Good Cheer

New fitness—new energy
in a morning drink

Do this on rising in the morning if you feel out of sorts or unfit.

Drink a glass of water, hot or cold. Add a little Jad Salts, and you will have a sparkling and refreshing drink.

In an hour things will change. The drink will flush the intestines to eliminate the poisons and the waste. This is done in a prompt and pleasant, in a gentle and efficient way.

It is done by acids derived from lemon and grape, combined with lithia, etc.

Then remember this drink—Jad Salts in water—whenever any clogging occurs. Take it any hour of the day. That's the quickest and the best way to correct things. Let a sample prove this to you. Send the coupon for it.
