan's Pills and they fixed me up in good shape."

On Nov. 5, 1923, Mr. Down added: "Doan's Pills gave me a permanent cure and I haven't been troubled since."

MRS. A. R. BARTON, 310 N. Pine
St., says:

"I suffered with pains across my back and hips. Mornings I felt tired and worn out. I had headaches and dizzy spells and was nervous, too. My kidneys were disordered. Doan's Pills rid me of the trouble."

Mrs. Barton gave the above statement Sept. 21, 1922, and on Nov. 2, 1923, she said: "Doan's rid me of kidney trouble and I haven't been bothered since."

WM. H. KRAFT, 21 N. Richland St.,
says:

"When I got down, my back hurt and when I raised up, sharp pains caught me. My back was lame, especially after I got up. I had dizzy spells and pains in my head, too. My kidneys were disordered. I used Doan's Pills and they cured me."

TRUSS FITTING REQUIRES CARE, ZIMMER SAYS

Local Expert Points to Necessity of Skill and Patience.

No responsible dentists would attempt to remedy your dental troubles by wrapping up a pair of false teeth and telling you that from that time you should have no more troubles. No more would a truss fitter wrap up one of his "appliances" in brown paper, hand it over the counter and ring up \$10.00 and wish you good day and better health, say H. E. Zimmer, truss fitter, 413 Meyer-Kiser Bank Bldg.

Truss fitting, he points out, must be done with as great skill and attention to the particular needs of the individual case as any diagnosis by a medical doctor. Long years of experience have also shown Zimmer that patience and an ear open to suggestion from the patient are essential factors in the fitting of a truss to the best advantage of the wearer.

"It has been my observation," he says, "that very few men know all there is to be known about their own business. And some 'rank outsider' may walk in and suggest something of value they had never thought of."

For that reason patients and customers of Zimmer find entire satisfaction in the work he does for them. His complete line of surgical instruments, abdominal supporters, elastic stockings and his expert knowledge of truss fitting, together with his experience and good judgment are the greatest factors of his establishment.

PAPER TOWELS ARE POPULAR

Commodity Used in All Big Establishments.

Just because you wouldn't wear a straw hat to church on Thanksgiving morning, is nothing against the straw hat, but just proof that there is a time and place for all things. Just because there aren't paper towels hanging in your guest room instead of hand-embroidered linen ones, is no sign there is no use in the world for paper towels. So say manufacturers of this present day commodity, which is taking such a large place in the programs of personnel directors of large institutions and factories.

The Ostermeyer Paper Company carries a complete line of high-grade paper towels which, A. C. Ostermeyer points out, are coming to be an essential part of nearly every commercial building, factory, school and public institution. Sale of these absorbent soft towels in large quantities with a container which acts as a dispenser as well, has grown in leaps and bounds. All programs of sanitation will include installation

of such apparatus whether it be in large or small concerns. And while buying, it is obvious enough the wise thing to buy towels of good quality.

HEALING ARTS SHOW GROWTH

Chiropractors Observe 20th
Year of Existence.

With the passing of the twentieth birthday anniversary of the profession of chiropractic, observes Dr. E. M. Ryan, Fountain Square, chiropractors regard the greatest and most important development of this wonderful science to be the "Spears Painless System of Adjusting," of which he is a follower. The years of the youth of the profession were stormy, but in spite of all it has improved from year to year until it is today one of the sturdiest of the healing arts, he declares. And this new system adopted by the leading chiropractors of the country has opened up a new and revealing field.

According to Dr. Ryan the new method of adjustment enables one to take adjustments without pain or discomfort of any sort and obtains far better results than could be had through the old system. Dr. Ryan's years of study and training have given him due opportunity to observe the progress of his science and he is busy at all times presenting the newer and more advanced theories for the benefit of his patients. Consultation with him frequently results in the positive discovery of the remedy for ailments that are of long standing.

ROSES BLOOM ON ORDER HERE

Ice Cream Company Makes
All Kinds of Molds.

The last rose of summer has not waned in the eyes of the expert confectioner in the order rooms of Jessup & Antrim Ice Cream Co. His roses, chrysanthemums, lilies, daffodils and hundreds of similar dainty figures, bloom on order from Indianapolis hostesses, who ask for the prettiest and best for their guests. Individual molds of ice cream in any flavor, color or style, may be the last touch to the dainty party or formal dinner party. If the hostess thinks in time to call the Jessup & Antrim Ice Cream Co.

Time was when ice cream was the summertime delight of city folks, who sent to the corner drug store for a "bucket of strawberry cream" on hot summer nights. But with the discovery of its food value and the tremendous aid it could be in the planning of menus it has become a year-round dessert and accepted as the daintiest of refreshments for tastefully arranged parties.
