## 'DRYS WINNING' LEAGUE HEARS

Liquor Consumption on Decline, Hudson Says.

By United Press  
CHICAGO, Nov. 6.—Prohibitionists are winning the fight for Volstead law enforcement, Representative Grant Hudson, Michigan, chairman of the special congressional committee investigating liquor traffic, told the Anti-Saloon League convention today.

Jail sentences are gaining favor, Hudson declared. Fines merely operate as a license law, he said. Laws to deport habitual alien violators and laws providing long imprisonment of American violators will be proposed in Congress this winter, he said.

"The high peak of consumption was in 1917 when there was drawn from warehouses 164,291,294 gallons of liquor. In a period of seven

years, ending 1924, the withdrawal was reduced to 1,813,178 gallons. No basis could be found by our committee for suggestions that there had been smuggled into the country or made synthetically the difference between these figures."

## LAME BACK OR LUMBAGO PAIN

"Heet" Relieves Instantly

Use applicator attached to cork, and brush "Heet" over the pain area. Immediately, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness right out of your lame, aching back. Besides, "Heet" scatters the congestion and establishes permanent relief.

"Heet" instantly relieves rheumatic or neuritis pain in any joint, muscle or nerve, whether in the arm, shoulder, neck, legs or body. "Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, fragrant liquid; doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store—Advertisement.

People are getting tired of "haggling" over prices! And so they come to Kirk's  
When a store has more than one price some one pays too much!  
WHEN a supposedly reputable merchant offers "a special price concession" a person of intelligence should become suspicious. The public is disgusted with its lack of confidence in furniture prices. It is tired of haggling and barter. There always remains the suspicion that some one else COULD GET A LOWER PRICE if he were more adept at "bargaining"—and hence the "value" (?) you obtained always remains questionable in your mind.  
The Kirk Company is a STRICTLY ONE PRICE STORE. Everything is marked in PLAIN READABLE FIGURES—There are no discounts—there are no price concessions—there is nothing more or less than the price you read upon the ticket. It Makes Life Worth Living—and a joy to do business—to feel that our business is worthy of respect, our conduct good, decent and square. Our adherence to these principles instills confidence—in each and every customer who honors us with their patronage.
