City Council to Designate Inspectors and Voting Places.

Victory for the Coffin forces of the Republican party is expected at a special meeting of city council tonight, when 225 election inspectors and places for voting will be designated by that body.

The defection of Councilman John E. King from the majority to the minority faction, with his announcement that he will support the Coffin program has blocked the move of Ben H. Thompson, president, to establish greater power for council in the coming election.

Thompson planned to allow each major party equal representation among the inspectors, but King has refused to join Thompson, William E. Clauer, Otto Ray and Heydon W. Buchanan in the maneuver. About the same time King announced his decision, he was reappointed to the prohibition enforcement squad and it was rumored he was slated for nomination for Center township assessor.

Clauer has submitted a list of inspectors in hopes the Democrats will have an opportunity to achieve their recommendations.

## Garters Lure Pastor From Pulpit

Snapping Sophronia's Costs 'Ideal Preacher' His Job.

By Times Special  
T. JOHN, N. B., Oct. 26.—Jazz garters have lured the Rev. G. F. Bolster both from grace and his pulpit at the Main St. Baptist Church.

It was dark, says Miss Sophronia Bower, when a man entered as she watched a movie and occupied the next seat. Apparently it was not too dark to find Sophronia's garter, for very shortly she felt a tugging at it.

The freshie was stretching the garter and letting it fly back "ker-snap" at Sophronia's silk-stockinged leg. Sophronia says she tried to remove her leg from the scene of hostilities and when this failed, hit him in the face.

But the snapping continued and Miss Bower ran to the street to ask a policeman to arrest the gent. The policeman complied and who should it turn out to be but the Rev. Mr. Bolster, known all over town as an "ideal pastor."

There were strenuous efforts toward secrecy when it became known who had been snapping Sophie's garter and the Rev. Mr. Bolster was given a secret hearing, after which he was released from

custody, although Sophronia demanded that he be sent to jail. The church board of trustees then asked for the pastor's resignation.

## GERMAN REDS WIN AT POLLS

Hindenburg Refuses to Let Ministers Quit.

By United Press  
BERLIN, Oct. 26.—President Von Hindenburg today refused to accept the resignations of two of three Nationalist cabinet members who resigned Sunday. He urged them to stay as "expert ministers" without distinct party lines. The resignations were a result of Nationalist opposition to ratification of the Locarno security pact. If Hindenburg's refusal is successful in retaining the ministers and they submit to his policies the pact will be ratified.

In city elections Sunday, Berlin voted red, amid violence, tumult, and battle. Sticks and stones drove crowds of voters from the polls as a Communist city council was elected.

## Acid Stomach

"Phillips Milk of Magnesia" Better than Soda

Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly. For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians, because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent bottles, any drug store.—Advertisement.
