SEASONING VEGETABLES

In seasoning vegetables use two teaspoonfuls of salt to one cup of water.

At Last—Something Effective for Wrinkles!

It has been conclusively demonstrated that a simple home-made tartrate paste applied to the face, will very quickly eliminate wrinkles, worry lines and age marks. You need only mix a spoonful each of powdered tartrate and lemon juice, spread this over your face, then sit down before your mirror and watch the unwelcome lines disappear. In less than fifteen minutes your face will be as smooth and firm as a young girl's! Baggage will also melt away—unfitted contour will be restored. It's simply wonderful how this harmless mixture works.

The result, after the mixture is washed off the face, is infinitely better than from the most skillful face massage. And the cost is trifling—less than three cents per treatment. Any druggist can supply powdered tartrate in original package. So there's no excuse now for any woman looking so old, haggard or careworn.—Advertisement.
