WOMAN'S SECRET OF BEAUTY

Beauty lies in the care a woman bestows upon herself and in keeping at bay those dread ailments peculiar to her sex, which drag her down and leave telltale traces upon her countenance. Sparkling eyes, the elastic step and a clear complexion never accompany organic troubles. Distressed expressions, a sallow complexion, dark circles under the eyes, lassitude, headaches and mental depression are the telltale symptoms of women's ailments. Women so troubled should not lose a day in taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, the most successful remedy known to overcome woman's ills and restore health and beauty.—Advertisement.
