

ORPHAN HOME BAND TO PLAY UPON PROGRAM

Young Musicians Will Be
Headlined by Com-
munity Fund.

Thirty youthful musicians of the Indianapolis Orphan Home band, ages between 9 and 11 years, will be headlined on the weekly program of the Indianapolis Community Fund, Thursday evening over WFBM, the Merchants Heat and Light Company studio. The program will begin at 7:45, it was announced by Mrs. Eugene M. Fife.

The program follows:
"Liberty Bell"..... Sousa
"Moonlight and Roses"..... Lemaire
Indianapolis Orphan Asylum Band, Room 1 of School 33, Alma A. Mann, Conductor.
"March of the Minstrels"..... Onivas
"On the Banks of the Wabash"..... Dwyer
Indianapolis Orphan Asylum Band.
Address: Master Eugene Fife, age 9, Camp Fire Girls Program.
Directed by Mrs. O. E. McManis.
Talk on Camp Fire Girls.
Illustrated by the girls of Lakewood Circle, Home Presbyterian Church.

TALKS DISTINCTLY
H. W. Arlin, chief announcer for KDKA, has received high praise from Quebec. He has been informed that French-Canadian boys who speak but little English listen to his baseball score broadcasts and are able to understand him.

RADIO IN ENGLAND
England has just begun to realize the growth of the radio industry within its boundary. A count shows that there are 1,500,000 owners of radio sets who spend 10,000,000 pounds a year on wireless apparatus.

GOOD MUSIC NIGHT WILL BE OBSERVED

Claypool Trio and Mary E. Case, Lyric Soprano, to Ap-
pear on Program From Times Studio at Severin.

Another good music night will be observed on The Times radio program Friday night over WFBM, Merchants Heat and Light Company, beginning at 9 from the Times' studio at the Severin.

The Claypool Trio, known as one of the finest instrumental organizations in the city, will furnish a program of music. The soloist will be Mary E. Case, noted lyric soprano.

This quartet is composed of Alma Miller Lantz, violin; Consuelo Couchman Rettig, cello, and Carolyn Turner, piano. They have appeared many times in this city and are well known for their splendid artistry.

Mary E. Case, lyric soprano, who has been on the concert stage, will appear in at least three solos. Boyd Johnson, pianist, will be at the Baldwin Grand for all of the num-

Instrumentalists on Friday's Program

LISTENERS NAME LUCKEY

Radio Organization Elects Officers
For Coming Year.

Herbert A. Luckey was re-elected president of the Broadcast Listeners' Association, Wednesday night as the annual meeting at the Severin. Other officers elected were: Robert L. Moorhead, first vice president; George S. Greene, second vice president; George L. Glossbrenner, treasurer and A. J. Allen, secretary. The membership of the organization now totals 1,164. Luckey will represent the organization to the fourth na-

The Claypool Trio will be heard on The Times radio program Friday night over WFBM, Merchants Heat and Light Company station, from The Indianapolis Times studio at the Severin.

In the trio are Alma Miller Lantz, violin; Carolyn Turner, piano, and Consuelo Couchman Rettig, cello, appearing from left to right in the picture.

tional radio conference at Washington, Nov. 2.

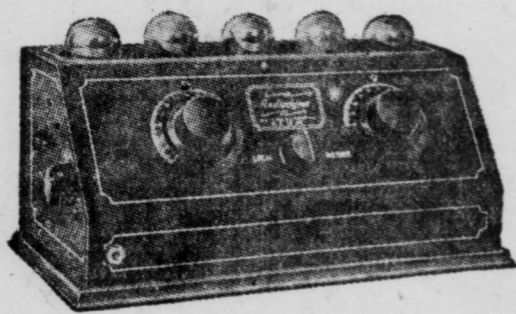

RADIO CLASSES TO OPEN

City Building Commissioner to Be Teacher.

A popular course in radio will be started by the Purdue University extension department in the Chamber of Commerce Bldg. Nov. 5 at 7:30. The classes will be held weekly and will be taught by Francis F. Hamilton, city building commissioner, and a pioneer in radio.

Five Tube-2 Dial

Radiodyne \$39.⁵⁰
"The Voice of the Nation"

Terms if Desired

Average Reception Is What Counts

It's the way distant stations come in for you on "average nights," yes, even on bad nights that determines the value of the set you buy. It is not its performance on ideal nights in the hands of experts. The Radiodyne with its Two Dial control is designed for "average" conditions in the hands of inexperienced people, yet it surprises even the expert with its amazing selectivity, its excellent tone clarity and unusual volume.

Two-dial control, the utmost in tuning simplicity and rare tone again puts the Radiodyne a year ahead. This \$39.50 Radiodyne consumes only 9 to 10 milliamperes at 90 volts. The average 5-tube set uses 20 to 25 milliamperes. The cabinet is of beautiful crystalline finish with sloping panel. Forget the low price. Expect great things of this set. You won't be disappointed.
