

## LECTURE UPON HEALING GIVEN BY SCIENTIST

'Accusation Against God'  
Subject of Two  
Talks.

Frank Bell, C. S. B., of Philadelphia, Pa., lectured on "The Accusation Against God" in the Murat Theater Tuesday evening and at the Palace Theater at noon today under auspices of the First, Second, Third and Fourth Churches of Christ, Scientist, Indianapolis.

He said in part:

"The Christian Scientist combats disease on the basis that it is a manifestation of imperfection. It is an impudent assertion of the existence of a power apart from the omnipotent God."

### Christian Duty

The Christian Scientist apprehends that it is a part of his Christian duty to disprove the affirmations of disease, to add to the accumulation of evidence that sin, disease, and death are neither created, sent, sanctioned nor tolerated by God. It is because the Christian Scientist is awakening to the essential ungodliness of evil that he regards the healing of disease by spiritual means as a distinctly religious activity.

"When the people, at sight of the healings of Jesus, glorified God, it must have been because they caught the religious significance of what was taking place."

### Praying Commanded

Jesus distinctly commanded his disciples to go into all the world and to heal the sick, and they were to teach all men all things he had commanded them. Certain signs, he said, should follow them that he leaved, certifying to the genuineness of their discipleship. Among these signs he specifically named the healing of disease. Surely it is the business of religion to meet and master everything unlike God. Surely nothing could be more unlike God than disease.

"May not, then, the administration of drugs or material remedies be

worthy to be classified with Christian healing? As to motive perhaps sometimes, yes; as to method, no. Love that seeks to bless and to comfort may not be denied its measure of goodness. Christian scientists applaud every unselfish desire to relieve suffering.

"That which distinguishes truly Christian healing from drugs, hygiene or hypnotism is that Christian healing involves moral regeneration."

### CONSIDER LIME CRUSHER

By United Press  
CONNELLSVILLE, Ind., Nov. 11.—The farmers of this county are considering the purchase of a lime crushing machine to be used in the manufacture of fertilizer.

The county agent and representatives of farmers' organizations have been inspecting machines.

### COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified croesote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, croesote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to croesote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the croesote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, whooping cough and other respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold habit is not cured according to directions. Ask your druggist.

### CLERK'S DUTIES LESS

Newby Elected City Official Will Not  
Have Much to Do.

Clerk of the city council and keeper of city records will be the only activities as city clerk of William A. Boyce, Jr., elected to that office, it was revealed today.

The new municipal court law provides the clerk of the Circuit Court shall appoint deputies to serve as clerks of the four city courts. There are now five deputies in the city clerk's office, but four are busy with city court work.

Under the 1926 budget, Boyce may appoint no deputies, but is restricted to naming one stenographer at \$1,200 a year. The clerk's salary is \$3,000.
