

MANY IN STATE POORLY HOUSED

Insanitary Conditions Described in Report.

It is not difficult in Indiana to find unsanitary housing conditions emphasized in every community, in fact, people may be found abundantly in this State "housed" in shacks, stables, old store buildings, garrets and numerous improvised, unsafe and unhealthy tenement rooms for which, in many cases, an excessive rent is collected.

This was the declaration of A. E. Wert, director of housing in the State health department, in his annual report. He stressed the continuance of the housing shortage.

During the year, the housing division issued 1,049 orders against improper housing conditions. The division inspected housing conditions in 183 Indiana cities and towns; received 529 complaints against improper housing; made 2,552 inspections; ordered twenty-nine apartments, thirty houses and ninety-two rooms vacated; ordered nine houses razed, and thirteen cleaned, and ordered trash and garbage removed from ninety-five dwellings.

INDIANA GAME ON AIR

Annual Football Battle With Purdue to Be Broadcast.

By Times Special

BLOOMINGTON, Ind., Nov. 6.—The Purdue-Indiana football game here and the pow-wow festivities in connection with the dedication of the new stadium will be broadcast by the new Sears-Roebuck station, WLS, the night of Nov. 20 and the following afternoon. Wave length is 845 meters.

A long distance leased wire from Bloomington direct to the Chicago sending station will be used.

There Are 50,000 MATTRESSES in Indianapolis that Are Unfit to Sleep On!

This is a broad statement to make, but we believe it to be true. Facts point to just such a condition. Stop and consider that your mattress has been next to your body one-third of the time for ten years or so.

The warmth of the body opens every pore of the skin. The radiation reaches to the very center of any mattress. It cannot be washed. It cannot be cleaned. Why take chances on dust and germs that have accumulated for years? Now is the time to take advantage of—
