

FIVE FACTIONS SEEKING PLUMS

And Meanwhile Mayor-Elect Is Out of Town.

With five factions seeking political plums, speculation in political circles today centered on what action John L. Duval, mayor-elect, will take in naming city office holders for his four year term.

The five factions as listed by Mayor Shank are: The George V. Coffin followers, the Klan element, William E. Armitage workers, city hall Republicans and Duval's own political friends.

Following the election Duval left the city with Charles Buser, his brother-in-law, in his automobile for a few days rest. Mrs. Duval said he is expected to return the last of the week.

Clyde E. Robinson, president of the Marion County State Bank, of which Duval is chairman of directors, has been mentioned for city controller.

The Klan is understood to be backing Harry A. Beebe, first assistant city engineer, to replace Frank Lingenfelter, as head of the engineering department. Lingenfelter is slated for track elevation engineer, it is said.

Gasoline production in the United States is now almost at the normal level of 21,666 gallons a minute.
